Independent Auditor's Report

To the Administrative Committee of
WLR Management Company, Inc.
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of WLR Management Co., Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of WLR Management Co., Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of WLR Management Co., Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about WLR Management Co., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WLR Management Co., Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about WLR Management Co., Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WLR Management Company, Inc.
401(k) Profit Sharing Plan
Notes to the Financial Statements

(1) Description of plan

The following description of WLR Management Company, Inc. (the Sponsor) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan became effective January 1, 2005. It is a defined contribution retirement plan covering all employees of the Sponsor. An employee is eligible to become a contributing participant in the Plan after completing 60 days of service and is 18 years of age or older.

Participants are entitled to enter the Plan for 401(k) purposes upon completion of the age and service requirements with the official plan entry date being the first day of month on or after the date the eligibility requirements were met. The participant is automatically enrolled at a deferral percentage of 2% unless the employee elects not to participate or elects a different percentage.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions: Each year, participants may contribute a portion of their compensation to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations. For the year ended December 31, 2022, a participant may elect to defer a maximum of \$20,500 on a pre-tax basis. Additionally, individuals who attain age 50 by the end of the Plan year may make additional catch-up contributions of up to \$6,500 in 2022. Participants direct the investment of all amounts allocated to their separate accounts into various investment options offered by the Plan.

Each year, the Sponsor may make matching contributions based on the participant's elective deferral and years of service. Matching contributions are made for all active participants at any time during a payroll period. For the year ended December 31, 2022, the Sponsor made \$186,397 in matching contributions. The Sponsor suspended the employer matching contributions towards the end of March 2020 and reinstated it on January 1, 2021.

The Sponsor may also make a discretionary non-elective contribution to the Plan which also requires employment on the last day of the Plan year and satisfaction of the eligibility requirements. The profit sharing contribution will be allocated using an integrated formula. No discretionary non-elective contributions were made in 2022.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of directly assigned costs. Allocations are based on participant earnings as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WLR Management Company, Inc.
401(k) Profit Sharing Plan
Notes to the Financial Statements

(1) Description of plan (continued)

Vesting: Participants are immediately vested in their elective deferral and any rollover contributions, plus actual earnings thereon. Vesting in all other contributions is a portion of their accounts plus actual earnings thereon and is based on years of continuous service.

A participant is 100% vested after 6 years of credited service as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

Participants become automatically fully vested when they reach normal retirement age while employed, in the event the Plan is terminated, or terminate employment due to total disability or death.

Forfeitures: If a participant terminates employment with the Sponsor, they retain the right to any vested portion of their individual Plan balance. Any non-vested balance in the Plan will be forfeited and may be used to pay the Plan's administrative expenses or to reduce future Sponsor contributions to the Plan. Forfeitures totaling \$8,898 were used to offset Sponsor contributions during the year ended December 31, 2022. Forfeitures totaled \$13,882 and \$10,884 as of December 31, 2022 and 2021, respectively.

Notes receivable from participants: Participants may borrow from their vested accounts up to 50% of the balance not to exceed \$50,000, with a minimum loan of \$1,000 required. The loans are secured by the vested balance in the participant's account. Interest was charged at rates ranging from 5.25% to 9.00% during the year ended December 31, 2022. Principal and interest is paid ratably through payroll deductions. Loan terms may not exceed 5 years unless the loan is used for the purchase of a principal residence. Two loans may be granted during any one-year period and participants may not have more than 2 loans outstanding at a time.

Payment of benefits: On termination of service, death, disability, or retirement, a participant or beneficiary is eligible to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. If the vested account balance exceeds \$5,000, a participant may elect to leave their funds in the Plan, receive a lump sum payment, or roll over the funds to another qualified plan or IRA. If the vested account balance is between \$1,000 and \$5,000, a participant may receive a lump sum payment, or roll over the funds to another qualified plan or IRA.

WLR Management Company, Inc.
401(k) Profit Sharing Plan
Notes to the Financial Statements

(1) Description of plan (continued)

Payment of benefits (continued): If the participant does not instruct the Sponsor regarding distribution of the account, the Sponsor will roll the balance over to an IRA that is established for the participant. If the amount is less than \$1,000, a participant will receive a lump sum payment of their vested account balance.

A participant may also elect to receive an in-service distribution, which is generally available to a participant who has attained 59 ½ years of age.

When a participant reaches age 70½ and separates from service, required minimum distributions of the account balance will be paid to the participant each year.

Plan expenses: All reasonable Plan administration expenses including those involved in retaining necessary professional assistance, may be paid from the assets of the Plan. These expenses may be allocated among participants, or for participant specific expenses, directly to the participant's account.

(2) Summary of significant accounting policies

Basis of accounting: The accompanying financial statements are presented on the accrual basis of accounting using U.S. Generally Accepted Accounting Principles (GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments, except for the fully benefit-responsive investment contract, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion on fair value measurements.

The Plan's fully benefit-responsive investment contract is reported at contract value. See Note 6 for discussion on the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. No accrued interest or dividends existed as of December 31, 2022 and 2021. Gains or losses on the sale of investments are determined on weighted average cost which includes transaction expenses.

Participant contributions and employer matching contributions are recognized on the pay date to which they relate.

Notes to the Financial Statements

(2) Summary of significant accounting policies (continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan has not identified any uncollectible loans at December 31, 2022. Loans that become uncollectible are reported to the participant as a deemed distribution. Deemed distributions are generally taxed and may be subject to an additional 10% tax penalty if the participant is under age 59 ½.

Funding policy: Contributions are funded as accrued.

Administrative expenses: Investment management expenses, loan fees associated with notes receivable from participants and other administrative and recordkeeping fees may be paid for by the Plan. Administrative expenses of the Plan can also be paid by the Sponsor, as provided in the Plan document. Certain accounting and administrative functions of the Plan are performed by employees of the Sponsor at no cost to the Plan. Administrative expenses paid by the Plan totaled \$32,283 for the year ended December 31, 2022. Investment related expenses are included in net depreciation in fair value of investments.

Payment of benefits: Benefit payments to participants are recorded when paid.

(3) Information prepared and certified by the Plan's custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Principal Trust Company (collectively, Principal) has certified as to the completeness and accuracy of all investments reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the Schedule of Assets (Held at End of Year) as of December 31, 2022 and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian:

As of and for the year ended December 31, 2022:

Investments at contract value:

Fully benefit-responsive investment contract \$2,780

Investments at fair value:

Collective investment trusts \$2,193,129

Registered investment companies (mutual funds) \$127,262

Pooled separate accounts \$312,072

Loss from depreciation in fair value of investments (\$440,586)

Income from dividends and interest \$4,241

(3) Information prepared and certified by the Plan's custodian

As of December 31, 2021:

Investments at contract value:

Fully benefit-responsive investment contract \$308,456

Investments at fair value:

Collective investment trusts \$2,119,967

Registered investment companies (mutual funds) \$42,860

Pooled separate accounts \$188,039

(4) Risks and uncertainties

The Plan provides for various investment options which may include any combination of stocks, bonds, fixed income securities, mutual funds, common trust funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

(5) Fair value measurements

The Financial Accounting Standards Board's (FASB) *Accounting Standards Codification 820* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB *Accounting Standards Codification 820* are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

WLR Management Company, Inc.
401(k) Profit Sharing Plan
Notes to the Financial Statements

(5) Fair value measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies (mutual funds): The fair value is based on the quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Collective investment trusts and pooled separate accounts: The fair value is based on the net asset value (NAV) of participation units. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the NAV. Participant transactions (purchases and sales) may occur daily. The funds provide for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit. If the Plan initiates a full redemption, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments at December 31, 2022 and 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>NAV-based assets</u>	<u>Total</u>
Registered investment companies (mutual funds)	\$127,262	\$ -	\$ 127,262
Total investments in the fair value hierarchy	127,262	-	127,262
Collective investment trusts	-	2,193,129	2,193,129
Pooled separate accounts	-	312,072	312,072
Total investments measured at NAV (a)	-	2,505,201	2,505,201
Total investments at fair value	<u>\$127,262</u>	<u>\$ 2,505,201</u>	<u>\$ 2,632,463</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>NAV-based assets</u>	<u>Total</u>
Registered investment companies (mutual funds)	\$ 42,860	\$ -	\$ 42,860
Total investments in the fair value hierarchy	42,860	-	42,860
Collective investment trusts	-	2,119,967	2,119,967
Pooled separate accounts	-	188,039	188,039
Total investments measured at NAV (a)	-	2,308,006	2,308,006
Total investments at fair value	<u>\$ 42,860</u>	<u>\$ 2,308,006</u>	<u>\$ 2,350,866</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value presented in the Statements of Net Assets Available for Benefits.

(5) Fair value measurements (continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability to market date is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no significant transfers into or out of Levels 1, 2 or 3.

(6) Fully benefit-responsive guaranteed investment contract

In 2020, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal Trust Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issued is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021 was \$2,780 and \$308,456, respectively.

Notes to the Financial Statements

(6) Fully benefit-responsive guaranteed investment contract (continued)

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(7) Plan termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(8) Tax status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code. The Plan Sponsor has executed an adoption agreement for volume submitter plan and relies on the determination letter dated June 30, 2020.

Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has an uncertain tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan administrator has evaluated the Plan's tax positions and has concluded that there are no uncertain positions taken or expected to be taken that would require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2019.

(9) Related party and party-in-interest transactions

Plan investments were managed by Principal Life Insurance Company for the year ended December 31, 2022, the custodian as defined by the Plan. Due to this relationship, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and investment management services totaled \$32,283 for the year ended December 31, 2022.

(10) Prohibited transactions

For the year ended December 31, 2022, employee deferrals totaling \$218,039, which included loan repayments of \$10,198, were deposited late into the Plan by the Sponsor. For the year ended December 31, 2021, employee deferrals totaling \$140 were deposited late into the Plan by the Sponsor, of which \$111 were corrected during 2022. For the year ended December 31, 2020, employee deferrals totaling \$67,808, which included loan repayments of \$10,858, were deposited late into the Plan by the Sponsor, of which \$8,807 were corrected during 2020. The late remittance of employee deferrals constitutes a prohibited transaction in accordance with the Department of Labor's regulations. There are additional late deposits in the amount of \$11,921 from previous years that remained uncorrected as of December 31, 2022. The Sponsor identified this matter in its annual reporting on Form 5500 and presented this matter on Schedule H, line 4a and in the supplemental schedule to the financial statements for the year ended December 31, 2022. As of the date of this report, the Sponsor is in the process to determine the lost earnings on the remaining uncorrected \$288,990 of late contributions and intends to contribute the lost earnings as soon as administratively possible.

(11) Operational error

It was discovered that a Plan provision was not properly applied in the operation of the Plan. The definition of compensation for participant and employer contributions as per the plan document was not properly applied when calculating contribution amounts. The error occurred in how items were marked in the payroll system which improperly included referral and sign-on bonuses as eligible compensation. Plan management is conducting a full analysis to determine a corrective action plan. It is estimated that the correction is not significant and management does not believe that any funds are due to the Plan.

(13) Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2023, the date the financial statements were available to be issued. There were no subsequent events that required recording or disclosure in these financial statements.
