INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Aladdin Bakers, Inc. 401(k) Plan I

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Aladdin Bakers, Inc. 401(k) Plan I, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aladdin Bakers, Inc. 401(k) Plan I's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aladdin Bakers, Inc. 401(k) Plan I and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aladdin Bakers, Inc. 401(k) Plan I's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aladdin Bakers, Inc. 401(k) Plan I's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aladdin Bakers, Inc. 401(k) Plan I's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A - Description of Plan

Aladdin Bakers, Inc. (the Company) established the Aladdin Bakers, Inc. 401(k) Plan I (the Plan). The Plan was effective as of January 1, 2005. The following description of the Plan provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have one year of entry service (with 1,000 or more hours of service) and are age twenty-one and over. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

The Plan provides for employee elective salary deferral contributions under Section 401(k) of the Internal Revenue Code ("IRC"). Participants can defer compensation "pre-tax" to the Plan instead of being received currently, subject to the maximum annual limitation prescribed by the Internal Revenue Service ("IRS") ($20,500 for calendar year 2022). Additional "catch up" contributions of $6,500 for calendar year 2022 can also be made by participants age 50 or older.

Employer Contributions

The Company makes elective contributions to each eligible employee. The Company's contribution matches the employee contribution dollar-for-dollar, up to 3% of the employee's compensation, and $.50 cents on the dollar for the employee's contribution that exceeds 3% but no more than 5% of the employee's compensation. Company contributions for the year ended December 31, 2022 were $92,399.

The Company may make non-elective profit-sharing contributions to the Plan as decided on a year-by-year basis. There were no non-elective contributions made by the Company to the Plan for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of investment earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferral contributions and the Company's elective matching contribution, plus actual earnings thereon. Participants are also immediately vested in qualified nonelective contributions allocated to their accounts, if applicable, and rollover contributions. Vesting in the portion of their accounts attributable to Company profit sharing contributions, if any, is based on years of continuous service, with increments of 20% between the second and sixth years. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

Upon termination of service, a participant with vested balances over $1,000 must consent to any distribution of their account; upon consent the vested balance will be distributed in a lump sum. For vested balances of $1,000 or less, the vested balance is automatically paid in a single sum.

Notes Receivable from Participants

The minimum loan amount is $1,000 up to a maximum equal to the lesser of $50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions for each regular paycheck.

Risks and Uncertainties

The Plan provides for various investment contracts with any underlying combination of stock funds, bond funds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, including systemic market disruptions, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures. Actual results could differ from management's estimates and

assumptions due to risks and uncertainties, including uncertainty in the current economic environment due to COVID-19. The Plan has no contingent assets or liabilities for any periods presented in these financial statements.

Investment Valuation

Investments in pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements. Insurance company guaranteed interest accounts under group annuity contracts are stated at contract value. Contract value is the amount participants would receive if they were to initiate a transaction under the terms of the plan. Participant loans are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2022 and 2021 notes receivable from participants was $29,158 and $21,842, respectively.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2023 the date the financial statements were available to be issued. There were no events that required disclosure.

Note C - Certification

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by The

Lincoln National Life Insurance Company and was not subjected to any auditing procedures performed by the independent public accountants:

a. Total investments as shown in the accompanying statements of net assets available for benefits of $3,372,836 as of December 31, 2022, and $3,958,227 as of December 31, 2021.

b. Participant loans as shown in the accompanying statements of nets assets available for benefits of $29,158 as of December 31, 2022 and $21,842 as of December 31, 2021.

b. Net investment depreciation as shown in the accompanying statement of changes in net assets available for benefits of $429,995 for the year ended December 31, 2022.

c. Participant loan interest of $1,236, in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

d. All investment-related information in the accompanying supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022.

Note D - Investment Contracts with Insurance Company

During the plan year ended December 31, 2015, the Plan entered into a group annuity contract with The Lincoln National Life Insurance Company ("Lincoln"). Lincoln maintains contributions either in a separate pooled account or in the Guaranteed Account. Investments stated at fair value in pooled separate accounts was $3,372,836 and $3,958,227 as of December 31, 2022 and 2021, respectively.

Participant sub-accounts are self-directed and include their deferrals and any employer matching contributions. Each participant's account is credited with actual earnings on the underlying investments and is reduced by participant withdrawals, investment depreciation, and administrative expenses charged by The Lincoln National Life Insurance Company.

Investment options under pooled separate accounts allow for investment among over 30 different mutual funds sub-advised by various mutual fund managers. The contracts are evergreen contracts that remain in-force until they are terminated by either the Plan or Lincoln and have no specified maturity date. There are no known scheduled cash flows associated with these contracts.

The value of the plan's investment in the pooled separate accounts is reported at fair value using Net Asset Value as a practical expedient. The contract value is equal to the number of participation units owned under the pooled separate account times the unit value of the participation units. The net asset value is based on the value of the underlying asset owned by

the fund minus the fund's liabilities, divided by the number of participation units outstanding (See Note E – Fair Value).

Note E – Fair Value

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- ◊ Quoted prices for similar assets or liabilities in active markets;
- ◊ Quoted prices for identical or similar assets or liabilities in inactive markets;
- ◊ Inputs other than quoted prices that are observable for the asset or liability;
- ◊ Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Shares in pooled separate accounts are valued at the net asset value of the units held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Pooled separate accounts*	$ -	$ -	$ -	$3,372,836

During the Plan year ended December 31, 2022, the Plan's investments (including investments bought, sold and held during the year) depreciated by $429,995.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Pooled separate accounts*	$ -	$ -	$ -	$3,958,227

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$3,372,836	n/a	Daily	None

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled separate accounts	$3,958,227	n/a	Daily	None

Note F - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their account balances.

Note G - Tax Status

The Company adopted a non-standardized pre-approved profit sharing plan with CODA that received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by Federal or State taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H – Plan Amendments

Effective May 12, 2022, the Plan was amended and restated to include the provisions of the Setting Every Community up for Retirement Enhancement Act (SECURE Act), the Consolidated Appropriations Act of 2021 and the Coronavirus Aid, Relief and Economic Security Act (the CARES Act). The amendments include provisions that increase the required minimum distribution age from 72 to 73, allows for a distribution up to $5,000 for qualified birth or adoption of a child, long term-part time employee hours of service calculation in addition to other provisions as required by law.

Note I - Administrative Expenses

For the year ended December 31, 2022, record keeping fees, asset management fees and other fees were paid by the Plan in the amount of $22,541. Accounting fees were paid by the Company.

Note J – Parties In Interest

Certain plan investments are shares of separate pooled accounts managed by The Lincoln National Life Insurance Company. The Lincoln National Life Insurance Company is the custodian, as defined by the plan, and qualifies as a party in interest.
