INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Island Transportation Corp. Union Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Island Transportation Corp. Union Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule 1, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ISLAND TRANSPORTATION CORP. UNION PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION AND FUNDING

The following description of the Island Transportation Corp. Union Plan (the "Plan") for employees of Island Transportation Corporation (the "Company") is provided for general information purposes only. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan with salary reduction features and is commonly referred to as a 401(k) plan. It covers employees covered by a collective bargaining agreement with the International Union of Journeymen and Allied Trades, who have completed one consecutive year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

The Plan is in the process of operationally being amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions.

(b) Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred basis, up to the maximum allowed under the provisions of the Internal Revenue Code (IRC). Participants may contribute up to \$20,500 for the year ended December 31, 2022. Participants over the age of 50 are allowed an additional catch-up contribution of \$6,500 for the year ended December 31, 2022, which is the maximum allowed under the provisions of the IRC. Participants may designate some or all of their deferral contributions as a Roth deferral election. Participants contribute amounts based on an elected deferral percentage that is withdrawn from that participant's total salary. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Company may make a discretionary contribution to the Plan. The contribution is discretionary, with the amount being determined by the Company each year. There were discretionary contributions of \$141,552 for 2022.

(c) Participant Accounts

Each participant's account is self-directed and is credited with the participant's contribution, any rollover contribution, allocations of the Company's contribution, allocations of plan earnings, allocations of plan expenses and unrealized fair market value adjustments. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(continued)

ISLAND TRANSPORTATION CORP. UNION PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION AND FUNDING (Continued)

(d) Vesting

Participants are immediately vested in their contributions and rollover contributions, plus actual earnings thereon, as soon as an employee has completed a consecutive 12-month period of service. A participant becomes vested with respect to the Company's contribution based under a three-year cliff vesting schedule. Prior to the completion of three years vesting services, the employee vesting percentage is 0%, and 100% after completion of three years. The vesting schedule does not apply once employee reaches normal retirement age under the Plan. In addition, the employee is 100% vested if, during employment, the employee dies or terminates employment due to becoming disabled.

(e) Investment Options

The plan trustees determine and approve investment options set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various investment options offered by the Plan. The custodian of the Plan is John Hancock. The custodian invests monies according to participant directions.

(f) Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts may be allocated as additional employer contributions, or used to reduce future plan sponsor contributions or plan expenses.

(g) Loans

The Plan does not permit participants to borrow money from their vested account.

(h) Payment of Benefits

On termination of service due to death, disability, for other reasons, or retirement (normal retirement age of 62), a participant is eligible to receive a single lump-sum amount equal to the value of the participant's vested account balance or installments only for required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, either in cash, as a direct rollover, or a combination of both. The Plan permits for hardship withdrawals of participant vested account balances.

(i) Administrative Expenses

The Plan is administered by the Company. Administrative expenses are paid by the Plan as well as by the Company.

ISLAND TRANSPORTATION CORP. UNION PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America ("GAAP"). The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Investments, Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair values of investments are based on quoted market prices, where available. Fair value of the pooled separate account (PSA) is determined by a per unit value for the number of units held by the Plan at year-end, much like a mutual fund, whose value is the result of the accumulated values of the underlying investments. Purchases and sales of securities are reported on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 4 for a discussion of fair value measurements.

(c) Net Depreciation in Fair Value of Investments

The Plan presents, in the accompanying statement of changes in net assets available for benefits, the net depreciation in the fair value of its investments which consists of the realized gains or losses, dividends reinvested, and the unrealized appreciation or depreciation on those investments.

(d) Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires the Plan's management and trustee to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and the disclosure of contingencies, if any, at the date of the financial statements, and additions to and reductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(e) Payment of Benefits and Other Costs

Benefits are recorded when paid. Administrative expenses are primarily comprised of record keeping fees. These expenses are paid directly by the Plan or the Company. Other expenses related to the Plan are paid directly by the Company and are not reflected in the Plan's financial statements.

(f) Contributions

Employee contributions are recorded in the period the participant's salary is earned. The Company's contributions to the Plan, if any, are voluntary and discretionary.

(g) Subsequent Events

The Plan has evaluated subsequent events after December 31, 2022 through October 3, 2023, the date that the financial statements were available to be issued.

ISLAND TRANSPORTATION CORP. UNION PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - INFORMATION CERTIFIED BY JOHN HANCOCK INVESTMENT MANAGEMENT

The plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's custodian, John Hancock, has certified that the following data, included in the accompanying financial statements and supplementary information, is complete and accurate as of and for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Investments - fair value:		
Pooled separate accounts	\$ <u>2,599,211</u>	\$ <u>2,466,176</u>

For the years ended December 31, 2022, net depreciation in fair value of the Plan's investments in pooled separate accounts was \$(438,055).

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted market prices in an active market for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(continued)

ISLAND TRANSPORTATION CORP. UNION PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

- Pooled separate accounts (PSA) - Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the investments held by the PSA, less its liability. This practical expedient is not used when it is determined to be probable that the PSA will sell the investment for an amount different than the reported NAV.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2022				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Arrival
Pooled separate accounts	\$ 2,599,211	N/A	Daily	One Day
December 31, 2021				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Arrival
Pooled separate accounts	\$ 2,466,176	N/A	Daily	One Day

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA, at any time. Upon termination, the Company will discontinue its contributions, if any, and all amounts credited to participants' accounts will become 100% vested. Upon termination, the Plan will direct the distribution of the accounts in a manner permitted by the Plan as soon as practical.

ISLAND TRANSPORTATION CORP. UNION PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - INCOME TAX STATUS

The Plan adopted the Heritage Administrator Services LLC ("Heritage") volume submitter plan ("VSP"). The IRS has determined and informed Heritage, by a letter dated March 22, 2021, that the VSP was designed in accordance with applicable sections of the IRC. The plan administrator and the trustees believe that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RELATED PARTY TRANSACTIONS

Personnel and facilities of the Company have provided services to the Plan at no charge.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions are considered as party-in-interest transactions. The Plan paid administrative expenses of \$16,412 for the year ended December 31, 2022.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.
