WEBCO GROUP HOLDINGS, INC. ESOP/401(k) PLAN

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2022 AND 2021

INDEPENDENT AUDITORS' REPORT

To the Trustee and Participants of Webco Group Holdings, Inc. ESOP/401(k) Plan
Olathe, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Webco Group Holdings, Inc. ESOP/401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter

As discussed in Note 3, the financial statements include investments in Webco Group Holdings, Inc. common stock valued at \$35,291,127 (86% of total assets), whose fair value has been estimated based upon an independent appraisal in the absence of readily determinable fair values. Our disclaimer of opinion is not modified with respect to this matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our

audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WEBCO GROUP HOLDINGS, INC. ESOP/401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of Webco Group Holdings, Inc. ESOP/401(k) Plan (the “Plan”), provides only general information. Participants should refer to the plan agreement for a complete description of the Plan’s provisions.

General – The Plan was adopted effective January 1, 2004. The Plan is an Employee Stock Ownership Plan (“ESOP”), which provides retirement, death and disability benefits for all eligible employees of Webco Group Holdings, Inc. and its subsidiaries, Webco Manufacturing, Inc. (collectively, the “Company” or “Webco”). The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective March 28, 2022, Independence Custom Fabricators, Inc. d/b/a ICF Industries, Inc. became a participating employer only with respect to the 401(k) portion of the Plan.

The Plan is administered by a sole Trustee, who is an officer of the Company. The Trustee is responsible for the administration and management of the Plan. John Hancock Life Insurance Company (“John Hancock”) is the custodian and recordkeeper for the 401(k) portion of the Plan’s assets. FuturePlan is the Plan’s recordkeeper for the Plan’s ESOP portion.

The portion of the Plan consisting of accounts and assets attributable to contributions designated as “ESOP Contributions” operates as an Employee Stock Ownership Plan and Trust. The Company maintains a separate stock account for each participant and credits thereto the number of shares of employer stock allocated to the participant as a result of the employer’s contribution and forfeitures of terminated participants’ nonvested accounts as of the annual accounting date for each Plan year.

The Plan also allows eligible participants to elect to make 401(k) contributions to the Plan. The participants’ contributions are invested in pooled separate accounts based on the participants’ investment direction.

Eligibility – An employee is immediately eligible to make salary deferrals on the first day of any month. In order to receive an ESOP contribution, participants must have completed one year of service. Eligible employees become participants in the plan on the entry date coinciding with or next following meeting eligibility requirements. Plan entry dates are the first day of January and July. The Plan is not open to union employees or non-resident aliens.

Contributions – Eligible participants will be permitted to make salary deferral contributions in any amount, subject to Internal Revenue Code (“IRC”) limitations. Participants over age 50 are permitted to make catch-up contributions, as defined in the Plan.

The Company may make a discretionary ESOP contribution to eligible participants for each Plan year. The Company’s contributions are allocated based on the ratio of compensation for each participant to total compensation for all eligible participants. In general, to be eligible for a contribution, the participant must have worked 1,000 hours during the Plan year and be employed on the last day of the plan year. For the year ended December 31, 2022, the Company made contributions of \$1,127,029.

Allocations to Participants’ Accounts – Each participant’s 401(k) account is credited with the participant’s and the Company’s contributions, if any, and investments’ earnings, and is charged with the participant’s withdrawals and distributions, and Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Contributions and forfeitures are allocated to each participant's ESOP account in an amount that bears proportionally to the ratio of each participant's compensation to the total compensation of all participants eligible to receive a contribution. Participants are allocated a share of the Plan's income and expenses based upon the ratio that their individual account balance bears to the total of all participants' account balances. Such Plan income includes the increase/decrease in fair value of Plan investments and expenses paid from Plan assets.

Forfeitures – Amounts that are forfeited from the ESOP accounts of participants whose account balances are not fully vested are reallocated to eligible participants, as set forth in the Plan document. During the 2022 Plan year, \$157,274 was reallocated to participants. As of December 31, 2022 and 2021, there were no other forfeitures available in the Plan.

Payment of Benefits – Participants are eligible for benefit distribution upon retirement, termination of employment, or death. Distributions related to the 401(k) portion of the Plan may be made immediately upon termination in a lump sum payment. Vested balances less than \$5,000 are subject to automatic distribution. Balances between \$1,000 and \$5,000, will be automatically rolled over to an IRA account unless the participant elects another form of payment.

Distributions related to ESOP account balances may be made following the end of the Plan year in which the break in service occurs. When a participant's employment is terminated because of retirement, permanent disability, death or after attainment of 59 ½ and completion of 5 years of service, distribution of Plan benefits will commence during the Plan year following the Plan year in which the participant separated from service. Distribution of the participant's account balances in excess of \$50,000 will be made in substantially equal annual installments over a period of 5 years. Account balances in excess of \$1,000,000 are subject to additional years, as stated in the Plan document. Account balances less than \$50,000 will be distributed in a lump-sum payment.

When a participant's employment is terminated for reasons other than retirement, permanent disability, or death, commencement of distributions will be delayed until the fifth plan year following separation of employment. Distribution of the participant's account balances in excess of \$10,000 will be made in substantially equal annual installments over a period of 5 years, subject to the extent of available cash and order of priority, as defined by the Plan document, and will be transferred to the 401(k) portion of the Plan. Account balances in excess of \$1,000 but less than \$10,000 may be distributed as a lump-sum payment or a rollover to an IRA. Account balances less than \$1,000 will be automatically distributed in a lump-sum payment.

Vesting – Contributions made by participants are fully vested at all times. Effective January 1, 2022, the Plan was amended to change vesting for employees for Regular ESOP contributions and discretionary contributions, if any, who had less than 3 years of vesting service on January 1, 2022, and all future participants to a 6-year graded vesting schedule for all allocations made after January 1, 2022. The Regular ESOP contributions and discretionary contributions, if any, made prior to January 1, 2022, and their related income are 100% vested after five years of service.

Administrative Expenses – Administrative expenses are paid by the Plan or the Company, as defined in the Plan. During 2022, the Plan paid administrative expenses of \$34,111 for recordkeeping and custodial services.

Voting Rights – Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time such rights are to be exercised. The Trustee is permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of the Plan participants and beneficiaries.

Put Option – Under federal income tax regulations, the employer securities that are held by the Plan and its participants and that are not readily tradable on an established market, or that are subject to trading limitations, include a put option (liquidity put). The liquidity put is a right to demand that the Company buy shares of its stock held by the participant for which there is no market. The put price is representative of the fair market value of the stock as of the most recent valuation date. The terms of the payment for the purchase of such stock are set forth in the Plan document and may be either in a lump sum or in installments. The purpose of the liquidity put is to ensure that the participant has the ability to ultimately obtain cash. During 2022, the Company purchased 848,417 shares for \$750,398 under the put option, and these shares were transferred into the treasury stock of the Company.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into cash. Participants who are active employees and are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Notes Receivable from Participants – The Plan does not allow participants to initiate a loan. However, the Plan was amended effective January 1, 2022 to permit a loan from another Plan to be transferred into this Plan as part of the participant's account balance rollover. These loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions, based on the amortization schedule established in the Plan in which the loan originated.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. Upon such termination of the Plan, participants will become 100% vested in their accounts and the trustee shall pay and discharge all liabilities and expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Plan relies significantly on the use of estimates in determining the valuation of the Company's common stock, which is the primary Plan investment. The financial statements include Webco Group Holdings, Inc. common stock totaling \$35,291,127 and \$27,551,074 as of December 31, 2022 and 2021, respectively, whose value has been estimated with the assistance of an independent valuation specialist in the absence of readily ascertainable market value. Because of the inherent subjectivity in any valuation, the estimated value may differ significantly from the value that would have been used had a ready market for the securities existed, and the differences could be material.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Payment of Benefits – Benefit payments are recorded when paid.

Date of Management's Review – Subsequent events have been evaluated through October 13, 2023, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For the 2022 valuation, the valuation specialist elected to not use the Market Approach – *General Public Company Method*, as was used in the 2021 valuation.

Common Stock of Company. – The stock for 2022 was independently valued based on the Market Approach – *Merger and Acquisition Method*, and the Income Approach – *Discounted Future Returns Method*. These methods take into account historical and projected cash flows and net income, return on assets, return on equity, market comparables and estimated fair value of company assets and liabilities.

The stock for 2021 was independently valued based on the Market Approach – *General Public Company Method* and the Income Approach – *Discounted Future Returns Method*. These methods take into account historical and projected cash flows and net income, return on assets, return on equity, market comparables and estimated fair value of company assets and liabilities.

Pooled Separate Accounts – Valued at the net asset value ("NAV") provided by the administrator of the fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets (i.e., common stock, mutual funds, short term securities) owned by the fund, less its liabilities, and then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2022 and 2021:

	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Total
December 31, 2022:

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments.

The following table provides further details of Level 3 fair value measurements:

	Company Stock
Beginning Balance	\$ 27,551,074
Unrealized gains/(losses) relating to shares held at the reporting date	8,490,451
Shares redeemed (848.4147 shares)	<u>(750,398)</u>
Balance, end of year	<u>\$ 35,291,127</u>

The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	<u>\$ 8,490,451</u>
---	---------------------

The following table represents the quantitative information about significant unobservable inputs used in level 3 fair value measurements, including the valuation techniques used to measure the fair value, and the significant unobservable inputs.

		Income Approach <i>Discounted Future Returns Method</i>	- Earnings Stream - Discount Rate - Terminal Value - Sustainable Long-Term Growth Rate - Premium for Control - Discount for Lack of Marketability

The valuation process involves plan managements selection of an independent appraiser under contract with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from the reviewed financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves.

4. CONCENTRATION OF CREDIT RISK

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Financial instruments, which could potentially subject the Plan to significant concentrations of credit risk, consist primarily of the investment in common stock of Company. The investment in the common stock of the Company accounts for 86% and 76% of the total Plan assets at December 31, 2022 and 2021, respectively. The Plan owns 100% of the outstanding shares of Webco Group Holdings, Inc. The value of this investment is dependent on the future operations of the Company.

5. INFORMATION CERTIFIED BY A CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, a custodian of the Plan's assets, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

- Pooled separate accounts, at fair value
- Notes receivable from participants and related interest income
- Net depreciation in fair value of investments (excluding Company stock)
- Schedule of Assets (Held at End of Year) (excluding Company stock)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The pooled separate accounts are managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. The Plan has a number of service providers, and such providers are parties in interest under ERISA. Notes receivable to participants are party-in-interest transactions.

7. TAX STATUS

The Plan obtained a determination letter, dated December 11, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore no provision for income taxes is included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. SUBSEQUENT EVENTS

Effective July 1, 2023, the Plan was amended to allow Independence Custom Fabricators, Inc. d/b/a ICF Industries, Inc. to become a participating employer in the ESOP portion of the Plan.
