Employee Benefits Committee
Del Monte Fresh Produce Company Incentive Savings and Security Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Del Monte Fresh Produce Company Incentive Savings and Security Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of Del Monte Fresh Produce Company Incentive Savings and Security Plan (the Plan) provides only general information. Additional information about the Plan agreement and benefit provisions of the Plan are available from the Employee Benefits Committee (the Committee).

General

On December 5, 1989, Del Monte Fresh Produce Company (the Company) established the Plan. The Plan is a voluntary defined contribution plan established to provide opportunities for savings and profit sharing benefits covering eligible employees of the Company. Employees are eligible to participate in the Plan on the first day of the payroll period coinciding with or next following the completion of one hour of service effective January 1, 2015. Employees must be at least 21 years of age to be eligible to participate in the Plan. The Plan is a single employer plan. Employees can opt out or adjust their deferral rate via Bank of America's website at any time, subject to contribution limitations imposed by the Internal Revenue Code (the Code) which cannot be exceeded for each payroll cycle. The Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute, through payroll deductions, from 1% to 25% of their eligible compensation, subject to the limitations imposed by Section 402(g) of the Code. The Code limited pre-tax elective contributions for the Plan year ended December 31, 2022 is \$20,500. Plan participants may also elect to make voluntary after-tax contributions to the Plan from 1% to 6% of their eligible compensation also subject to the Code limitations. Additionally, the Plan allows participants to allocate deferrals as Roth deferrals. Roth deferrals are includible in the Participant's gross income at the time deferred and have been irrevocably designated as Roth Elective Deferrals. Roth deferrals are subject to the same limitations as pre-tax and post-tax contributions.

The Plan permits catch-up contributions for participants who have attained age 50 prior to the close of the calendar year. The catch-up contributions may be deferred regardless of any other limitations to amounts deferred. The maximum catch-up contribution for the Plan year ended December 31, 2022 is \$6,500.

1. Description of the Plan (continued)

The Company may make a matching contribution with each applicable payroll equal to 50% of the participant's salary deferrals up to 6% of eligible employee compensation. Effective January 1, 2022, the Plan was amended such that 1) all participants are eligible for Company matching contributions beginning on the first day of enrollment in the Plan, with vesting of those Company matching contributions occurring after two years of service and 2) eligible newly hired employees will be automatically enrolled in the Plan at a 3% contribution rate, with the option to unenroll or increase contributions annually by 1% (up to a maximum of 6%). For the Plan year ended December 31, 2021, participants began receiving Company matching contributions after one year of employment. Catch-up contributions are not matched. The Company may discontinue matching contributions, at any time via a Plan amendment.

The Company, in its sole discretion, will determine annually if it will make a profit-sharing contribution or a non-elective contribution on behalf of the Plan participants. No profit sharing contributions were made for the year ended December 31, 2022.

Participant Accounts

Each participant's share of the net assets of the Plan is segregated into an individual account on their behalf. Company contributions are allocated to participant accounts based on the participant's investment direction. Investment income or loss is allocated daily at the same ratio as the participant's account bears to all accounts.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant becomes fully vested in Company contributions upon the completion of two years of service with the Company, or the attainment of age 65, retirement, disability, death or termination of the Plan. Participant elective contributions transferred from prior plans will always be 100% vested.

Forfeitures

The non-vested portion of a terminated participant's account is deposited into a forfeiture account and used to reduce future Company matching contributions. At December 31, 2022 and 2021, the amount in the forfeiture account was \$8,755 and \$24,671, respectively. The Plan utilized \$76,728 of forfeitures to offset matching Company contributions in 2022.

1. Description of the Plan (continued)

Notes Receivable from Participants

The Plan affords the participants the ability to borrow from their accounts and may have up to two loans outstanding at any given time. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of 50% of your vested account balance minus any current outstanding loan or \$50,000 minus your highest outstanding loan balance (total account) over the last 12-month period. General Purpose loans may be repaid over a 5-year period (60 months) and Residential loans may be repaid over a 15-year period (180 months). The loan is repaid to the account in equal payments over the course of the loan (including interest) via payroll deduction. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate Plus 1% as of the close of the quarter prior to loan issuance.

Payment of Benefits

Upon termination of service due to separation, death, disability or retirement, a participant or his/her named beneficiary can take a lump-sum distribution of the vested account balance.

Plan Termination

The Company may, at any time, discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting.

The Plan Administrator has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

Valuation of Investments and Income Recognition

In accordance with the Accounting Standards Codification (ASC) on Fair Value Measurements and Disclosures, assets and liabilities measured at fair value are categorized into a fair value hierarchy discussed in Note 4. The Plan's Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company.

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash

The Plan maintains its cash in bank deposit accounts which, at times, may exceed federally insurance limits. The Plan has not experienced any losses in such accounts.

Notes Receivable from Participants

Participant loans are valued at their outstanding principal balances plus accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Contributions and Excess Participant Contributions

All participant and employer contributions are participant directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Legal, accounting and certain administrative expenses are paid by the Company on behalf of the Plan. Other administrative expenses are paid by the Plan. Loan origination fees are charged to the borrower/participant.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

3. Information Certified or Provided by the Trustee

All investments and notes receivable from participants information disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year), including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained and agreed to or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Bank of America, N.A., the Trustee of the Plan. Accordingly, as permitted by 29 CFR 2520 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule of assets (held at end of year) related to the assets which were certified by the Trustee.

Bank of America, N.A. has certified to the completeness and accuracy of \$73,197,038 and \$95,753,050 in investments and \$1,772,438 and \$1,851,244 in notes receivable from participants for the years ended December 31, 2022 and 2021, respectively. Bank of America, N.A. also certified to the completeness and accuracy of \$(21,311,769) of net depreciation in fair value of investments, \$3,115,320 of interest and dividends and \$87,568 of interest income on notes receivable related to the aforementioned plan assets for the year ended December 31, 2022.

4. Fair Value Measurements

The ASC on Fair Value Measurements and Disclosures defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The ASC includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the ASC are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Del Monte Fresh Produce Company Incentive Savings and Security Plan

Notes to Financial Statements

4. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity), Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Registered Investment Companies (Mutual Funds)

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Del Monte Fresh Produce Company Incentive Savings and Security Plan

Notes to Financial Statements

4. Fair Value Measurements (continued)

Common/Collective Trust Fund

Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investments companies (mutual funds)	\$ 66,201,343	\$ -	\$ -	\$ 66,201,343

Investments measured at NAV ⁽¹⁾				7,305,075
Investments at fair value				<u>\$ 95,753,050</u>

The following table sets forth a summary of the Plan's investments for which fair value is estimated using the NAV per share as of December 31, 2022 and 2021:

Fair Value Estimated Using Net Asset Value						
	December 31, 2022	December 31, 2021	Unfunded Commitment	Redemption Frequency	Redemption Restrictions	Redemption Notice Period
Common collective trust fund:						
BOA Federated Hermes CPTL PRSV IP (a)	\$ 6,995,695	\$ 7,305,075	\$ -	daily	none	none

(a) The Federated Hermes Capital Preservation Fund invests primarily in stable value products, including traditional GICs, synthetic GICs, and collective investment funds. Serves as a conservative investment option for qualified retirement plan investors.

Notes to Financial Statements

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Tax Status

The Plan has adopted a non-standardized form of a pre-approved plan sponsored by Merrill Lynch, Pierce, Fenner & Smith Inc. The pre-approved plan has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party-in-Interest Transactions

Merrill Lynch, Pierce, Fenner & Smith Inc. is the recordkeeper of the Plan, therefore, transactions with the recordkeeper qualify as party-in-interest transactions. Fees paid by the Plan to the recordkeeper totaled \$163,618 for the year ended December 31, 2022.

8. Nonexempt Transaction

During 2022, 2021 and 2020, the Company failed to deposit \$9,345, \$1,432,620 and \$1,711,353, respectively, of participant deferrals within the required timeframe as stated by the DOL regulations. The Company has reimbursed the Plan for lost interest for 2020 and 2021 and will reimburse the Plan for lost interest for 2022 in 2023. The Company intends to file Form 5330 and intends to pay the applicable excise tax. The excise tax payments will be made from the Company's assets and not from assets of the Plan.
