REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Trustees
Piedmont Plastics 401(k) Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit of the 2022 financial statements

We have performed an audit of the financial statements of Piedmont Plastics 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2022 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of matter – Basis of accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of management for the 2022 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2022 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2022 supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) - modified cash basis for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2022 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional

procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2022 supplemental schedule, we evaluated whether the 2022 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2022 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2021 (modified cash basis) were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated June 20, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements and supplemental schedules, (b) the 2021 financial statements were prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America, but their disclaimer of opinion was not modified with respect to this matter, and (c) the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Piedmont Plastics 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Piedmont Plastics 401(k) Profit Sharing Plan (the "Plan") provides only general information. More complete information regarding the Plan provisions may be found in the Plan document.

General

The Plan is a defined contribution plan that was established by Piedmont Plastics, Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(K) of the IRC, a qualified employer matching contribution arrangement as described in Section 401(m) of the IRC, and a profit sharing plan for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

The Plan was restated effective October 22, 2021. On July 22, 2022, the Plan was amended to implement the provisions of the Coronavirus Aid, Relief, and Economic Security Act "CARES Act" effective March 27, 2020. Also on July 22, 2022, the Plan was amended to implement the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") and other law changes effective January 1, 2020.

Eligibility

The Plan is available to substantially all full-time employees who have 60 days of service for employee deferral and one year of service for employer discretionary profit sharing and deferral match. Employees are eligible to participate in the Plan coinciding with the first day of the month following the date eligibility requirements are met.

Contributions

Participants of the Plan may contribute up to 100% of annual compensation as defined by the Plan, limited by requirements of the IRC (\$20,500 for 2022). In addition to pre-tax deferrals, participants are allowed to make Roth 401(k) deferrals to the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC for 2022 (\$6,500 for 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and increasing 1% per year up to a maximum of 10% of compensation. Upon enrollment contributions are automatically invested in a managed portfolio fund until changed by the participant. The Company may make a matching contribution to each eligible participant based on the participant's total contributions to the Plan. The Company elected to contribute a matching contribution equal to 50% of employee deferrals up to 6% of compensation for the year ended December 31, 2022. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. The Company made no additional profit sharing contribution for the year ended December 31, 2022.

Participants of the Plan may direct their contributions and any related earnings into a number of available investment options that vary in degree of risk and investment objective.

Participant Accounts

Each participant's account is credited with (a) participant contributions, (b) the Company matching contribution, (c) allocations of the Company's contributions, (d) allocations of Plan earnings (losses) and is charged with (e) withdrawals and (f) an allocation of administrative expense, if any. Allocations are based on a participant's compensation or account balances, as defined.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants of the Plan are immediately and fully vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance, or annual installments over a ten year period. In addition, participants may elect in-service withdrawals of their account balances after reaching age 59½. Hardship withdrawals are permitted.

Minimum required distributions for participants who have reached age 72 also apply per IRC regulations.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled to \$15,699 and \$10,469, respectively. These accounts will be used to reduce future employer contributions. Also, in 2022 employer contribution were reduced by \$11,842 from forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow up to a maximum of \$25,000 for a general purpose loan, or \$50,000 for a principal residence loan. If a participant has an outstanding loan through another qualified plan maintained by the same employer, the participant is responsible for ensuring that the aggregated loan amount is the lesser of \$25,000 or 50% of the vested account balance. The minimum notes receivable amount is \$2,500. The notes receivable are secured by the balance in the participant's account and bear interest at 4.25% to 8.00%, which are commensurate with 1% over the Prime Rate published by the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest must be made by payroll deduction. No borrower may have more than one note receivable outstanding at any time, unless the funds are used for the purchase of a residence, and the repayment period generally cannot exceed five years.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expense and charged directly to the participant's account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the matching contribution, if any.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. The modified cash basis of accounting is an acceptable alternative method of reporting under the regulations issued by the Department of Labor. That basis differs from generally accepted accounting principles because the Plan has not recognized contributions receivable from the employer or participants, accrued interest income on participants' notes receivables, and the related effect on the change in net assets.

Use of Estimates

The preparation of the financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities as well as estimates and assumptions, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the accompanying financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Footnote 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the modified cash basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make note receivable repayments and the plan administrator considers the participant note receivable to be in default, the note receivable balance is reduced, and the delinquent participant note receivable is

recorded as a deemed distribution on the statement of changes in net assets available for benefits - modified cash basis based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - RELATED PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by Empower Trust Company, LLC. Empower Trust Company, LLC is the Plan trustee and holds cash or manages mutual funds for the Plan and therefore qualifies as a party-in-interest. Fees paid by the Plan for the management services amounted to \$140,521 for the year ended December 31, 2022. Notes receivable from participants also qualify as party-in interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting Disclosures under ERISA. Accordingly, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statement of net assets available for benefits - modified cash basis as of December 31, 2022 and 2021;
- Investment (loss) income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2022; and
- Schedule H, line 4(i) - schedule of assets (held at end of year) - modified cash basis as of December 31, 2022.

NOTE 6 - TAX STATUS

The Plan is a non-standardized pre-approved profit sharing plan ("Pre-Approved Plan") sponsored by Empower Retirement LLC and adopted by the Company. The Pre-Approved Plan obtained its latest opinion letter on November 14, 2022, in which the Internal Revenue Service ("IRS") stated that the Pre-Approved Plan, as then designed, was in accordance with the applicable requirements of the IRC. The Plan administrator believes the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 - SUBSEQUENT EVENTS

Effective January 1, 2023 the Plan was amended to include (1) match and non-match eligibility mirror the elective deferral eligibility, (2) to increase the automatic deferral percentage maximum from 10% to 15%, and (3) to add in an in-plan Roth conversion feature. This subsequent event did not affect on the financial statements as of and for the year ended December 31, 2022.

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued and has determined that there were no subsequent events, other than the amendment noted above, that have occurred through the date of the report to recognize or disclose in these financial statements.
