Independent Auditors' Report

To the Plan Administrator of
Pueblo Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Pueblo Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Page 2

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pueblo Inc. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of Plan

The following brief description of Pueblo Inc. Retirement Plan, (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete information of the Plan's provisions.

(a) General

The Plan is a defined contribution plan adopted effective January 1, 2021. It covers all full-time employees of Pueblo Inc. (the Company, Sponsor or Employer) who have at least one (1) year of service and worked at least 1,000 hours during that 12 months period, and are twenty-one (21) years of age or older and resident of Puerto Rico. The Plan adopted the Banco Popular Master Plan Defined Contribution Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Sections 1081.01(a) and (d) of the Puerto Rico Internal Revenue Code of 2011, as amended (the PRIRC or the Code).

(b) Contributions

Each year participants may contribute an amount not to exceed the maximum deferral amount specified by the Puerto Rico tax law. Annual deferral limit under the PRIRC is \$15,000 for the tax years ended December 31, 2022 and 2021. The Sponsor may make a discretionary matching contribution and shall be contributed to the Plan with each payroll. During the years ended December 31, 2022 and 2021, the Sponsor contributed fifty cents (\$0.50) of every dollar of the participants' contributions up to 4% of the first \$20,000 of the participants' compensation.

Participants who are age 50 or older at the end of a calendar year may make additional pre-tax contributions (catch-up contributions) of up to \$1,500 per calendar year.

The Sponsor will make no employer additional contributions.

(c) Participant Accounts

Each participant account is credited with the participant's contribution and credited/charged with the allocations of (a) the Company's contribution and (b) Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are made in proportion to the participant's investment in each fund. Participants are entitled to the benefit that can be provided from their vested account.

Pueblo Inc. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

(d) Vesting

Participants are 100 percent vested in their contributions and rollover contributions, plus actual earnings thereon. The percentage of vesting for Sponsor's contributions is based on the participant's years of service, in accordance with Plan's provisions. The vesting percentages on Sponsor's contributions for the respective years of service are based on the following table:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
At least 1	20%
At least 2	40%
At least 3	60%
At least 4	80%
At least 5	100%

(e) Payment of Benefits

Participants are entitled to withdraw the total value of their accounts at the time of retirement, termination of employment, disability or death. Upon termination of employment, the Participants or their authorized representative must request from the Employer that their benefits be distributed. The normal form of benefit under the Plan is a lump sum distribution. However, the Plan Sponsor may elect periodical payments as an optional form of benefit. Periodical payments include (monthly, quarterly, semiannual or annual installments of substantially equal amounts over a period of years certain not to exceed 10). Normal retirement age is 65 years.

(f) Forfeited Accounts

This account is used to pay Plan expenses, to reduce employer matching contributions, or within the employer discretion, distribute such amounts among the remaining participants in the proportion of participants compensation during such Plan's year or in the proportion that a Participant's account balance bears to the total Plan assets to the extent such method is non-discriminatory under applicable law. Any of the options above to be determined on an annual basis by the Employer.

At December 31, 2022 and 2021, forfeited non-vested accounts were approximately \$3,726 and \$1,696, respectively. Forfeitures used to pay administrative expenses during the years 2022 and 2021 amounted \$2,451 and \$0, respectively.

(g) Hardship Withdrawals

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include un-reimbursed medical expenses, the purchase of a principal residence, the payment of postsecondary education tuition, to prevent eviction from or foreclosure on a principal residence, funeral expenses or any other cause that, in the administration determination, has produced an immediate financial need.

Notes to Financial Statements

December 31, 2022 and 2021

(h) Rollovers Contributions

Rollovers contributions to the Plan consist of monies received by a Participant from another plan qualified under the Puerto Rico Internal Revenue Code.

(i) Administrative Expenses

The Plan's expenses are paid either by the Plan or the Sponsor, as provided by the plan document. Expenses that are paid directly by the Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits. During years ended December 31, 2022 and 2021, the Sponsor reimbursed to the Plan \$24,419 and \$17,255 for administrative fees charged to the Plan, respectively.

(j) Investments Options

Participants may direct their contributions to various mutual funds offered as investment options as described in Note 3.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 5 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned, on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Contributions

Employee contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. The Company's contributions are recorded in the same period.

Pueblo Inc. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

(e) Risks and Uncertainties

The Plan invests in mutual funds, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these instruments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

(f) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Investment Options

Participants may direct their contributions to any of the funds offered as investment options. The account is credited with earnings on the underlying investments and charged for participant withdrawals and investment management expenses. Fair value represents contributions made, plus earnings (including realized and unrealized gains/(losses) on the underlying funds), less participant withdrawals and investment management expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value.

(4) Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Banco Popular de Puerto Rico, the trustee of the Plan, as of December 31, 2022 and 2021.

	2022	2021
Investments, at fair value:		
Mutual funds	\$ 1,443,552	873,168
Money market fund	18,514	3,597

	<u>\$ 1,480,729</u>	<u>877,561</u>

(5) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These securities are classified as Level 1.

Interest Bearing Deposits: The carrying amounts of interest-bearing deposits are reasonable estimates of the fair value due to their short-term maturity. These interest-bearing deposits are available upon demand, hence, classified as Level 1.

Pueblo Inc. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Equity funds	\$ 1,441,151	—	—	1,441,151
Fixed income funds	2,401	—	—	2,401
Total mutual funds	1,443,552	—	—	1,443,552
Money market fund	18,514	—	—	18,514
Interest bearing deposits	18,663	—	—	18,663
Investments at fair value	\$ 1,480,729	—	—	1,480,729

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Equity funds	\$ 871,260	—	—	871,260
Fixed income funds	1,908	—	—	1,908
Total mutual funds	873,168	—	—	873,168
Money market fund	3,597	—	—	3,597
Interest bearing deposits	796	—	—	796
Investments at fair value	\$ 877,561	—	—	877,561

(6) Interest Bearing Deposits

At December 31, 2022 and 2021 consists of amounts deposited in a savings account with the trustee of the Plan. This account bears interest at 4.374% and 1.127% at December 31, 2022 and 2021, respectively. This deposit did not exceed the federally insured limit of \$250,000 at December 31, 2022 and 2021. The carrying amounts of interest-bearing deposit are reasonable estimates of the fair value due to their short-term maturity. At December 31, 2022 and 2021, the balance of interest-bearing deposit amounted to \$18,664 and \$796, respectively.

Pueblo Inc. Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

(7) Excess Contribution Payable

Contributions received from participants in 2022 and 2021 are net of an adjustment of \$10,111 and \$14,274, respectively, made in 2022 and 2021 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's Statements of Net Assets Available for Benefits as excess contributions payable at December 31, 2022 and 2021, respectively.

(8) Nonexempt Prohibited Transactions

In accordance with the Department of Labor's Regulation 2510.3-102, an employer is required to remit amounts paid by a participant or beneficiary to an employer for contribution to an employee benefit plan or repayment of a participant loan to the Plan as soon as they can reasonably segregated from the employer's general assets, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. The Plan Sponsor complies with the timely remittance regulation.

(9) Plan Termination

Although the Sponsor has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, reduction, or suspension, no further contributions are required from the Sponsor and the accounts of all participants will become fully vested and nonforfeitable.

(10) Tax Status

The Puerto Rico Treasury Department (PRTD) has determined and informed the Sponsor by letter dated May 26, 2021, that the Plan and related trust are designed in accordance with applicable sections of the PRIRC and therefore, exempt for income taxes. The Plan's Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(11) Party-in-Interest Transactions

The Plan has a bank deposit open account managed by Banco Popular de Puerto Rico (BPPR). BPPR is the trustee as defined by the Plan and, therefore, this transaction qualifies as party-in-interest transaction.

(12) Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023, the date at which the financial statements were available to be issued.
