Independent Auditor's Report

Trustee and Plan Administrator
Steve Serra Auto Group 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Steve Serra Auto Group 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Steve Serra Auto Group 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Steve Serra Auto Group 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Steve Serra Auto Group 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Independent Auditor's Report (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Steve Serra Auto Group 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Steve Serra Auto Group 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Form 5500, Schedule H, Part IV, Line 4a - Schedule of delinquent participant contributions for the year ended December 31, 2022 and (2) Form 5500, Schedule H, Part IV, Line 4i - Schedule of assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Independent Auditor's Report (continued)

Supplemental Schedules Required by ERISA (continued)

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STEVE SERRA AUTO GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

A. DESCRIPTION OF THE PLAN

The following description of the Steve Serra Auto Group 401(K) Plan (“Plan”), as amended and restated January 1, 2022, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. General – The Plan Sponsor, Jackmax Automotive, Inc., established the Plan effective as of September 1, 2013. Certain affiliates of the Plan Sponsor have also adopted the Plan. The Plan Sponsor and its affiliates are referred to hereinafter as the “Company” or “Plan Administrator”. The Plan is a defined contribution plan covering all employees who have attained 90 days of service and are 21 years of age or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for the oversight of the Plan. The Trustee also determines the appropriateness of the Plan’s investment offerings and monitors investment performance.
2. Contributions – Each year, participants may contribute a minimum of 2% up to 100% percent of pretax and after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds held in pooled separate accounts and fully benefit-responsive guaranteed investment contracts as investment options for participants. The Company may make a discretionary matching contribution each year to each participant based on his or her elective deferrals in a percentage set by the Company. For the year ended December 31, 2022, the Company contributed 50% of elective deferrals up to 6% of base compensation. Employer contributions, including other corrective contributions, totaled \$578,117 for the year ended December 31, 2022. Contributions are subject to certain statutory limitations.
3. Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution and (b) Plan earnings or losses and charged with an allocation of any administration expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
4. Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

A. DESCRIPTION OF THE PLAN (continued)

5. Forfeited Accounts – At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$69,244 and \$26,220, respectively. Forfeitures may first be used to (1) reinstate previously forfeited balances of participants, if any, (2) satisfy any contribution that may be required pursuant to exclusion of eligibility, (3) pay administrative expenses and, (4) reduce the Company's contribution for the Plan year. For the year ended December 31, 2022, forfeitures from nonvested accounts totaled \$42,633. For the year ended December 31, 2022, no forfeitures were used to reduce Company contributions.
6. Payment of Benefits – The following are the plan provisions with respect to the payment of benefits:
 - Upon termination of service before death, disability or retirement, the participant may elect to have his/her balance distributed as soon as administratively feasible following termination. However, if the value of the participant's vested account balance does not exceed \$5,000, then a distribution will be made regardless of consent to receive it and will be paid in a lump-sum payment. If the vested account balance exceeds \$5,000, the participant may elect to receive his/her distribution in a lump-sum payment, installments over a period of not more than assumed life expectancy, or partial withdrawals of at least \$100.
 - Upon termination of employment at normal retirement age, the participant will become 100% vested in all of his/her accounts under the Plan and the distribution will be made, at the participant's election, as soon as administratively feasible. If the participant remains employed past the normal retirement age, he/she may defer the receipt of benefits until he/she terminates employment but not later than age 72. However, if the value of the participant's vested account balance does not exceed \$5,000, then a distribution will be made regardless of consent to receive it and will be paid in a lump-sum payment. If the vested account balance exceeds \$5,000, the participant may elect to receive his/her distribution in a lump-sum payment, installments over a period of not more than assumed life expectancy, or partial withdrawals of at least \$100.
 - Upon termination due to disability, the participant will become 100% vested in all of his/her accounts. Payments will be paid as if the participant had retired. However, if the value of the participant's vested account balance does not exceed \$5,000, then a distribution will be made regardless of consent to receive it and will be paid in a lump-sum payment. If the vested account balance exceeds \$5,000, the participant may elect to receive his/her distribution in a lump-sum payment, installments over a period of not more than assumed life expectancy, or partial withdrawals of at least \$100.
 - Distributions after the death of a participant will be paid to the participant's spouse or beneficiary. However, if the value of the participant's vested account balance does not exceed \$5,000, then a distribution will be made regardless of consent to receive it and will be paid in a lump-sum payment. If the vested account balance exceeds \$5,000, the participant's beneficiary may elect to receive his/her distribution in a lump-sum payment, installments over a period of not more than assumed life expectancy, or partial withdrawals of at least \$100.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

A. DESCRIPTION OF THE PLAN (continued)

6. Payment of benefits (continued) –

- Withdrawals from the Plan are permitted due to financial hardship in accordance with provisions specified in the Plan document.

7. Investment Options – Participants direct contributions, including employer cash matching and non-matching contributions, into any of the investment options offered by VOYA Retirement Insurance and Annuity Company, (“VOYA”), the Plan custodian. Participants may change their investment options at any time.

8. During the year ended December 31, 2022, the following amendments were made to the Plan:

- During the year ended December 31, 2022, the Plan was formally amended to adopt regulatory changes as set forth in the Bipartisan Budget Act of 2018. Effective January 1, 2020, participant contributions will no longer be suspended for six months following a hardship distribution.
- During the year ended December 31, 2022, the Plan was formally amended to adopt regulatory changes set forth in the Further Consolidated Appropriations Act of 2020, including the SECURE Act provisions, the Coronavirus, Aid, Relief and Economic Security Act, and the Consolidated Appropriations Act of 2021 under which the Plan was operating effective January 1, 2020.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are prepared on the accrual method of accounting.

Management estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition:

All Plan investments as of December 31, 2022 and 2021 were held by VOYA, the Plan custodian. Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustee determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodian. See Note D for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued):

The Plan offers a choice of various mutual funds via pooled separate accounts including (i) money market and bond funds which invest primarily in securities issued or guaranteed by the United States Treasury and certain United States Government agencies and municipalities that provide income that is generally not subject to state income tax, (ii) fixed-income funds which invest in a diversified group of high-quality, fixed income investments, and (iii) equity funds which invest in common stocks and consist of several individual investment options for various levels of risk tolerance. Investments in pooled separate accounts are recorded at the fair value of the underlying investments. Additionally, the Plan offers a guaranteed interest account, which is a fully benefit-responsive investment contract. Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Fees related to the administration of payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation of fair value of investments.

C. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments and interest for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by VOYA (the custodian of the Plan). The information certified includes total investments at \$8,698,207 and \$8,944,025 at December 31, 2022 and 2021, respectively, and related investment losses at \$1,576,877 for the year ended December 31, 2022.

D. FAIR VALUE MEASUREMENTS (continued)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets; (iii) inputs other than quoted prices that are observable for the asset or liability; (iv) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable input and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts are valued, as a practical expedient, at the net asset value ("NAV") of units held by the Plan at year end. The NAV of these accounts is based on the market value of its underlying mutual funds. The NAV is not a publicly-quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

D. FAIR VALUE MEASUREMENTS (continued)

Assets at Fair Value as of December 31, 2022				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Total investments in fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV: Pooled separate accounts *				<u>7,953,868</u>
Total investments at fair value				<u>\$ 7,953,868</u>

Assets at Fair Value as of December 31, 2021				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Total investments in fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV: Pooled separate accounts *				<u>8,370,277</u>
Total investments at fair value				<u>\$ 8,370,277</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line items presented in the statements of net assets available for benefits.

D. FAIR VALUE MEASUREMENTS (continued)**Fair value of investments in entities that use NAV**

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021, respectively.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 7,953,868	n/a	Daily	Daily
<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 8,370,277	n/a	Daily	Daily

E. GUARANTEED INTEREST RATE – FIXED ACCOUNT CONTRACT

As of December 31, 2022 and 2021, the Plan maintained one fully benefit-responsive guaranteed interest rate - fixed account contract (“GIRFAC”) related investment option, the VOYA Fixed Account issued by VOYA. VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIRFAC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate to participants for the contract as of December 31, 2022 and 2021 was 1.00%. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a yearly basis for resetting. The GIRFAC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The contract value of the GIRFAC was \$744,339 and \$573,748 at December 31, 2022 and 2021, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as report to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

E. GUARANTEED INTEREST RATE – FIXED ACCOUNT CONTRACT (continued)

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (complete or partial Plan termination or merger with another plan), (2) violation of the Plan's prohibited competing investment options or deletion of equity wash provisions, (3) or bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) withdrawals in a contract year that total more than 20% of the current value of all Plan accounts, and (6) premature termination of the contract. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer has the option to payout 100% of the current value of the contract after completion of five contract years.

F. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, held in pooled separate accounts, managed by VOYA Retirement Insurance and Annuity Company. VOYA Retirement Insurance and Annuity Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. For the year ended December 31, 2022, the Plan made a direct payment to the third party administrator of \$17,147, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations. Certain Company officers, including the Plan's trustee, are eligible participants who have made elective deferrals to the Plan. Therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited rules under ERISA.

G. CONCENTRATION OF INDIVIDUAL INVESTMENTS

The fair values of the Plan's investments in VOYA Fixed Account (stated at contract value), MFS Conservative Allocation Fund, MFS Moderate Allocation Fund, MFS Growth Allocation Fund and VOYA Index Solution 2035 Portfolio Fund totaled \$3,844,637 as of December 31, 2022. These investments approximated 44% of the total Plan's investments as of December 31, 2022.

The fair values of the Plan's investments in VOYA Fixed Account (stated at contract value), MFS Conservative Allocation Fund, MFS Moderate Allocation Fund, MFS Technology Fund and VOYA Index Solution 2035 Portfolio Fund totaled \$3,995,595 as of December 31, 2021. These investments approximated 45% of the total Plan's investments as of December 31, 2021.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

STEVE SERRA AUTO GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

I. INCOME TAX STATUS

The Company adopted a non-standardized pre-approved profit sharing 401(k) plan with a cash or deferral arrangement. The non-standardized pre-approved profit sharing plan received a favorable opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020 which stated that the non-standardized pre-approved profit sharing plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since the non-standardized pre-approved profit plan received the determination letter, the Plan Administrator believes that the plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Notwithstanding the foregoing, the IRS may nonetheless audit the Plan to ensure it has been operated in accordance with the Plan document and applicable laws. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2019.

J. RECLASSIFICATIONS

Certain reclassifications have been made to conform prior year information to the current year presentation.

K. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

L. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Plan failed to timely remit participant contributions in accordance with Department of Labor regulations. For the year ending December 31, 2022, late remittances of participant contributions totaling \$858 are pending correction outside the Voluntary Fiduciary Corrections Program. In 2022, the Company remitted to the Plan \$858 of delinquent participant contributions. For the year ended December 31, 2021, late remittances totaling \$6,495 are pending correction outside the Voluntary Fiduciary Corrections Program. During 2023, the Company intends to reimburse the Plan for lost earnings and the related excise taxes will be paid by the Company.
