Independent Auditor's Report

To the Plan Administrator and Plan Trustee
Somacis, Inc. 401(k) Salary Reduction Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Somacis, Inc. 401(k) Salary Reduction Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits [and of accumulated plan benefits] as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Somacis, Inc. 401(k) Salary Reduction Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Somacis, Inc. 401(k) Salary Reduction Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Somacis, Inc. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Somacis, Inc. 401(k) Salary Reduction Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Somacis, Inc. 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for a reasonable period of time.
- Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SOMACIS, INC.
401(K) SALARY REDUCTION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Description of Plan:

The following description of the Somacis, Inc. (formerly: Hallmark Circuits, Inc.) 401(k) Salary Reduction Plan and Trust (the "Plan") provides only general information. For additional information concerning the Plan's provisions, participants should refer to the Plan Agreement and Summary Plan Description.

General

The Plan is a defined contribution plan covering the employees of Somacis, Inc. (the "Company" and "Employer") who have completed one month of service and attained the age of 18. An employee will become a participant in the Plan on the first day of the quarter immediately following the date of employee satisfies the eligibility conditions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan Administrator has appointed Lincoln National Life Insurance Company as the Custodian of the Plan assets, with authority over management and investment of Plan assets and Plan accounting and reporting.

Contributions

Participants may make elective deferral contributions of at least 1% of eligible annual compensation up to the maximum dollar amount established by the Internal Revenue Code (IRC) of pretax annual compensation, as defined in the Plan. The Plan permits Roth elective deferrals. The Plan also provides for a matching contribution at the discretion of the Company. In addition to the discretionary matching contribution, the Company may elect to make a discretionary profit sharing contribution to the Plan at any time. A participant is eligible to participate in the profit sharing contribution if he/she has completed 1,000 hours of service during the Plan year, and is employed on the last date of the Plan year. Employees that become disabled are eligible for profit sharing contributions. There were no Employer matching or discretionary profit sharing contributions made for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocation of Participant's share of the Company's contributions, the participants' share of the Plan's earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions and Company contributions into various investments, which are more fully described in the Plan's literature. The Plan currently offers a variety of pooled separate accounts, and a guaranteed interest contract. Participants may change their investment options any time throughout the year.

Forfeitures

Forfeitures are used to reduce Company contributions, and are allocated in the year that the forfeiture occurs. There were no forfeited non-vested accounts as of, and for, the years ended December 31, 2022 and 2021.

Note 1 - Description of Plan: (Continued)

Vesting

Participants are immediately vested in their voluntary contributions and for all Employer contributions made after January 1, 2001, plus actual earnings thereon.

Notes Receivable From Participants

Participants may borrow from their accounts in amounts not to exceed the lesser of $50,000 or 50% of the participant's vested account balance, with a minimum of $1,000. The loans are secured by up to one-half of the vested account balance in the participant's account. The loans bear interest at rates equal to the prime rate plus 2%, established when the loan is granted. Interest rates ranged from 4.25% to 6.50% on the participants' loan balances at the years ended December 31, 2022 and 2021. Loans are repaid through payroll withholding, generally over five years; however, the Plan provides for longer maturities if the loan is used to acquire the participant's principal residence.

Payment of Benefits

Upon termination of services due to death, disability or retirement, a participant or his/her beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his/her account in either a lump-sum amount or through various annuities, based on the participant's election. Participants with account balances of $5,000 or less will receive a lump-sum distribution upon termination of service with the Company. Participants with account balances of greater than $1,000 but less than $5,000, a direct rollover will be made to an individual retirement account, unless otherwise directed by the participant.

Participants may receive withdrawals for reasons of financial hardship. These withdrawals are included with benefits paid, and cannot exceed the participant's voluntary contributions and vested Employer contributions plus earnings.

Note 2 - Significant Accounting Policies:

Accounting Method

The financial statements of the Plan have been prepared on the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Employee and Employer contributions were recognized in the period that contributions are due.

Guaranteed interest contracts held by a defined contribution plan are reported at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2 - Significant Accounting Policies: (Continued)

Fair Value Measurements

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value, and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy), and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

- Level 1 inputs are quoted prices in active markets for identical investments that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the investment, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the investment.

The Plan's statements of net assets available for benefits include the following financial instruments that are required to be measured at fair value on a recurring basis:

- Pooled separate accounts ("PSA") represent units held in pooled separate accounts that are valued using the net asset value ("NAV") of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a PSA is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund.

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of the Plan, including legal, audit, administrative, and Custodian expenses, are generally paid by the Company, with the exception of certain administrative expenses which are paid for by the Plan and charged to participants' accounts. The Plan incurred $10,234 of administrative expenses for the year ended December 31, 2022. Participants with loan balances pay an origination fee for loan administration from their respective Plan accounts.

Note 2 - Significant Accounting Policies: (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term, and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 3, 2023, the date the financial statements were available to be issued, and concluded that there were no events or transactions that needed to be disclosed.

Note 3 - Fair Value Measurements:

The Plan has no assets measured at fair value that are required to be reported by classification within the fair value hierarchy at December 31, 2022 and 2021.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

2022				
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 2,621,228	N/A	Daily	12 months

2021				
Instrument	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 3,382,700	N/A	Daily	12 months

Note 4 - Information Prepared and Certified by the Custodian:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to the Plan's investments disclosed in the accompanying financial statements, including investments held at December 31, 2022, net depreciation in fair value of investments and interest income for the year ended December 31, 2022, was obtained or derived from information certified as complete and accurate by Lincoln National Life Insurance Company, the Custodian of the Plan.

Note 5 - Guaranteed Interest Contract:

The Plan has a fully benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company ("Lincoln") totaling $805,094 and $1,026,979 at December 31, 2022 and 2021, respectively. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal, and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes, or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; (4) a material amendment to the agreement without the consent of the issuer.

Note 5 - Guaranteed Interest Contract: (Continued)

The following is a summary of the activity reported at contract value certified by Lincoln National Life Insurance Company for the years ended December 31:

	2022	2021
Balance, Beginning of Year	$ 1,026,979	$ 900,849
Add:		
Employee contributions	27,157	24,695
Transfers	90,205	118,622
Interest income	9,109	10,401
Loan repayments	-	1,784
Loans issued	1,997	-
Less:		
Distributions	(348,141)	(26,830)
Administrative expenses	(2,212)	(2,542)
Balance, End of Year	$ 805,094	$ 1,026,979

Note 6 - Party-In-Interest Transaction:

Certain Plan investments are shares of pooled separate accounts managed by Lincoln National Life Insurance Company, the Custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. The Plan paid contract administrator fees, loan fees, and loan maintenance fees totaling $10,234 and $12,475 for the years ended December 31, 2022 and 2021, respectively. In addition, the Plan may pay fees for investment management services which are included in net depreciation in fair values of investments.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Tax Status:

The prototype Plan sponsor, Lincoln Retirement Services Company, LLC, has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently being operated in accordance with the IRC.

The Plan believes that it has appropriate support for any tax position taken, and, as such, does not have any uncertain tax positions that are material to the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2019.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits, per the financial statements, to Schedule H of Form 5500 at December 31:

	2022	2021
Net Assets Available for Benefits per Financial Statements	$ 3,487,135	$ 4,470,625
Participant contributions receivable	(11,473)	(10,032)
Net Assets Available for Benefits per Schedule H of Form 5500	$ 3,475,662	$ 4,460,593

The following is a reconciliation of changes in net assets available for benefits, per the financial statements, to the net income per Schedule H of Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	$ (983,490)
Participant contributions receivable at beginning-of-year	10,032
Participant contributions receivable at end-of-year	(11,473)
Net decrease in net assets available for benefits per the Schedule H of Form 5500	$ (984,931)
