Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of space150 401(k) Retirement Plan Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying Financial Statements related to benefits provided under the Plan or assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, and the schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

space150 401(k) Retirement Plan
Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of the space150 401(k) Retirement Plan (the "Plan") provides only general information. The Plan sponsor is space150, Inc. (the "Company" or "plan administrator"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and is designed to provide employees with additional security for their retirement. The Plan was established December 23, 2003, and was most recently restated effective March 3, 2022. The Plan's restatement formally adopted the provisions of the Coronavirus Aid, Relief and Economic Security (CARES) Act.

Eligibility

All active employees of the Company who are 18 years of age or older and who have completed 173 hours of service within one consecutive month or 1,000 hours of service during the Plan year are eligible to participate in the Plan.

Funding Policy

Each year, participant elective deferrals are permitted up to 100% of pretax annual compensation, as defined in the Plan, subject to limits established by law.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan.

The Company can elect to make employer discretionary matching contributions. The Company suspended the employer discretionary matching contributions effective April 1, 2020, and were reinstated effective June 1, 2021. The Company made discretionary matching contributions of 50% of the first 6% of eligible compensation that a participant contributes to the Plan for the period from June 1, 2021 to December 31, 2021 and for the year ended December 31, 2022. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No additional discretionary contribution was made for the years ended December 31, 2022 and 2021.

Participants' Accounts

Participants' accounts are credited with the participant contributions (elective deferral, Roth, rollover and catch-up), employer discretionary matching and additional discretionary contributions and an allocation of Plan earnings or losses and charged with an allocation of administrative expenses. Plan earnings (losses) and administrative expenses are allocated based on participant account balances. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants have a fully vested interest in their elective deferral, catch-up, and rollover contributions, plus actual earnings thereon. Employer discretionary matching and additional discretionary contributions, if any, vest over a three year period with 33% earned in year one and one-third earned for each consecutive year of service thereafter at the Company.

space150 401(k) Retirement Plan
Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses, reduce employer matching contributions, or are allocated to participants. Forfeited amounts used to pay administrative expenses, reduce employer matching contributions, or allocated to participants were \$13,599 and \$4,596 for the years ended December 31, 2022 and 2021, respectively. As of December 31, 2022 and 2021, unapplied forfeiture balances of \$33,416 and \$35,072, respectively, are held in the Plan forfeiture account as part of Plan assets.

Investment Options

All investments in the Plan are participant directed. Participants may direct the investments of their account balance into various funds and may transfer assets in their accounts between funds on a daily basis.

Payment of Benefits

Upon termination of service due to employment termination, death, disability or retirement, the method by which benefits are paid depends on the vested account balance. If the vested account balance does not exceed \$5,000, a lump-sum distribution, net of tax, will be made, or the balance is distributed in a direct rollover to an individual retirement account (IRA) designated by the plan administrator. If the vested balance is greater than \$5,000 a participant could elect to keep the vested account balance in the Plan, receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, net of tax, or to roll over the entire vested portion to an IRA or a qualified plan. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes must be repaid in five years unless they are used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear commercially reasonable interest rates as determined by the Company in accordance with the Plan document. Principal and interest for active participants are repaid through payroll deductions. A participant may have no more than one outstanding note at any one time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income (Loss) Recognition

Except for the Plan's guaranteed interest accounts (see Note 4), the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in the fair value of investments represents the net realized gains (losses) and net unrealized appreciation (depreciation) on investments. The realized gains (losses) on investments are the difference between the proceeds received and the carrying value of investments sold determined on an average cost basis, or fair value at the end of the previous year, whichever is applicable.

Unrealized appreciation (depreciation) is the change in the difference between the fair value and the cost of the investment or the fair value at the end of the previous year, whichever is applicable.

Administrative Expenses

The Company has the discretion to pay Plan expenses or allow the Plan to arrange payment. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable considered to be in default are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits paid to participants are recorded by the Plan when paid.

space150 401(k) Retirement Plan
Notes to Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONINTUED)

Risks and Uncertainties

The Plan offers various investment alternatives to its participants. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

space150 401(k) Retirement Plan
Notes to Financial Statements

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled separate accounts: Valued at the net asset value ("NAV") of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate account is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth additional disclosures for the fair value measurement of investments that calculate net asset value per share (or its equivalent) for the years ended December 31, 2022 and 2021:

<u>Investment type</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
December 31, 2022				
Pooled separate accounts	\$ 7,562,095	None	Daily	Daily
December 31, 2021				
Pooled separate accounts	\$ 10,932,490	None	Daily	Daily

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a stable value investment contract or Guaranteed Interest Account ("GIA") with the Massachusetts Mutual Life Insurance Company ("MassMutual"). The GIA has a guaranteed rate of return and a guarantee of principal that is backed by MassMutual. The GIA is provided through a group annuity contract issued by MassMutual to a retirement plan. Under the contract, a crediting rate is established for a six-month period of time (a "rate period") and all assets invested in the GIA are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. MassMutual assumes market, credit, and interest rate risks for the assets supporting the GIA. The contract value of the traditional group annuity contracts held by the Plan were \$1,291,677 and \$165,808 at December 31, 2022 and 2021, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a number of different factors and does not use a specific formula. The factors used include current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. Such interest rates are reviewed on a semi-annual basis for resetting.

**NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY
(CONTINUED)**

The Plan's ability to receive amounts due in accordance with fully benefit-responsive annuity contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following: (a) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (b) premature termination of the contracts, (c) Plan termination or merger, (d) changes to the Plan's prohibition on competing investment options, or (e) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 5 – CERTIFICATIONS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America (the custodian of the Plan).

In August 2022, certain operating companies and products within the Empower corporate group underwent a legal name change. Companies and products affected were renamed to include "Empower" in place of "Great-West". The change in company and product names did not have a material effect on the Plan's financial statements. The most recent legal name of the certifying companies is used through the 2022 financial statements.

Effective December 31, 2020, Empower Retirement LLC acquired the Plan's custodian MassMutual's retirement business. Through this transaction, business written by MassMutual were reinsured by Great-West Life & Annuity Company. MassMutual retroceded business was reinsured from a cedent, which MassMutual assumed in a previous transaction. Empower administered the business on MassMutual's behalf, with certain administrative service being performed by MassMutual and its affiliates during a temporary transition period during 2021.

NOTE 6 – TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Notes to Financial Statements

NOTE 6 – TAX STATUS (CONTINUED)

Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator is required by US GAAP to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The Company has been designated as the plan administrator. These services are provided at no expense to the Plan. In addition, the Plan has an oversight committee responsible for ensuring Plan compliance with regulatory requirements.

Certain Plan investments, shares of pooled separate accounts and a guaranteed interest account are managed by Empower (custodian of the plan) and MassMutual (acquired by Empower corporate group); as such, these transactions qualify as party in interest transactions.

Notes receivable from participants are also considered party in interest transactions.

NOTE 8 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

The Plan was amended and restated effective January 1, 2023. This amendment was related to change in TPA services.

The Plan was amended effective July 1, 2023. This was amendment increased the eligibility requirement from 1 month to 2 months.

In August of 2023, the plan removed investments removed MassMutual's Target Retirement Funds and replaced with Vanguard's Target Retirement Funds.
