INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR AND PARTICIPANTS OF ABLE SERVICES 401(k) RETIREMENT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of ABLE SERVICES 401(k) RETIREMENT PLAN (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 30, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 to December 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 30, 2022 and December 31, 2021 and for the period from January 1, 2022 to December 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Plan Merger

As discussed in Note 1, effective January 1, 2023, the Plan was merged into the ABM 401(k) Employee Savings Plan and the ABM 401(k) Employee Savings Plan II. As a result, all Plan net assets available for benefits were transferred out to these plans on December 30, 2022.

ABLE SERVICES 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 30, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Able Services 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Plan Merger – In August 2021, Crown Energy Services, Inc. dba Able Engineering Services, the Plan Sponsor, was acquired by ABM Industries Incorporated. Effective January 1, 2023, the Plan was merged into ABM 401(k) Employee Savings Plan and ABM 401(k) Employee Savings Plan II (“ABM Plans”), which are defined contribution plans maintained by ABM Industries Incorporated. Accounts for participants who were not covered under a collective bargaining agreement were transferred to the ABM 401(k) Employee Savings Plan, and accounts for participants who were covered under a collective bargaining agreement were transferred to the ABM 401(k) Savings Plan II. All participants became eligible to participate in the ABM Plans on January 1, 2023.

On December 30, 2022, all assets available for benefits held by the Plan totaling \$87,769,631, including notes receivable from participants, were transferred from the Plan to the ABM Plans. The ABM Plans received the net assets available for benefits in January 2023. As a result, the Plan no longer holds investment assets or receives contributions and the Plan administrator intends to terminate the Plan and the related trust.

General – The Plan was a defined contribution plan sponsored by Crown Energy Services, Inc. dba Able Engineering Services and had been adopted by the following affiliated companies: Able Engineering Management Co. LLC, AES MGMT LLC, Able Building Maintenance Co., Able Building Maintenance Management Co. LLC, CBM MGMT LLC, and Ableserve Management Co. Collectively, the sponsor and adopting companies are referred to herein as the “Company”. The Plan was established on January 1, 2007, and was most recently restated on July 29, 2021, to provide retirement benefits to eligible employees. The Plan covered all eligible employees who had reached at least twenty-one years of age and who were not covered by a collective bargaining agreement in the Crown Building Maintenance Company dba Able Building Maintenance Co. The Plan has been subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

The Plan provided for an administrative committee (the “Administrative Committee”) which was responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Administrative Committee oversaw the Plan’s operations, determined the appropriateness of the Plan’s investments offerings and monitored investment performance.

Participant Contributions – Participants could elect to contribute, on a pretax basis or post-tax basis (“ROTH”), either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. Participants could contribute up to 90% of their annual compensation, subject to annual limits specified by the IRC. For 2022, the annual limitation was \$20,500. Additionally, participants, who had attained fifty years of age before the end of the Plan year, were eligible to make catch up contributions up to a maximum of \$6,500 for 2022. Participants could also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company provided “Safe-Harbor Matching Contributions” in accordance with the provisions of the Plan to all eligible participants. Employees who were covered by a collective bargaining agreement between Crown Energy Services dba Able Engineering Services and Able Engineering Management Co. LLC were not eligible to receive Safe Harbor Matching Contributions. Under the terms of the Plan, the Company made Safe-Harbor Matching Contributions in an amount equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation. The Plan provided for discretionary non-elective contributions to all eligible participants who completed at least 1,000 hours of service during the Plan year and were employed as of the last day of the Plan year. No discretionary non-elective contributions were made in 2022. In addition, the Plan provided for non-discretionary matching contributions to eligible participants who were members of Local 3 Firemen and Oilers Service Employees International Union (“Local 3”) in an amount equal to 50% of each eligible participant’s contribution, up to a maximum of 6% of the participant’s eligible compensation.

Participant Accounts – The Plan maintained an account for each participant, which was credited with the participant’s contributions, rollover contributions and employer contributions, investment earnings or losses and expenses. Allocations were based on participant compensation or account balances, as defined by the Plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.

Vesting – Participants were immediately vested in their voluntary contributions, employer safe-harbor match and discretionary non-elective contributions, and rollover contributions, plus actual earnings thereon. Notwithstanding the foregoing, a separate vesting schedule applies to frozen matching contributions under the Plan applicable to certain participants.

Investment Options – The Plan offered various mutual funds as investment options for participants. Each investment option had its own investment strategy, which could be obtained through the prospectus of the respective fund. Participants could change their investment options at any time.

Notes Receivable from Participants – Participants could borrow from their vested account balances provided they met the Plan’s eligibility requirements. The minimum loan amount was \$1,000 and the maximum amount was the lesser of one-half of the participant’s vested account balance or \$50,000. The maximum loan term could not exceed five years, except for loans used to finance the purchase of a primary residence, for which longer terms were permitted. Loans were subject to interest charged at rates based on the prime rate as reported by Thomson Reuters plus 1%. Interest rates remained fixed throughout the term of the loan. Principal and interest were paid ratably through payroll deductions and loans were due immediately upon termination of employment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant could elect to receive a distribution as a lump-sum payment or installment payments. If a terminated participant's account balance was between \$1,000 and \$5,000, and no instructions had been received from such participant, the amount would be rolled over to an individual retirement account as designated by the Plan administrator. Vested account balances of less than \$1,000 were automatically cashed out as a single lumpsum distribution. The payment of benefits to retired participants was required to begin no later than April 1st following the end of the year in which the participant reaches 72 years of age.

Participants who incurred a hardship were eligible to request an in-service withdrawal from their pre-tax and Roth contributions. In-service withdrawals from rollover contributions could be requested at any time.

Participants who have been called to active duty for more than 179 days or for an indefinite period could request a withdrawal of their pre-tax and Roth contributions. Participants who are performing Qualified Military Service for a period of greater than 30 days could request a withdrawal of their pre-tax and Roth contributions, Safe-Harbor Matching contributions and Qualified Nonelective Contributions during their active duty period.

Forfeited Accounts – A participant's non-vested account could be forfeited upon severance of employment. Forfeited accounts also included contributions remitted to the Plan which did not pertain to a specific participant account. As of December 30, 2022, there was no forfeited non-vested accounts. Forfeited non-vested accounts amounted to \$4,507 as of December 31, 2021. Forfeitures could be used to pay Plan fees, and/or to reduce Company contributions to the Plan. For the period from January 1, 2022 to December 30, 2022, forfeitures of \$4,098 were used to pay Plan fees. Forfeited non-vested accounts of \$3,602 were transferred to ABM Plans on December 30, 2022 in connection with the merger.

Unallocated Accounts – At December 30, 2022, there were no unallocated accounts. At December 31, 2021, unallocated accounts resulting from excess revenue sharing totaled \$4,899 (see Note 8). These funds could be used to pay for future administrative expenses or employer contributions. Unallocated accounts of \$6,812 were transferred to ABM Plans on December 30, 2022 in connection with the merger.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements were prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Administrative Committee determined the Plan’s valuation policies utilizing information provided by investment advisors and the trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments included the Plan’s gains and losses on investments bought and sold as well as held during the year.

Contributions – Contributions from Plan participants and the matching contributions from the employer were recorded in the Plan year which coincides with the payroll pay date.

Notes Receivable From Participants – Notes receivable from participants were stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses when they were incurred. No allowance for credit losses has been recorded as of December 30, 2022 or December 31, 2021. Loans which became delinquent, as defined, were recorded as deemed distributions to the participant in accordance with the terms of the Plan.

Excess Contributions Payable – Amounts contributed by participants in excess of amounts allowed by the Internal Revenue Service (“IRS”) were recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants during 2022 within the prescribed period.

Payments of Benefits – Benefits were recorded when paid.

Expenses – The Plan permitted the payment of Plan expenses to be made from the Plan’s assets, which would be funded from forfeitures, or would be proportionately allocated to the accounts of all participants in the Plan. Such expenses included fees paid to the trustee, third-party consultants and recordkeeper. Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions were charged directly to the participant’s account and were included in administrative expenses. Investment related expenses were included in net appreciation or depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy were described as follows:

Level 1: Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that were observable for the asset or liability;
- inputs that were derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There were no investments held by the Plan at December 30, 2022, as a result of the Plan merger discussed in Note 1.

At December 31, 2021, substantially all of the Plan's investments were in mutual funds. Mutual funds were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

These valuation methods may produce a fair value determination that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2021:

	2021			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	<u>\$ 110,317,194</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 110,317,194</u>

As of December 31, 2021, three of the Plan’s investment funds represent 37% of total investments and the aggregate of the target date funds represented 67% of total investments.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (“Fidelity”), the trustee, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Net Assets Available for Benefits and the related notes to the financial statements as of December 30, 2022 and December 31, 2021, and the related investment loss and interest income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2022 to December 30, 2022.

The Plan’s independent public accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements.

NOTE 5 – TAX STATUS

The Plan has adopted a prototype plan developed by FMR, an affiliate of Fidelity. The IRS has determined that the prototype plan is designed in accordance with applicable sections of the IRC and informed Fidelity of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the plan administrative committee and plan administrator believe that the Plan and related trust are designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

As discussed in Note 1, effective January 1, 2023, the Plan was merged into the ABM Plans, and all participants became eligible to participate in that plan. As a result, all Plan assets were transferred out on December 30, 2022. The Plan no longer holds investment assets or receives contributions and the Plan administrator intends to terminate the Plan and the related trust in accordance with ERISA.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provided for various investment options in any combination from among the funds offered through the Plan. Investment securities were exposed to various risks, such as interest rate, market and credit risks.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments held in the Plan were shares in mutual funds managed by an affiliate of Fidelity. Fidelity was the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services were netted against the net appreciation or depreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment. The Plan or the Company paid directly any other fees related to the Plan's operations.

Fidelity provided administrative services to the Plan pursuant to a service agreement between the Company and Fidelity. Fidelity received revenue from certain mutual fund service providers for services Fidelity provided to the funds. This revenue was used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund service providers exceeded the amount owed under the service agreement, Fidelity remitted the excess to the Plan. Such amounts could be applied to pay Plan recordkeeping and administration fees (Note 1). The Plan or Plan sponsor could make a payment to Fidelity for administration expenses not covered by revenue sharing.

NOTE 9 – OPERATIONAL ERRORS

During the Plan year 2021, Plan management discovered errors in employer non-discretionary matching contributions for Local 3 employees. Management is currently evaluating this error and determining the amount of additional employer corrective contributions and lost earnings, if any, to be contributed to the ABM Plans. Management believes the resolution of this matter will not have a material effect on the Plan's financial statements.

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
