INDEPENDENT AUDITOR'S REPORT

The Wine Group Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Wine Group Retirement and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of change in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Wine Group Retirement and Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Wine Group Retirement and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Wine Group Retirement and Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Wine Group Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Wine Group Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE WINE GROUP RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1: DESCRIPTION OF PLAN

The following description of The Wine Group Retirement and Savings Plan (the “Plan”) provides only summarized general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on July 1, 1983 with the adoption of the Charles Schwab Defined Contribution 401(k) Non-Standardized Prototype Plan. The Plan has been amended since adoption to comply with current laws and regulations. The Plan is a defined contribution retirement plan covering all non-bargaining unit employees who are twenty-one years of age or older, and are employed by The Wine Group, Inc., The Wine Group LLC, or Golden State Vintners (collectively the “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Plan Sponsor. Charles Schwab Bank is the Plan trustee. Charles Schwab Trust Bank serves as custodian of the Plan assets as of January 1, 2021. The Plan was amended and restated effective January 1, 2022 in compliance with the IRS required Cycle 3 restatement period.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- ***Salary Deferral 401(k) Contributions***

The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code. Employees may voluntarily contribute from 1% to 75% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Internal Revenue Code. Eligible employees are automatically enrolled at a deferral rate of 3% on the first day of the month following the date eligibility requirements are met and participants contributing less than 6% of compensation are automatically increased by 1% each Plan year. Employees may opt-out of automatic enrollment and the automatic increase. Participants may make after-tax Roth elective salary deferral contributions.

- ***Discretionary Employer Matching Contributions***

The Plan Sponsor may make a discretionary matching contribution equal to a percentage of the amount of salary reduction the participant elected to defer. The employer contributed an amount up to 50% of the first 6% of compensation deferred by participants in 2022 and 2021. The employer matching contributions are allocated to participants' accounts on a per pay period basis. The Plan sponsor made employer matching contributions of \$2,054,617 and \$1,904,977 for the years ended December 31, 2022 and 2021, respectively.

- ***Discretionary Employer Profit Sharing Contributions***

The Plan Sponsor may decide to make profit sharing contributions at its discretion. The employer's profit sharing contributions are allocated to eligible participants who are 21 years of age and are credited with at least 1,000 hours of service during the Plan year. The allocation is based on a participant group allocation method determined by the Plan Sponsor. Contributions are allocated on the last day of the Plan year and paid subsequent to year-end. The Plan Sponsor made profit sharing contributions of \$1,968,988 and \$0 for the years ended December 31, 2022 and 2021, respectively.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Contributions (Continued)

• ***Non-Safe Harbor Non-Elective Contributions***

The Plan Sponsor may make non-safe harbor non-elective contributions at its discretion. The contributions are allocated to eligible participants who are 21 years of age, excluding certain employees. Participants must be credited with at least 1,000 hours of service to receive the non-safe harbor non-elective contribution. The allocation may be based on a per capita basis or participant group allocation method. The Plan Sponsor made non-safe harbor non-elective contributions of \$97,000 and \$116,000 for the years ended December 31, 2022 and 2021, respectively.

• ***Employee Rollover Contributions***

Participants may make rollover contributions from another qualified plan.

Participant Accounts and Allocations

Each participant's account is credited with the participant's contributions, rollover contributions, employer contributions, an allocation of Plan earnings, and an allocation of certain Plan expenses, as defined by the Plan document. The Plan provides various investment options and allows participants to self-direct their contributions and investments. Investment earnings and losses are allocated to participants' accounts based on the actual earnings or losses of the investments selected. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their voluntary contributions as well as discretionary employer matching contributions, non-safe harbor non-elective contributions and all earnings thereon. Vesting on discretionary employer profit sharing contributions is based on years of continuous service. Participants become vested in employer discretionary profit sharing contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeitures

Forfeitures may be used to reduce employer contributions. Forfeitures of \$135,304 and \$69,596 were used to reduce employer contributions in 2022 and 2021, respectively. At December 31, 2022 and 2021 there were forfeitures of \$63,892 and \$163,575, respectively, available to reduce employer contributions.

Payment of Benefits

Payment of benefits may be made: 1) at normal or early retirement; 2) upon termination of employment; 3) at death of the participant; 4) at age 59½ or anytime thereafter; or 5) upon demonstration of financial hardship. The Plan has a mandatory payout policy at age 70½. The normal form of benefit payment is a lump sum distribution in the amount equal to the value of the participant's vested account balance, less any outstanding participant loan balance.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow against their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50%, of their vested account balance, reduced by any outstanding loan balance. The loans are secured by the balance in the participant's account and bear interest charged at a commercially reasonable rate as determined by the Plan's administrator. Principal and interest is paid ratably through payroll deductions and loan periods range from one to five years, except for loans made for the purchase of a principal residence, which may permit a longer repayment term.

Retirement

Normal retirement under the Plan is age 59 ½. Participants may elect early retirement at age 55.

Administrative Expenses

Administrative expenses are paid by the Plan or the Plan Sponsor at the discretion of the Plan committee. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Mutual funds, money market funds and self-directed brokerage accounts are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Increases in the unit values of investments are reflected in each participant's self-directed account. Investments are valued daily.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and their reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan has adopted a pre-approved plan which has obtained a favorable opinion letter dated September 21, 2020, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401(k) of the Internal Revenue Code. The Plan has been amended since the opinion letter was received, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2022 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIANS

Dividend and interest income	\$ 1,943,633	\$ 1,824,342
Interest income, notes receivable from participants	\$ 138,403	\$ 152,736

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Underlying short term investments with quoted prices in active markets to preserve the value of the investment at \$1.00 per share.

Self-Directed Brokerage Accounts: Self-directed brokerage accounts represent multiple personal choice retirement accounts. The self-directed brokerage accounts invest primarily in mutual funds, stocks, and bonds, both domestic and international. The underlying assets have level 1 quoted pricing inputs.

NOTE 6: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022

NOTE 7: FORM 5500 RECONCILIATION

NOTE 8: EXCESS CONTRIBUTIONS REFUNDABLE

The Plan passed the discrimination test under the Code for the years ended December 31, 2022 and 2021. Excess contributions amounting to \$0 and \$3,359 are recorded as a liability in the accompanying statements of net assets available for benefits at December 31, 2022 and 2021, respectively, and as a reduction to contributions in the statements of change in net assets available for benefits for the years then ended.

NOTE 9: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include shares of mutual funds and a money market fund managed by Charles Schwab Corporation. Charles Schwab Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are recorded in net appreciation in fair value of investments. Fees for certain administrative expenses are paid to Charles Schwab Corporation, the record keeper and third party administrator of the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 10: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 3, 2023, the date the financial statements were available to be issued, and Plan management has determined that no events have occurred that should be disclosed.
