JRM Construction Management 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of JRM Construction Management 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of JRM Construction Management 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Voya Retirement Insurance and Annuity Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JRM Construction Management 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JRM Construction Management 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JRM Construction Management 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JRM Construction Management 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JRM CONSTRUCTION MANAGEMENT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 - Description of Plan

The following description of JRM Construction Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 2008 and restated on January 1, 2015 and January 1, 2016, and amended on January 1, 2020 and January 1, 2022, is a defined contribution plan covering all full-time employees of JRM Construction Management LLC and JRM Construction West LLC (collectively, the "Sponsor" or the "Employer") who have attained the age of 21 and completed three months of service. Employees who participate in the collective bargaining agreement are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Section 401(k) of the Internal Revenue Code (the "Code").

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. Associated Pension Consultants, Inc. ("APC") is the third-party administrator which performs specific administrative, non-fiduciary services to the Plan. The custodian and recordkeeper of the Plan is Voya Retirement Insurance and Annuity Company ("Voya"). The Sponsor's President and Chief Operating Officer (collectively the "Trustees") serve as Trustees to the Plan.

Contributions

Each year, participants may contribute a percentage of their eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the IRC for 2022 of \$20,500, plus a maximum of \$6,500 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

JRM CONSTRUCTION MANAGEMENT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 - Description of Plan (cont'd.)

Contributions (cont'd.)

Participants are eligible for discretionary matching contributions upon the first day of calendar month of completion of three months of service beginning on the date of hire. In order to share in the allocation of profit sharing contributions, a participant is required to complete 1,000 hours and be employed by the Sponsor on the last day of the plan year. For the year ended December 31, 2022, the Sponsor made a discretionary matching contribution totaling \$539,083, net of forfeitures, which was funded in April 2023. For the year ended December 31, 2022, the Sponsor did not make a discretionary profit sharing contribution.

In addition, the Sponsor can make an additional qualified nonelective contribution ("QNEC") for the benefit of such participants determined at the discretion of the Sponsor. For the year ended December 31, 2022, the Sponsor elected not to make any QNEC contributions.

Matching contributions, profit sharing and QNEC contributions are invested in a portfolio of investments as directed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching and profit sharing contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than three	0%
Three or more	100%

In addition, a participant becomes 100% vested in all allocated Sponsor contributions upon death, disability or the attainment of age 65 while employed by the Sponsor.

JRM CONSTRUCTION MANAGEMENT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 1 - Description of Plan (cont'd.)

Notes Receivable from Participants (cont'd.)

Participants may borrow from their fund accounts one loan during any one-year period of a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at one and a half percentage points above the prime rate, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is twenty years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a five-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures/Asset Holding Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$6,775 and \$5,090, respectively. These accounts can be used to restore forfeitures, reduce future employer contributions or pay reasonable Plan expenses. In 2022, \$4,893 of forfeitures were used to reduce employer contributions.

At December 31, 2022 and 2021, asset holding accounts ("Ease account") totaled \$4,427 and \$8,704, respectively. The Ease account includes Voya's excess fee compensation deposits related to investment revenue sharing and to be used to pay future adviser fees and other administrative expenses of the Plan or to be reallocated to participant accounts as earnings. See Note 6.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

JRM CONSTRUCTION MANAGEMENT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest income and dividends are included in other income on the statement of changes in net assets available for benefits. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2022 ranged from 4.75% to 8.50%.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Prepared and Certified by the Custodian

The following information, including investments and notes receivable from participants at December 31, 2022 and 2021, and investment (loss) income and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

	<u>2022</u>	<u>2021</u>
Pooled separate accounts, at fair value	\$ 29,652,134	\$ 30,355,307

Net depreciation in fair value of investments	\$ (5,430,418)	
Interest income	9,761	
Other income	5,955	
Total Investment loss	\$ (5,414,702)	
Interest income on notes receivable from participants	\$ 25,243	

Note 4 - Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

JRM CONSTRUCTION MANAGEMENT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 4 - Fair Value Measurement (cont'd.)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the daily closing net asset value ("NAV") as a practical expedient. Pooled separate accounts held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The pooled separate accounts held by the Plan are deemed to be actively traded. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022 and 2021. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2022, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

<u>Assets at Fair Value December 31, 2022</u>

JRM CONSTRUCTION MANAGEMENT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 5 - Guaranteed Investment Contract

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. Each account is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or a material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 - Related Party Transactions and Party-In-Interest Transactions

The custodian of the plan is Voya. Therefore, fees paid to this entity qualify as party-in-interest transactions.

Certain Plan investments are shares of pooled separate accounts managed by Voya. Voya is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management are included in net appreciation (depreciation) in fair value of the investments.

Voya receives revenue from investment service providers for services Voya provides to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan. If the revenue received by Voya from such investment service providers exceeds the amount required by Voya, then the excess is remitted to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, there were excess amounts of approximately \$5,955, which is included in other income in the statement of changes in net assets available for benefits. The Plan or Plan Sponsor may make a payment to Voya for administrative expenses not covered by revenue sharing.

APC receives compensation under Voya's TPA Service Reimbursement Program for certain functions provided by APC to the Plan funded through the Voya investment programs.

Notes receivable from participants also qualify as party-in-interest transactions under ERISA.

JRM CONSTRUCTION MANAGEMENT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax Status

The Plan has adopted the CCH Incorporated DBA FTWilliam.com ("CCH") volume submitter profit sharing plan. Accordingly, the Plan is permitted to rely on CCH's opinion letters. The IRS has determined and informed CCH by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Delinquent Participant Contributions

During the year ended December 31, 2021, the Sponsor did not submit employee contributions of \$44 in a timely manner. The Sponsor restored lost earnings to the participant, which amounted to less than \$1, and accrued the participant receivable of \$44. The Sponsor self-corrected the late remittance outside of the Department of Labor's Voluntary Fiduciary Correction Program ("VFCP") and payment was made in January 2022.

Note 11 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2022 through October 13, 2023, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.

Summary of Investment Expenses and Indirect Compensation

The chart below summarizes the investment expenses for the funds available under your Voya Financial, Inc. (Voya) program and the revenue received by Voya from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate one or more of your plan's other service providers. Among those additional service providers are the plan's adviser and third party administrator (TPA). For informational purposes, we are providing the amounts that may be paid to certain other providers in the summary below. Amounts shown are expressed as a percentage of program assets based on formulas in effect as of the date above, and are subject to change.

Note: The amounts shown below are not added to each other. Rather, the revenue Voya receives is paid directly or indirectly from the total investment expenses. The compensation paid by Voya is a Voya expense and is not separately charged to the plan.

Summary	
Average Annual Investment Expense of Managed Investment Options (1)	0.59%
Average Annual Managed Investment Option Revenue (2)	0.40%
Average Annual Total Investment Option Revenue (3)	0.39%
Annual compensation that may be payable by Voya to Third Party Administrator*	
- Partnership Program	0.05%

¹**Average Annual Investment Expense of Managed Investment Options:** This is the weighted average of the Total Investment Expenses for the plan investment options, based on assets at the reporting date, excluding any funds for which the expenses are N/A and any self directed brokerage accounts.

²**Average Annual Managed Investment Option Revenue:** This is the weighted average revenue to Voya, based on assets at the reporting date, from the funds included in the Total Investment Expenses. (Paid to Voya from Total Investment Expenses)

³**Average Annual Total Investment Option Revenue:** This is the weighted average revenue to Voya from all plan investment options, based on assets at the reporting date, including any assets in the Voya Fixed or Guaranteed Accumulation Account.

* The annual compensation paid by Voya to your adviser and TPA reflects the compensation payable after the first year of the program and does not include compensation paid on transferred assets or any "first year" compensation. See your new business paperwork for information on first year compensation. Certain minimum criteria may apply before such payments are made and receipt of compensation by your TPA may vary by plan. In addition, Renewal Contributions are contributions made after the first year of the contract. Increase Contributions are contributions that exceed the highest contributions in any prior year. Voya may also make payments to other plan service providers from the total revenue received by Voya.

Investment Expenses and Indirect Compensation

The chart below shows the components of the investment expenses for the non-fixed interest funds available under your plan as well as the revenue paid to Voya Financial, Inc. (Voya) from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. The revenue received by Voya from the fund is paid by the fund itself or a related party (e.g. the fund's investment manager) and is not an additional expense above the fund fees. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate your advisor. Amounts shown below are based on charges in effect as of the date above and are subject to change.

Please refer to the Appendix for a description of the services provided in connection with the following fees paid by the Funds to Voya:

Fund Notes

DFA Real Estate Securities Portfolio - Institutional Class: Dimensional Fund Advisors LP (the "Advisor") has agreed to waive certain fees and in certain instances, assume certain expenses of the DFA Real Estate Securities Portfolio. The Fee Waiver and Expense Assumption Agreement for the Portfolio will remain in effect through February 28, 2023, and may only be terminated by the Fund's Board of Directors prior to that date. The Advisor retains the right to seek reimbursement for any fees previously waived and/or expenses previously assumed up to thirty-six months after such fee waiver and/or expense assumption.

Voya Index Solution 2035 Portfolio - Class Z: The Portfolio's Management Fee structure is a "bifurcated fee" structure as follows: an annual rate of 0.20% of the Portfolio's average daily net assets invested in Underlying Funds within the Voya family of funds, and 0.40% of the Portfolio's average daily net assets invested in direct investments. Total Annual Portfolio Operating Expenses may be higher than the Portfolio's ratio of expenses to average net assets shown in the Portfolio's Financial Highlights, which reflects the operating expenses of the Portfolio and does not include Acquired Fund Fees and Expenses. The adviser is contractually obligated to limit expenses to 0.00% for Class Z shares through May 1, 2023. The limitation does not extend to investment-related costs, extraordinary expenses, and Acquired Fund Fees and Expenses. Termination or modification of this obligation requires approval by the Portfolio's board.

Plan Name: JRM CONSTRUCTION MANAGEMENT 401(K) PLAN

Plan ID: 817996

MFS International Growth Fund - Class R6: Massachusetts Financial Services Company (MFS) has agreed in writing to waive at least 0.01% of the fund's management fee as part of an agreement pursuant to which MFS has agreed to reduce its management fee by a specified amount if certain MFS mutual fund assets exceed thresholds agreed to by MFS and the fund's Board of Trustees. The agreement to waive at least 0.01% of the management fee will continue until modified by the fund's Board of Trustees, but such agreement will continue until at least September 30, 2023.

Franklin Small Cap Value Fund - Class R6: The transfer agent has contractually agreed to cap transfer agency fees for Class R6 shares of the Fund so that transfer agency fees for that class do not exceed 0.03% until February 28, 2023. During the term, this fee waiver and expense reimbursement agreement may not be terminated or amended without approval of the board of trustees except to add series and classes, to reflect the extension of termination dates or to lower the cap on Fund's fees and expenses (which would result in lower fees for shareholders).

Voya Index Solution 2025 Portfolio - Class Z: The Portfolio's Management Fee structure is a "bifurcated fee" structure as follows: an annual rate of 0.20% of the Portfolio's average daily net assets invested in Underlying Funds within the Voya family offunds, and 0.40% of the Portfolio's average daily net assets invested in direct investments. Total Annual Portfolio Operating Expenses may be higher than the Portfolio's ratio of expenses to average net assets shown in the Portfolio's Financial Highlights, which reflects the operating expenses of the Portfolio and does not include Acquired Fund Fees and Expenses. The adviser is contractually obligated to limit expenses to 0.00% for Class Z shares through May 1, 2023. The limitation does not extend to investment-related costs, extraordinary expenses, and Acquired Fund Fees and Expenses. Termination or modification of this obligation requires approval by the Portfolio's board.

Other Indirect Compensation

Float

Voya and its affiliated companies ("Voya") earn income in the form of bank service credits on contributions awaiting investment and on payments awaiting distribution from the bank accounts that Voya maintains (or "float"). The bank service credits are applied against the bank service fees that apply to the bank accounts that Voya maintains and may not be redeemed for cash. Specifically, the bank accounts have been established to receive and hold for a reasonable time:

- contributions or other amounts to be invested in your retirement plan, or
- amounts redeemed to pay a distribution or disbursement from your plan.

Your Voya service provider will receive income in the form of bank service credits (as described below) and offset such credits against bank service fees that are charged to Voya for the use of such bank accounts and for services provided by the banks for processing receipts or disbursements.

Float Generated by Contributions:

Your Voya service provider uses a bank account to receive and hold contributions or other Plan deposit amounts to be invested. Contributions or other deposit amounts are held until Authorized Instructions are received in good order. Income in the form of bank service credits are earned on the bank account during any waiting period for Authorized Instructions. For Authorized Instructions received in good order by the close of the New York Stock Exchange (normally 4:00 p.m. Eastern Time), contributions or other deposit amounts will be invested on that business day. For Authorized Instructions received in good order after the close of the New York Stock Exchange, contributions or other deposit amounts will be processed on the next business day.

Float Generated by Distributions:

Your Voya service provider and/or one or more of its corporate affiliates receives income in the form of bank service credits in connection with distributions or disbursements that Voya pays on the plan's behalf. The service credits accrue during the period beginning when an amount is redeemed from the Plan's investment to fund a distribution or disbursement check and ending when the check is presented for payment.

Additionally, from time to time, the corporate affiliate of your Voya service provider may receive money market like rates of return on other deposit or short term investment products in which distributions may be held until such time as the check is presented for payment.

Transaction Processing Errors

Voya processes your Plan's investment instructions on an "omnibus" or aggregated basis. If Voya's correction of a Voya processing error results in a loss to your Plan or its Participants, Voya will absorb the loss. If any gain results in connection with the correction of a Voya processing error, Voya will net any such gain against other losses absorbed by Voya and retain any resulting net gain as a component of its compensation for transaction processing services, including its agreement to make Plan and Participant accounts whole for losses resulting from Voya processing errors. For more information on our error correction policy, please refer to Voya Retirement Insurance and Annuity Company's Policy for Correction of Processing Errors ("VRIAC Policy"). The VRIAC policy is posted in the Sponsor Disclosure section of the Sponsor Web.

Revenue Sharing

In addition, to the extent former or current Affiliates of Voya perform services for the Plan, such Affiliate may share any revenue received with Voya or may credit Voya for such revenue against amounts due from Voya to such Affiliate. Such revenue sharing may include, but it is not limited to, revenue sharing in connection with investment management, brokerage or trustee/custodial services.

Conference Support

Some fund families provide financial support to Voya companies in connection with training and education events attended by Voya employees and representatives. This financial support may include expenses associated with meals. For calendar year 2022 such amount was approximately \$0.56 per plan. This estimate was determined by dividing the total amount received from all fund families by the number of plans for which Voya provides investment services.

Appendix: Definitions for Indirect Fees

- **Fund No:** The fund number assigned by Voya
- **Fund Name:** The name of the Fund

Please note that some of the funds available under your plan may include Voya proprietary funds. Proprietary funds are funds which are owned by Voya companies. The mutual funds listed for your plan which start with Voya's name are Voya proprietary funds.

Plan assets accrued for purposes of paying compensation to the Plan's advisor that are not distributed to the advisor in any month shall be retained by Voya and considered additional revenue.

FUND EXPENSES

- **Management Fees:** Fees paid to the Fund for investment advisory activities related to the selection and management of fund investments. These fees may include fees paid to the trustee of a collective investment trust.
- **12b-1 Fees:** Fees paid to the Fund for distribution services provided on behalf of a fund. If the fund imposes 12b-1 fees, such payments are made out of fund assets.
- **Other Expenses:** Fees paid to the Fund for other expenses associated with maintenance of a fund, such as: accounting, audit, recordkeeping, prospectus delivery, proxy support, periodic fund reports printing and/or mailing, etc.
- **Gross Fund Expense:** The sum of the management fees, 12b-1 fees and other expenses paid by the Fund.
- **Waivers and Adjustments:** An adjustment to a portion of the mutual fund fees as stated in the fund's most current prospectus. For certain funds, the investment adviser or other service provider to the fund may waive a portion of its fees or reimburse certain fund expenses, which will reduce the expense ratio of the fund for the period of the waiver or adjustment. These waivers and adjustments may not necessarily continue in the future. Please refer to the footnotes at the end of this report for further information regarding any Waivers and Adjustments shown.
- **Net Fund Expense:** The Gross Fund Expense reduced by any waiver or adjustment in effect.
- **Prospectus Date:** The date of the fund prospectus from which the fund fees have been provided.

VOYA CONTRACT CHARGES

Plan Name: JRM CONSTRUCTION MANAGEMENT 401(K) PLAN

Plan ID: 817996

- **Daily Asset Charge:** A Voya contract charge assessed against the variable funds for marketing and sales expenses as well as the costs of various services (e.g., call centers, websites, daily valuation systems, regulatory information, transaction processing, communication, education and enrollment support) in support of your program. This fee paid to Voya may be comprised of a base contract charge as well as additional charges for optional services selected by the plan.
- **Total Net Fund Expense:** The Net Fund Expense plus the Daily Asset Charge.
- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.

REVENUE TO VOYA

- **Total Daily Asset Charge:** The Daily Asset charge.
- **Sub Transfer Agent (Sub TA) Expense Reimbursement:** The amount paid to Voya Retirement Insurance and Annuity Company ("VRIAC") or its affiliates by the Fund Family or Fund Transfer Agent for plan and participant level recordkeeping services.
- **12b-1 Fees:** The amount paid to VRIAC or its affiliates by the fund family from the fund's 12b-1 fees for distribution services.
- **Service Fee:** The amount paid to VRIAC or its affiliates by the Fund Family or Fund Transfer Agent for other services provided in connection with the investment option. If your plan uses the Voya Fixed Account or Voya Guaranteed Accumulation Account (GAA), the amount shown in the "Service Fee" column represents our reasonable and good faith estimate of the cost of the recordkeeping and other administrative services being offset through a reduction in the rates of interest that would otherwise be credited. In developing our estimate, we applied guidance issued by the Department of Labor in connection with Form 5500 Schedule C reporting. Under that guidance, if the rate of return on a fixed rate investment contract is net of the expense of recordkeeping and similar administrative services, then the amount so "netted" should be reported as a fee charged against the Plan's investment in order to avoid the inference that the Plan services were being provided free of charge. Estimates of those amounts are permitted so long as the estimate is reasonable, and the methodology and assumptions used to prepare the estimate are disclosed.

The rate credited to your Plan's Fixed Account and/or GAA ("fixed accounts") balance is a "net" rate that reflects the costs of the recordkeeping and other administrative services we provide. We have estimated the amount of that rate reduction and reported it in the "Service Fee" column of our indirect compensation report in order to inform your understanding of the costs of our recordkeeping and administrative services. Set forth below is a description of the method we used in developing our estimate:

First, we determined the ratio of (1) our estimated internal costs for providing plan recordkeeping, trusteeship and similar services to all of our Plan customers as of the prior calendar year end, to (2) our average total assets during the same calendar year. We applied that ratio to your Plan's fixed account(s) to arrive at an estimate of the dollar amount of reportable compensation attributable to netting the costs of providing such services against the Fixed Account/GAA rate.
