INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and
Those Charged with Governance of
Lux Enterprises, Inc. Employees' Retirement Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Lux Enterprises, Inc. Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lux Enterprises, Inc. Employees' Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lux Enterprises, Inc. Employees' Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lux Enterprises, Inc. Employees' Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LUX ENTERPRISES, INC. EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 1. Plan Description

The following description of the Lux Enterprises, Inc. Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Lux Enterprises, Inc. (the "Company") who have one month of service with the exception of union employees, nonresident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments

Effective January 1, 2022, the Plan was amended to make changes for an escalation of automatic deferrals and employer match formula. Effective April 1, 2022, the Plan was amended to replace the five year graded vesting schedule with a three year schedule in which a participant is 33% vested after one year, 67% vested after two years, and 100% vested after three years.

Contributions

Each year participants may contribute up to 100% of annual compensation as defined in the Plan, up to the maximum allowed by the *Internal Revenue Code (IRC)*. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Eligible participants are enrolled automatically into the Plan at a default rate of 5% of eligible compensation. The Company may make matching contributions at the discretion of the plan sponsor. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, if any, and an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and previous employer discretionary contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

NOTES TO FINANCIAL STATEMENTS December 31, 2022

Note 1. Plan Description (Continued)

Notes from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment fund(s) the participant invests in and the Participant Loans fund. Loan terms range from one to five years. Notes are secured by the balance in the participant's account and bear interest at a rate of one percentage point over the prime interest rate as of the second business day of the month the inception of the loan occurs. Interest rates range from 4.25% to 8.00%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant or a participant's beneficiary in the case of a participant's death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest of his or her account. Partial withdrawals may be elected by participants who must receive required minimum distributions. Annuities are the normal form of distribution for transferred pension assets. In-service distributions are permitted for participants who have attained the age of 59½ or for a participant's vested interest in amounts from previously merged plans with the exception of the old defined benefit account.

Hardship withdrawals

Hardship withdrawals are permitted pursuant to IRS regulations.

Administrative costs

Plan fees and administrative expenses are paid by the Plan, as provided in the Plan agreement. During 2022, professional fees and contract administrator fees of \$54,628 were paid by the Plan.

Forfeited accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$8,527 and \$6,619, respectively. These accounts will be used to pay Plan expenses or to reduce future employer contributions, if any. During the year ended December 31, 2022, employer contributions were reduced by \$10,120 from forfeited non-vested accounts.

Note 2. Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes from participants

Notes from participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits

Benefits are recorded when paid.

Note 3. Certified Information

Certain information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Newport Trust Company, the trustee of the Plan. This information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Notes from participants

Note 4. Fair Value Measurements

The Plan's investments in mutual funds are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The collective investment trust fund, issued by Wells Fargo and owned by the Plan at December 31, 2022 and 2021, is valued using the NAV practical expedient and is excluded from the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Level 1 fair value measurements

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured using the net asset value per share practical expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There is no notice period if the Plan initiates a full redemption of the collective investment trust.

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Galliard Stable Return Fund K	\$ 1,304,084	None	Daily	None
<u>December 31, 2021</u>				
Galliard Stable Return Fund K	\$ 1,499,047	None	Daily	None

Note 5. Stable Value Fund

The Galliard Stable Return Fund K is a stable value fund which invests in stable value investment vehicles such as guaranteed investment contracts, bank investment contracts, and synthetic guaranteed investment contracts issued by highly rated financial institutions and corporations as well as obligations of the U.S. Government or its agencies. The fund's principal objective is to provide investors with a moderate level of stable income without principal volatility. To achieve this, the fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant transactions at contract value. Plan management believes that the occurrence of events that would cause the Stable Value Fund K to transact at less than contract value is not probable.

Note 5. Stable Value Fund (Continued)

The average yields for the Wells Fargo Stable Value Fund K are as follows:

	<u>2022</u>	<u>2021</u>
Based on annualized earnings	2.52%	1.90%
Based on interest rate credited to participants	4.95%	1.30%

Certain events limit the ability of the Plan to transact at contract value with the financial institution issuer. Such events include the following: (1) material amendments to the Plan's structure or administration; (2) changes to the Plan's competing investment options including the elimination of equity wash provisions; (3) complete or partial termination of the Plan, including a merger with another plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (5) bankruptcy of the plan sponsor or other plan sponsor events (e.g., the closing or sale of a subsidiary, employing unit, or affiliate) which could cause a significant withdrawal from the Plan; (6) any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Plan; or (7) the delivery of any communication to a Plan participant designed to influence a participant not to invest in the Plan. At this time, the Plan does not believe that the occurrence of any such market value event, which would limit the Plan's ability to transact at contract with participants, is probable.

Note 6. Related Party Transactions

Certain Plan investments are managed by Newport Trust Company. Newport Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as a party-in-interest transaction. Fees paid to the trustee were \$54,628.

Effective April 1, 2014, Newport Trust Company provides certain administrative services to the Plan pursuant to a Services Agreement between the Company and Newport Trust Company. Newport Trust Company receives revenue from mutual fund and collective trust fund service providers for services Newport Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Newport Trust Company for its administrative services to the Plan.

If the revenue received by Newport Trust Company from such mutual fund or collective trust fund service providers exceeds the amount owned under the Services Agreement, Newport Trust Company remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses. During 2022, there were \$64,521 received from this revenue sharing arrangement. The Plan may make a payment to Newport Trust Company for administrative expenses not covered by revenue sharing.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 7. Tax Status

The prototype document obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the *IRC*. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC* and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Company. These employees may also be Plan participants. No such officer or employee receives compensation from the Plan.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 11. Subsequent Events

Management evaluated all activity of the Plan through October 13, 2023 (the issue date of the Financial Statements) and concluded that no subsequent events have occurred that would require recognition in the Financial Statements or disclosure in the Notes to the Financial Statements.
