## INDEPENDENT AUDITORS' REPORT

To the Trustees and Plan Administrator of
**Stavola Management Company, Inc. 401(k) Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Stavola Management Company, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## STAVOLA MANAGEMENT COMPANY, INC. 401(k) PLAN

## NOTES TO FINANCIAL STATEMENTS

### (1) Description of plan

The following description of the Stavola Management Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the plan administrator.

**General** - The Plan is a defined contribution plan covering all nonunion employees of Stavola Management Company, Inc., Stavola Contracting Company, Inc., Stavola Construction Materials, Inc., Stavola Asphalt Company, Inc., Stavola Beaver Run Quarry, LLC, Stavola Flemington Asphalt, LLC, and Stavola Realty Company (collectively, the "Companies" or "plan sponsors"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Contributions** - Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants may also elect to make post-tax (Roth) contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation, which is subject to an annual increase of 1 percent of compensation up to a maximum of 10 percent of compensation. Contributions resulting from the automatic enrollment are invested in a designated balanced fund until changed by the participant. Annual deferral rate increases are applied on July 1st of each year following the anniversary of the initial deferral withheld.

The Plan allows for the Companies to contribute safe harbor employer contributions of 100% of a participant's contribution to the Plan up to a maximum of 4% of his or her compensation. In addition, the Companies may elect to make discretionary matching contributions and/or profit-sharing contributions. For the year ended December 31, 2022, there were no discretionary matching contributions or profit-sharing contributions made.

Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

**Participant investment account options** - Participants direct the investment of all contributions into various options offered by the Plan. The Plan currently offers several mutual funds and a money market fund, a guaranteed income fund, and a pooled separate account.

**Participant accounts** - Each participant's account is credited with the participant's contribution and allocations of the Companies' contributions and the Plan's earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

(1) Description of plan (continued)

**Vesting** - Participants are immediately vested in their contributions plus actual earnings thereon. The Companies' safe harbor employer contributions are fully vested when contributed.

Vesting in the Companies' discretionary and profit-sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in the Companies' discretionary contribution portion of his or her account after six years of credited service, as follows:

| Years of Service | Vested % |
|---|---|
| Less than 2 | 0 |
| 2 but less than 3 | 20 |
| 3 but less than 4 | 40 |
| 4 but less than 5 | 60 |
| 5 but less than 6 | 80 |
| 6 or more | 100 |

**Notes receivable from participants** - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loan transactions are treated as transfers between the investment fund and the participants' loan receivable accounts. Loans range in terms from 1 - 5 years, with a longer term for the purchase of a primary residence. The loans are secured at their inception by the balances in the participants' accounts and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

**Payment of benefits** - On termination of service due to death, disability, or retirement, a participant or his or her beneficiary(ies) may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a fixed number of years. A lump sum will be distributed if the participant's balance is less than $5,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**Forfeited accounts** - As of December 31, 2022 and 2021, forfeited nonvested accounts totaled $7,993 and $7,700, respectively. These forfeited nonvested accounts can be used to reduce future employer contributions. During the year ended December 31, 2022, no forfeited nonvested accounts were used to reduce employer contributions.

(2) Summary of significant accounting policies

**Basis of accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) Summary of significant accounting policies (continued)

**Investment valuation and income recognition** - The Plan has investments in mutual funds, a pooled separate account, and a money market fund, which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan also has an investment contract with an insurance company which allows participants to invest in a guaranteed income fund. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the investment contract at contract value, which approximates its fair value. See Note 5 for discussion of the guaranteed income fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation/appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes receivable from participants** - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan in default, the participant loan balance is reduced, and a benefit payment is recorded.

**Payment of benefits** - Benefits are recorded when paid.

**Administrative expenses** - Certain expenses of the Plan are paid by the Companies and are not included in the statement of changes in net assets available for benefits.

(3) Investment information

**Change in custodian** - Effective April 1, 2022, Empower Annuity Insurance Company of America ("EAICA") acquired the full-service retirement business of Prudential Financial, Inc. In connection with the transaction, EAICA, acquired all shares of Prudential Retirement Insurance and Annuity Company ("Prudential"), a custodian of the Plan at the time. On October 3, 2022, Prudential was renamed Empower Annuity Insurance Company ("Empower").

**Information prepared and certified by a custodian** - Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held as of December 31, 2022 and 2021, and net depreciation in fair value of investments, net of investment income, for the year ended December 31, 2022, was obtained by management and derived from information certified as complete and accurate by Empower and Prudential. As of December 31, 2022 and 2021, approximately $27,600,000 and $11,300,000, respectively, was certified by Empower and Prudential, respectively. During the year ended December 31, 2022, approximately $3,600,000 of net depreciation in fair value of investments, net of investment income, was certified by Empower.

## (4) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: quoted prices for similar assets and liabilities in active markets; quoted prices for identical assets and liabilities in active markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the financial instrument.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques are used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

*Mutual funds and money market fund:* Valued at the daily closing price as reported by the fund. The mutual funds and money market fund held by the Plan are open-ended mutual funds and a money market fund, respectively, that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

*Pooled separate account:* Valued at the NAV of units of the separate account. The NAV, as provided by a custodian of the Plan, is used as a practical expedient to estimating fair value. Were the Plan to initiate a full redemption of the separate account, the custodian reserves the right to temporarily delay withdrawal from the account in order to ensure that securities' liquidations will be carried out in an orderly business manner. There are no unfunded commitments for the pooled separate account, the redemption frequency is daily, and the redemption notice period is daily.

(4) **Fair value measurements (continued)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

| | Investments at Fair Value as of December 31, 2022 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Investments in the fair value hierarchy: | | | | |
| Mutual funds | $ 18,754,786 | $ - | $ - | $ 18,754,786 |
| Money market fund | 421,142 | - | - | 421,142 |

| Total investments at fair value | | | | $ 26,783,691 |

(5) **Investment contract with an insurance company**

The Plan has an evergreen group annuity contract which is a fully benefit-responsive investment contract with Empower as of December 31, 2022. As discussed in Note 3, during 2022 Empower acquired Prudential, which held the evergreen group annuity contract prior to Empower. Both Empower and Prudential maintains and maintained, respectively, the contributions in a general account. The investment is valued at contract value, which was $10,359,475 and $9,626,793 as of December 31, 2022 and 2021, respectively, as determined by the custodians based on the value of the underlying assets in their general account. The account is credited with earnings and losses on the underlying investments and charged with participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

**(5) Investment contract with an insurance company (continued)**

Because the investment contract is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. In the event the Plan discontinues this investment, the contract value at that time would be due to the Plan. The underlying investments of Empower and Prudential's general accounts consist primarily of public and private fixed maturity securities and commercial mortgage loans. No specific investment or groups of investments in Empower and Prudential's general account back this investment contract. Contract value, as reported to the Plan by the custodians, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of one of the plan sponsors or other plan sponsors' events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable to occur.

The investment contract may be terminated by the Plan at any time but can only be terminated by Empower if the Plan does not meet certain operational obligations or fails to pay certain expenses as defined by the contract or if Empower abandons this class of investment.

**(6) Plan termination**

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contribution accounts.

**(7) Tax status**

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit-sharing plan, sponsored by Empower, is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed Empower in a letter dated September 16, 2022. The plan administrator has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. The plan administrator and trustees believe that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that "more likely than not" would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**(8) Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**(9) Related-party transactions and party-in-interest transactions**

Certain Plan investments are managed by Empower, Prudential, and Putnam Investments; therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to $89,168 for the year ended December 31, 2022. Fees paid by the Plan for the investment management services are included in net depreciation/appreciation in fair value of investments.

**(10) Subsequent events**

The Plan has evaluated subsequent events through October 13, 2023, which is the date the financial statements were available to be issued.
