REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Benefits Committee
Unit Corporation Employees' Thrift Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Unit Corporation Employees' Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's responsibilities for the audit of the financial statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Unit Corporation Employees' Thrift Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Unit Corporation Employees' Thrift Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Unit Corporation and its subsidiaries (collectively, the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company, whereby employees of the Company serve as the Benefits Committee. The Plan also utilizes Fidelity Management Trust Company (the "Trustee") as the trustee of the Plan and holds the Plan assets. Fidelity Workplace Services LLC processes and maintains the records of the participant data.

On May 22, 2020, the Company filed voluntary petitions for reorganization under Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court for the Southern District of Texas, Houston Division. The Company emerged from bankruptcy on September 3, 2020 which led to the cancellation of the shares of Unit common stock that the Plan held in exchange for warrants. Participant who held this Unit common stock at the time the common stock was canceled qualified to receive warrants if permitted by the Department of Labor ("DOL").

Effective July 11, 2023, the DOL approved an exemption permitting Plan participants to acquire warrants issued by the Company in connection with its bankruptcy filing without violating any prohibited transaction rules.

Effective December 1, 2021, the Plan was amended to establish Oneok employees who were part of the Superior Pipeline Acquisition on November 1, 2021 as eligible participants in the Plan.

Contributions

Employees who have reached 18 years of age and have completed three months of service are eligible to participate in the Plan, as defined by the Plan agreement. Participants can be enrolled in the Plan on the first day of the month after satisfying eligibility requirements. All employee contributions are accumulated in the individual participant's accounts and contributions are subject to certain limitations.

Participants are allowed to contribute from 1% to 99% of their eligible compensation, as defined in the Plan agreement, not to exceed Internal Revenue Service ("IRS") limitations for contribution limits. Participants may also elect to make Roth 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company provides safe-harbor matching contributions equal to 100% of deferrals up to 4% of a participant's eligible compensation.

Participants may direct the allocation of their contributions and employer safe-harbor matching contributions to any of the Plan's investment funds.

Unit Corporation Employees' Thrift Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe-harbor contribution and (b) Plan earnings or losses. Allocations are based on participant earnings (losses) or account balances, as defined in the Plan agreement.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's safe-harbor matching contribution plus actual earnings (losses) thereon.

Payment of Benefits

Distribution of a participant's vested account is available upon the participant's retirement, death, disability, termination of employment or attainment of age 59½. Distributions are available to satisfy a financial hardship meeting the requirements of the IRS regulations. Other in-service withdrawals are also available to participants subject to certain limitations as defined in the Plan agreement.

Forfeitures

While Plan participants are fully vested in their contributions, there are forfeitures related to prior years' QNEC contributions and uncashed checks written to participants.

Forfeitures are first used to pay Plan administrative expenses and then used to reduce employer contributions. The Plan had \$1,669 and \$30,021 in unallocated forfeitures at December 31, 2022 and 2021, respectively. Forfeitures utilized to pay Plan administrative expenses in 2022 were \$29,068.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Corporation Employees' Thrift Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2022 and 2021

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net depreciation of fair value of investments and are deducted directly from the participant's investment returns. The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses as permitted per the Plan agreement. There were \$2,651 and \$2,788 of unallocated funds in the revenue credit account as of December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, no unallocated funds were used from the revenue credit account.

NOTE 3 - TAX STATUS

The Plan utilizes a volume submitter document sponsored by Fidelity Management and Research Company ("Fidelity"). Fidelity obtained its latest opinion letter on June 30, 2020 in which the IRS stated that the document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and contract value, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2022.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the framework are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at fair value based on published market prices as of the close of business on the last business day of the Plan year, which represents the net asset value ("NAV") of shares held by the Plan.

Collective trust funds: Stated at fair value as determined by the issuer of the collective investment trusts based on the fair market value of the underlying investments, which is valued at the NAV of units of the collective investment trusts. The NAV is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at NAV ^(a)				15,992,973
Total investments, at fair value				\$ 66,820,737

^(a) In accordance with Accounting Standards Codification 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share at December 31, 2022 and 2021:

	Plan Year	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	2022	\$12,018,827	N/A	Daily	None
Collective trusts	2021	\$15,992,973	N/A	Daily	None

NOTE 6 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

During 2017, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract ("GIC") with Principal Life Insurance Company ("Principal"). During 2019, the Plan entered into another traditional fully benefit-responsive GIC with New York Life.

Both of the GICs are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contracts are presented at contract value on the statements of net assets available for benefits. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract values of the GICs were \$6,168,864 and \$5,482,214 at December 31, 2022 and 2021, respectively.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, assets of the Plan will be distributed to the participants.

NOTE 8 - RELATED PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Certain administrative fees related to the administration of the Plan are paid by the Plan or by the Company. Certain fees incurred by the Plan are included in net depreciation in fair value of investments on the statement of changes in net assets as they are paid through revenue sharing, rather than a direct payment. The Plan also makes direct payments to service providers which are not covered by revenue sharing. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Effective July 11, 2023, the DOL has approved an exemption permitting Plan participants to acquire warrants issued by the Company in connection with its bankruptcy filing (refer to Note 1) without violating any prohibited transaction rules.

Plan management evaluated events subsequent to December 31, 2022 and through September 25, 2023, the date on which the financial statements were available to be issued and determined that no other events were identified requiring disclosure in the financial statements.
