Independent Auditor's Report

Participants and 401(k) Committee
Hearts on Fire

Scope and Nature of the ERISA Section 103(a)(3)(C)
We have performed audits of the financial statements of Hearts on Fire (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, a qualified institution, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of Hearts on Fire, f/k/a Chow Tai Fook North America 401(k) Plan (the Plan) of Hearts on Fire Company, LLC d/b/a Chow Tai Fook North America (the Company) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan established by the Company on January 1, 2000. Company employees are eligible to participate once they meet the eligibility requirements of the Plan. The Plan is administered by the Company (the Plan Administrator) and plan assets are held by Fidelity Management Trust Company (the Trustee). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan most recently adopted the cycle 3 amendments effective March 24, 2021, the pre-approved plan documents were restated.

Eligibility requirements: The Plan covers all employees of the Company and its affiliate, HOFAS, Inc., who are age 21 or older and have completed three months of service. Once an employee is eligible, the employee enters the Plan on the next entry date, the first day of each month. Effective June 1, 2017, new hires are automatically enrolled, unless they affirmatively elect otherwise, at a deferral rate of 6% at the next entry date once eligibility requirements are met. Automatic annual increases in the deferral rate of 1% will be applied until a deferred rate of 10% is reached.

Contributions: Participants may contribute up to 100% of their compensation, subject to statutory limitations. Participants may also designate a portion or all the deferral contributions as Roth 401(k) contributions. These amounts will be deposited by the Company to the Plan on the participant's behalf. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also eligible for discretionary matching contributions, up to $4,000 for the plan years ended December 31, 2022 and 2021.

The Company may also make a discretionary profit-sharing contribution. The Company's contribution for any year is allocated among the participants who have completed 1,000 hours of service in that year and who are still employed on the last day of the year with certain exceptions. The Company allocates the discretionary profit-sharing contribution based on the formula, as follows: eligible participants' compensation divided by the total compensation of all participants eligible to share multiplied by the discretionary contribution. For the years ended December 31, 2022 and 2021, the Company did not make a discretionary profit sharing contribution.

Rollovers: With the approval of the Plan Administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Participant accounts: Each participant's account is credited with the participant's contribution and employer matching contributions, and allocations of: (a) the Company's profit-sharing contribution, and (b) the Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Participants vest in the Company contributions as follows:

Years of Service	Percentage Vested
Less than one year	0%
One year but less than two years	25%
Two years but less than three years	50%
Three years but less than four years	75%
Four years or more	100%

Notwithstanding the above, participants become 100% vested upon attaining normal retirement age (65), or termination of service due to death or disability.

Forfeitures: Forfeited balances, as defined in the Plan document, of terminated participants' nonvested accounts, may be used to reduce future Company contributions to the Plan or to pay administrative expenses. During the year ended December 31, 2022, there were $11,915 of forfeitures generated on non-vested contributions, $12,173 of available forfeited contributions used to pay employer match contributions, and earnings on the account of $95. During the year ended December 31, 2021, there were $27,683 of forfeitures generated on non-vested contributions, $31,022 of available forfeited contributions used to pay employer match contributions, and earnings on the account of $3,608. As of December 31, 2022 and 2021, there were unallocated amounts of $1,306 and $1,469, respectively.

Investment elections: Participants direct the investments in their individual accounts to various mutual funds and a common/collective trust selected for the Plan.

Notes receivable from participants: The Plan allows loans to eligible participants that are subject to certain statutory limits. The Plan permits its participants to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the excess of the highest outstanding loan balance during the previous 12 months) or 50% of the participant's vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. A participant may not have more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made in similar circumstances.

Payment of benefits: Upon termination of employment, attainment of early retirement age of 59½ or normal retirement age of 65, death, or permanent disability, the vested portion of the participant's account is payable in a lump-sum distribution to the participant or to a designated beneficiary.

Hardship withdrawals: In accordance with a uniform and nondiscriminatory policy adopted by the Plan Administrator, a participant may withdraw a portion of his or her deferral contributions to meet immediate and heavy financial needs, subject to the certain limitations outlined in the Plan.

Administrative expenses: The Company has elected to pay the administrative expenses incurred by the Plan, with the exception of administrative expenses related to participant loans and distributions, which are paid by the participant. Certain expenses of the Plan are deducted from participants' accounts or investment income.

Note 2. Summary of Significant Accounting Policies

Basis of accounting and use of estimates: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC).

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments in mutual funds are stated at fair value based upon quoted market prices. Investments in the common/collective trust are stated at net asset value (NAV) based on the fair value of its underlying assets and based on audited financial statements adjusted for account level fees. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits: Benefits are recorded when paid.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Income taxes: U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2019.

Note 3. Fair Value Measurements

The Plan applies the provisions of FASB ASC 820, which defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 1 includes investments in mutual funds.

Note 3. Fair Value Measurements (Continued)

Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant, rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

Valuation techniques: There have been no changes in the investment valuation techniques used during the current period.

Mutual funds: Mutual funds are valued at the closing price reported on the active market on which the individual mutual funds are traded. These investments are categorized as Level 1, as they are actively traded, and no valuation adjustments have been applied.

Common/collective trusts: Investments in common/collective trusts are valued at NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of its underlying investments held by the fund less its liabilities.

Assets measured at fair value on a recurring basis as of December 31, 2022 and 2021, are as follows:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 8,096,112	$ -	$ -	$ 8,096,112
Investments measured at NAV (a)	-	-	-	643,159
Total assets at fair value	$ 8,096,112	$ -	$ -	$ 8,739,271

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 10,447,109	$ -	$ -	$ 10,447,109
Investments measured at NAV (a)	-	-	-	541,198
Total assets at fair value	$ 10,447,109	$ -	$ -	$ 10,988,307

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 3. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021:

	Fair Value Estimated Using NAV Per Share			
	December 31, 2022			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust:				
Putnam stable value fund	$ 643,159	$ -	Daily	(b)

	Fair Value Estimated Using NAV Per Share			
	December 31, 2021			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/collective trust:				
Putnam stable value fund	$ 541,198	$ -	Daily	(b)

(b) Withdrawals from the fund will generally be permitted daily at NAV. Putnam Fiduciary Trust Company may defer honoring employer withdrawal requests or an asset allocation fund's withdrawal request for up to 12 months.

Note 4. Notes Receivable from Participants

The Plan permits its participants to obtain loans against their respective account balances. As of December 31, 2022 and 2021, total loans outstanding were $46,720 and $80,963, respectively. During the years ended December 31, 2022 and 2021, interest earned on such loans was $3,533 and $4,296, respectively. Loans to participants are collateralized by the respective participant's remaining account balance.

Note 5. Information Prepared and Certified by the Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate.

Note 5. Information Prepared and Certified by the Plan's Trustee (Continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2022	2021
Investments at fair value:		
Mutual funds	$ 8,096,112	$ 10,447,109
Investments at fair value using NAV per share:		
Common/collective trust	643,159	541,198
	$ 8,739,271	$ 10,988,307
Notes receivable from participants	$ 46,720	$ 80,963

The Trustee also certified to the completeness and accuracy of $2,608,824 of net depreciation and $563,858 of net appreciation in fair value of investments $755,656 and $983,458 of interest and dividends related to investments, and $3,533 and $4,296 of interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, respectively.

Note 6. Tax Status

The Trustee received an opinion letter dated June 30, 2020, stating that the volume submitter plan document adopted by the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The Plan was subsequently amended; however this amendment would not alter the opinion. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan, to fully terminate the Plan subject to the provisions of ERISA. In the event of a full plan termination, participants will become 100% vested in their accounts.

Note 8. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the Trustee of the Plan, and the Plan also issues loans to affiliates which are secured by the balances in participant accounts. These transactions qualify as parties-in-interest transactions as that term is defined in Section 3(14) of ERISA.

Note 9. Subsequent Events

Plan management has evaluated subsequent events through October 12, 2023, the date on which the financial statements were available to be issued.
