REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
McLane Company, Inc. Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of McLane Company, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the McLane Company, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the exclusive benefit of the participating employees of McLane Company, Inc. (the "Employer" or the "Company" or the "Plan Sponsor"), a wholly owned subsidiary of Berkshire Hathaway Inc., who have completed a minimum of 90 days of service. The Plan is administered by the 401(k) Committee who is responsible for, among other things, analyzing performance of investment options and selecting new investment options to be offered under the Plan. Bank of America, N.A. ("Bank of America" or "Trustee") is the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Employees become eligible to join the Plan on the first day of the pay period on or after the date they have completed 90 days of service with the Company, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All employee contributions are accumulated in the individual participant's accounts and contributions are subject to certain limitations.

All eligible employees who elect to participate in the Plan are required to contribute at least 1% and may contribute up to 50% of their "basic considered compensation" (as defined in the Plan document). Employees who are eligible to participate in the Plan but have not made an affirmative election to participate are automatically enrolled on the first day of the pay period after becoming eligible to participate, based on the service requirements outlined above. The initial contribution, subject to amendment at the discretion of the participant, is 3% of basic considered compensation.

The Employer's discretionary matching contribution is determined annually by the Company and is credited to participants based upon eligible wage/salary deferrals and years of service. Participants who contribute to the Plan during a plan year and are no longer employed with the Company at year-end are eligible to receive the discretionary Company matching contribution for that plan year only if the participant during the year: (i) retired upon reaching the age of 65, (ii) died, or (iii) became disabled. If a participant terminates employment with the Company for any other reason, the discretionary Company matching contribution will not be received.

For the year ended December 31, 2022, the Employer elected to contribute a match of $1.00 for every dollar of contributions of the first 3% of the participants' deferred compensation for participants with less than 7 years of service; 100% of the first 3.5% of the participants' deferred compensation for participants with more than 7 years but less than 15 years of service; and 100% of the first 4% of the participants' deferred compensation for participants with more than 15 years of service.

Investment Options

Participants may direct employee deferrals, employee rollovers, and employer matching contributions in 1% increments, provided all increments sum to 100%, to their choice of the investment options offered by the Plan. Participants may change their investment options periodically as prescribed by the Plan document.

Notes Receivable from Participants

Participants must have a minimum vested account balance of $2,000 when applying for a loan. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, minus the highest loan balance during the preceding 12 months, or 50% of their vested account balance. A participant may only have one loan outstanding at any time. There is a $50 loan origination fee. Principal and interest are paid ratably via payroll deductions in substantially equal amounts over a period chosen by the participant at the time of loan origination. The loans are secured by the participant's remaining vested balance in the Plan. The Plan may declare a loan in default and all amounts owed are due and payable immediately after a participant fails to make a payment for six months, in the event of leave of absence or in the event of separation from employment if the loan is not repaid in full within 90 days. The loan interest rate is 1.00% over the Prime Rate in The Wall Street Journal, and the loan rate is established on the loan origination date and remains fixed for the full term of the loan. An outstanding loan is required before a hardship withdrawal may be taken.

Vesting

Upon termination of employment, a participant is entitled to receive their vested balance in the Plan. All employee contributions and related earnings are 100% vested. A participant does not have a vested interest in employer contributions until they have completed two full years of service (as defined in the Plan document), at which time they become 40% vested; an additional 20% is vested with each additional year of service until the participant becomes fully vested after five years of service. A participant who attains normal retirement age of 65 is fully vested, regardless of their length of service.

Forfeitures of unvested amounts are generally used to restore forfeitures of rehired employees. Once restoration requirements have been met, forfeitures are used to pay Plan expenses and then the remaining forfeitures are allocated to the employees active in the Plan at the end of the Plan year based upon their relative basic considered compensation during the Plan year. At December 31, 2022 and 2021, forfeited non-vested accounts totaled $653,564 and $907,333, respectively. The Plan Sponsor used forfeitures of $1,278,479 and $1,233,505 to pay expenses in 2022 and 2021, respectively. Forfeited non-vested accounts allocated to employees active in the Plan during 2022 and 2021 totaled $647,333 and $290,802, respectively.

Payment of Benefits

A participant may receive a lump-sum amount equal to the vested balance of his or her account upon termination of service, death, disability, or retirement. Participants may receive hardship withdrawals if they meet the stated requirements.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

Although it has not expressed the intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

Certain costs and expenses incurred regarding the purchase, sale or transfer of investments are paid by the Plan. Investment advisory fees for portfolio management are paid directly from fund earnings and are included in mutual fund expense ratios. Certain other administrative expenses, including certain legal expenses and the wages/salaries of employees associated with the administration of the Plan, were paid by the Company and are excluded from these financial statements. The Plan pays an annual recordkeeping fee to Bank of America, in the amount of $40 for each participant in the Plan. This recordkeeping fee is offset by miscellaneous charges and estimated "additional compensation" that Bank of America receives. Miscellaneous charges consist of loan initiation fees, distribution fees, and fees related to the discrimination tests performed by Bank of America. Additional compensation consists of service fees paid to Bank of America for specific funds held within the Plan's portfolio. To the extent that the sum of the miscellaneous charges and estimated additional compensation for a quarter is less than the annual recordkeeping fee, the difference is returned to the Plan each month and refunded directly to participant accounts through a rebate allocation, which for the years ended December 31, 2022 and 2021, was approximately $4.3 million $4.6 million, respectively, and included as other investment income in the statement of changes in net assets available for benefits. As of December 31, 2022 and 2021, approximately $23,000 and $0 of rebates were included in Plan assets, respectively, but had not been allocated to participant accounts yet.

NOTE C - FINANCIAL DATA CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of assets (held at end of year) as of December 31, 2022.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. The fund attempts to stabilize the NAV of its shares at $1.00 by valuing its portfolio of securities using the amortized cost method. The fund calculates a market-based NAV per share on a periodic basis. The fund does not guarantee that its NAV will always remain at $1.00. Such transactions do not constitute an active market.

Registered investment companies represent investments with various investment managers. The fair value of these investments is determined by the closing price as reported by the fund. Shares held in mutual funds traded on national securities exchanges are valued and transact at the NAV. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts are valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021 (in thousands):

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 947,861	$ -	$ -	$ 947,861
Money market funds	-	502	-	502
Total assets in fair value hierarchy	$ 947,862	$ 502	$ -	
Investments measured at NAV				213,918
Investments, at fair value				$ 1,162,281

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,209,515	$ -	$ -	$ 1,209,515

Total assets in fair value hierarchy	$ 1,209,515	$ 228	$ -	
Investments measured at NAV				244,551
Investments, at fair value				$ 1,454,294

The following table summarizes investments measured at fair value based on NAV per share at December 31, 2022 and 2021 (in thousands):

	Plan Year	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	2022	$ 213,918	N/A	Daily	None
Collective trusts	2021	$ 244,551	N/A	Daily	None

NOTE E - INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated March 6, 2018, stating that the Plan is designed as a qualified plan under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan, as amended. However, the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan has engaged a consultant to provide investment management services to the Plan. This consultant may be paid finders and other fees when the Plan selects a fund for the investment of Plan assets. These fees are incorporated into the expense ratios of the individual funds and paid directly from fund earnings; therefore, these transactions qualify as party-in-interest transactions.

The Plan pays an annual recordkeeping and trustee fees to Bank of America. These fees paid to Bank of America are included as an offset within investment income and those fees which are in excess of actual Plan expenses are returned to the Plan and presented as other income within investment income in the Statement of Changes in Net Assets Available for Benefits. These recordkeeping fees qualify as party-in-interest transactions.

The Plan has notes receivable from certain of its participants. These transactions also qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE G - RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of those securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events after the balance sheet date of December 31, 2022 through October 11, 2023, the date the financial statements were available to be issued and determined no such events were identified for disclosure in the financial statements.
