INDEPENDENT AUDITOR'S REPORT

To the Trustees
American Stock Transfer & Trust Company Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of **American Stock Transfer & Trust Company Retirement Savings Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **American Stock Transfer & Trust Company Retirement Savings Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **American Stock Transfer & Trust Company Retirement Savings Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **American Stock Transfer & Trust Company Retirement Savings Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **American Stock Transfer & Trust Company Retirement Savings Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **American Stock Transfer & Trust Company Retirement Savings Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of American Stock Transfer & Trust Company Retirement Savings Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated July 29, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

AMERICAN STOCK TRANSFER & TRUST COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of American Stock Transfer & Trust Company Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was a defined-contribution plan established on January 1, 1989 to provide retirement and other related benefits to all employees of American Stock Transfer & Trust Company, LLC, including participating employers, (the "Company"). Employees became eligible to participate for purposes of salary reduction contributions upon attaining the age of 18. Entry dates occurred on the first day of each month. Excluded employees included those covered by a collective bargaining agreement, leased employees, nonresident aliens and Customer Services Representative I employees. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Merger: The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. During the year ended December 31, 2021, the Company was acquired by Siris Capital Group, LLC and was merged with Equiniti Group plc. In conjunction with the acquisition, on November 8, 2022, the Retirement Plan Committee voted to merge the Plan into the Equiniti 401(k) Plan effective December 31, 2022. The assets were transferred out of the Plan on December 30, 2022 and were posted to the accounts of the Equiniti 401(k) Plan in early 2023. Participants were notified of a blackout period while their accounts were automatically transferred into the Equiniti 401(k) Plan.

Contributions and Allocations: Each year, participants could contribute an amount up to 90% of their pretax annual compensation, as defined in the Plan. Participants who had attained the age of 50 before the end of the plan year were eligible to make catch-up contributions as prescribed by Treasury regulations. Participants, with the consent of the Plan Administrator, could deposit amounts received from any other retirement plan which satisfy the tax rules for rollovers. Unless otherwise instructed by the participant, upon becoming eligible to participate in the Plan, 6% of the participant's eligible compensation would be contributed to the Plan subject to annual limits set by the IRS.

The Company could, at its discretion, make a matching and non-elective contribution to the Plan in any Plan year in an amount determined by the Board of Directors of the Company. To be eligible to receive a discretionary matching contribution, participants could not be a highly compensated employee for the Plan year. To be eligible to receive a discretionary non-elective contribution, a participant had to be employed by the Company on the last day of the Plan year and earn at least 1,000 hours of service during the Plan year. During the year ended December 31, 2022, the Company made matching contributions equal to 50% on the first 6% of eligible compensation that a participant contributed to the Plan. During the year ended December 31, 2022, the Company did not make a discretionary non-elective contribution to the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts: Each participant's account was credited with the participant's contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) were based on account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

Investment Options: Participants directed the investment of contributions into various investment options offered by the Plan.

Vesting: Participants were immediately vested in their voluntary contributions, employer discretionary matching contributions, non-elective discretionary contributions and any actual earnings thereon.

Forfeitures: Forfeited non-vested accounts totaled \$32,473 as of December 31, 2021. These accounts could be used to pay administrative expenses or reduce employer contributions.

Notes Receivable from Participants: Participants could borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Notes receivable terms could not exceed five years unless for the purchase of a primary residence. Loans were secured by the balances in the participants' accounts and were supported by a promissory note. Loans bore interest at rates based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances (ranged from 4.25% to 6.50% at December 30, 2022 prior to the Plan merger). Principal and interest were paid ratably usually through payroll deductions. If the participant terminated employment or retired, the outstanding loan balance was due immediately unless the participant remained a party-in-interest. Failure to repay would result in the loan being offset from the participant's account. The offset loan amount would be considered a taxable distribution to the participant.

Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant would elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installment distributions. If a participant terminated employment for any reason, his or her account would become distributable if below \$5,000. A participant could also request a withdrawal upon attainment of age 59 ½ or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document.

Plan Amendments: Effective March 23, 2022, the Plan was amended as follows:

- Plan entry dates for employee contributions from the first day of each month to immediate upon meeting requirements.
- To allow for employee catch-up contributions to be matched.
- To allow for Roth contributions in the Plan and allow for rollovers of Roth contributions.

AMERICAN STOCK TRANSFER & TRUST COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan were prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition: Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilized information provided by the investment advisers, trustees and other parties involved with the Plan. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses and Revenue Credit Program: Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company or the Revenue Credit Program. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net depreciation of fair value of investments.

The Revenue Credit Program provided income in situations where recordkeeping revenue earned in connection with plan services exceeded agreed-upon compensation. Fidelity (Note 6) would deposit any excess revenue in a plan-level suspense account in the Plan. The Plan Administrator could then direct Fidelity to pay qualified plan-level expenses or allocate unused credit to eligible participants via funds from the Revenue Credit Program account. The balance in the Plan's Revenue Credit Program account was \$3,628 as of December 31, 2021.

Use of Estimates: The preparation of financial statements in conformity with GAAP required Plan management to make estimates and assumptions that affected the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilized various investment instruments. Investment securities, in general, were exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it was reasonably possible that changes in the values of investment securities would occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefit payments to participants were recorded when paid.

AMERICAN STOCK TRANSFER & TRUST COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses had been recorded as of December 31, 2022 and December 31, 2021.

Uncertain Tax Positions: GAAP required Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator had analyzed the tax positions taken by the Plan, and had concluded that as of December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 3: TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan had not received a determination letter specific to the Plan itself and the Plan had been amended since the latest determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes had been included in the Plan's financial statements.

NOTE 4: CERTIFICATION OF TRUSTEE

The Plan Administrator had elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Fidelity Management Trust Company, certified that the following data included in the accompanying financial statements were complete and accurate.

	<u>December 31,</u>	
	2022	2021
Mutual funds	\$ -	\$ 61,884,773
Common/collective trust	\$ -	\$ 2,998,110
Notes receivable from participants	\$ -	\$ 859,154

	<u>Year Ended</u> <u>December 31,</u> 2022
Net depreciation in fair value of investments	\$ (15,026,495)
Interest and dividends	\$ 2,945,109
Interest earned on notes receivable from participants	\$ 40,180

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 5: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provided a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 were described as follows:

Level 1 - inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that were observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that were observable for the asset or liability;
- inputs that were derived principally from or corroborated by observable market data by correlation or other means.

AMERICAN STOCK TRANSFER & TRUST COMPANY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability had a specified (contractual) term, the Level 2 input must have been observable for substantially the full term of the asset or liability.

Level 3 - inputs that were unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021. There were no assets at December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

The preceding methods described may have produced a fair value calculation that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 61,884,773	\$ -	\$ -	\$ 61,884,773
Total investments in the fair value hierarchy	<u>\$ 61,884,773</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 61,884,773
Investments measured at net asset value (a):				
Common/collective trust				<u>2,998,110</u>
Total investments at fair value				<u>\$ 64,882,883</u>

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use NAV: The following table summarizes the common/collective trust measured at fair value based on NAV per share as of December 31, 2021:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Other</u> <u>redemption</u> <u>restrictions</u>	<u>Redemption</u> <u>Notice Period</u>
Common/collective trust	\$ 2,998,110	None	Daily	None	1 day

NOTE 6: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were shares of mutual funds and a common/collective trust advised by Fidelity Management & Research Company ("FMR"), an affiliate of Fidelity Management Trust Company ("FMTC"), the Trustee as defined by the Plan. Fidelity Investments Institutional Operations Company, the Plan's recordkeeper, is also an affiliate of FMR and FMTC. Transactions with these entities qualify as party-in-interest transactions.

NOTE 7: SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2022, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is October 13, 2023, which is the date the financial statements were available to be issued.
