Administrative Committee and Participants
Lummus Corporation Employees 401(k) Plan
Savannah, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lummus Corporation Employees 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 201 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following brief description of the Lummus Corporation Employees 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by Lummus Corporation (the Company or Employer) to provide deferred tax benefits, savings, and Company contributions to eligible employees. The Plan is subject to provisions of the Employee Retirement Securities Act of 1974 (ERISA).

The Plan adopted by the Company, effective June 1, 1993, was most recently amended and restated effective June 8, 2022.

Transfers of Plan Assets as a result of a Plan Merger

Effective June 8, 2022, the Carter Control Systems, Inc. 401(k) Plan was merged into the Lummus Corporation Employees 401(k) Plan. Carter Control Systems, Inc. is a wholly owned subsidiary of Lummus Corporation. As a result of the merger, assets totaling \$3,101,398 transferred into the Plan.

Eligibility

The Plan covers all employees who have completed two months of service and are at least age 18, excluding collectively bargained (union) employees and nonresident aliens. Eligible employees are automatically enrolled in the Plan immediately upon satisfaction of eligibility requirements.

Participant Contributions

Participants may elect to make pre-tax and/or Roth contributions up to the dollar limitation of the Internal Revenue Code (IRC). In addition, eligible participants are permitted to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct their investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect a different percentage. Automatically enrolled participants have their deferral rate set at 3% of their compensation. A participant may prospectively change the percentage of their contribution at any time. The change will generally be effective the next pay period.

Company Contributions

The Company may fund a discretionary matching contribution (Company discretionary matching contribution) to eligible employees. Additionally, the Company may also make a discretionary non-elective contribution (Company nonelective contributions) to eligible participants. These Company contributions are a uniform dollar amount made to the Plan at the end of each Plan year quarter. For the year ending December 31, 2022, the Company matched 50% of participant contributions up to 6% of each participant's compensation, subject to limits under the IRC. For the year ending December 31, 2022, the Company did not fund a Company nonelective contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings on the investments in their account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

1. Description of the Plan (cont.)

Investment Options

Participants are solely responsible for directing their accounts in and among various investment options. Participants may change their investment elections and transfer money between investment options on a daily basis.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. The loans are secured by the balance of the participant's account. During 2022, loans had fixed interest rates ranging from 4.25% to 7.25% for the term of the loan, not to exceed 5 years, or 15 years if used for the purchase of a principal residence. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions and related earnings. Vesting in the Company discretionary matching and discretionary non-elective contribution portions of their accounts, plus actual earnings/losses thereon, is based on years of continuous service. Participants vest ratably based on the schedules below or are fully vested in the event of death or disability. Additionally, participants who transferred to the Plan from the Carter Control Systems, Inc. 401(k) Plan on June 8, 2022, will be 100% vested at all times in all accounts upon the attainment of age 55 and 10 years of eligibility service.

As part of the restatement effective June 8, 2022, the vesting schedule was changed as follows. Prior to plan restatement and merger effective June 8, 2022:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

Effective June 8, 2022, the Plan changed to the 3-year cliff vesting schedule, such that participants were 0% vested until obtaining 3 vesting years of service, at which time they became 100% vested. As part of the restatement, participants of the Plan whose employment commencement date began prior to June 8, 2022, will be subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Zero to One	20%
Two	40%
Three or more	100%

1. Description of the Plan (cont.)

Payment of Benefits

A participant's contributions and employer contributions may be withdrawn upon retirement (on or after the attainment of normal retirement age), termination of employment, disability, or death. Participants may elect to have distributions paid in a lump-sum, or installments (only if the participant is subject to lifetime Required Minimum Distributions (RMDs)). Under certain qualifying circumstances, hardship withdrawals are permitted under the Plan.

Forfeited Accounts

Any non-vested portion of the Company's matching contribution credited to participants accounts who withdraw prior to becoming fully vested are forfeited and will be used by the Company to reduce future Company contributions or pay Plan expenses. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$25,735 and \$5,608, respectively. For the year ending December 31, 2022, the Plan used \$61,409 to pay Plan expenses.

Plan Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair valued of investments presented in the accompanying statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company LLC (Empower) has certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2022, and for the period from January 1, 2022 through December 31, 2022, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021, and for the year ended December 31, 2022, is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) No. 820 are described as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Lummus Corporation Employees 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

Registered Investment Companies - Shares of registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year-end obtaining quoted prices on nationally recognized securities exchanges.

Common Collective Trust - The Federated Hermes Capital Preservation Fund is a common collective trust fund that is valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust was based on information reported using the audited financial statements of the collective trust at year-end. The investment income (loss) was allocated to participants based on their proportionate share of the net assets of the fund.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,968,707	\$ -	\$ -	\$ 9,968,707
Common collective trust measured at NAV*	-	-	-	489,698
Total investments at fair value				<u>\$ 10,458,405</u>

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,057,598	\$ -	\$ -	\$ 11,057,598
Common collective trust measured at NAV*	-	-	-	853,404
Total investments at fair value				<u>\$ 11,911,002</u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments, other than Level 1, in certain entities that calculate net asset value per share (or its equivalent) follows:

Investment	Fair value at December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common/collective trust					
Federated Capital					
Preservation Funds	\$ 489,698	\$ 853,404	N/A	Daily (**)	N/A (**)

Lummus Corporation Employees 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements (cont.)

** Withdrawals from the Federated Capital Preservation Fund, which are due to the Plan's initiated events, will be made within the twelve-month period following receipt of the Plan's written request. Participant-directed transfers from the Federated Capital Preservation Fund are permitted to non-competing funds with no redemption notice.

The common/collective trust participates in stable value products that invest primarily in benefit-responsive investment contracts issued by insurance companies and other financial institutions (Contracts), fixed income securities, and money market funds. Under the terms of the Contracts, the asset of the funds are invested in fixed income securities (which may include but are not limited to, U.S. treasury and agency bonds, mortgage-backed securities, commercial mortgage backed securities, asset backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and share of money market funds.

5. Tax Status

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing/ Money Purchase/ CODA (pre-approved plan) sponsored by Great-West Trust Company, LLC, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan is designed in accordance with the provisions of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

While the Company has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination of the Plan, affected participants would become 100% vested and the assets remaining shall be distributed to participants in proportion to their respective account balance at the date of termination, subject to the provision of ERISA.

7. Party-In-Interest Transactions

Party-in-interest transactions include notes receivable from participants and certain investments managed by Empower. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amount reported in the Plan's statements of net assets available for benefits.

Notes to Financial Statements

9. SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2022		2021	
Net assets available for benefits per the financial statements	\$	10,562,317	\$	11,999,861
Add: excess contribution payable		-		9,825
Net assets available for benefits per Form 5500	\$	10,562,317	\$	12,009,686

11. Subsequent Events

Management has evaluated subsequent events through October 03, 2023, the date the financial statements were available to be issued.
