Independent Auditor's Report

To the Plan Administrator
UVA Physicians Group Retirement Plan
Charlottesville, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of UVA Physicians Group Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UVA Physicians Group Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the UVA Physicians Group Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2017, with net assets from the terminated University of Virginia Physicians Group (UPG) Administrative Staff Retirement Plan, a defined contribution 401(k) plan, that merged into the Plan on January 5, 2017. All participants of the merged plan remain participants of the Plan, and there were no changes or interruptions to participant or employer contributions. Employees classified as clinicians hired after January 1, 2017, or rehired after December 15, 2017, and not otherwise included as participants in the University of Virginia Physicians Group Clinicians Supplemental Retirement Plan, which was closed to new and rehired clinicians as of January 1, 2017, are also eligible to participate in the Plan.

The Plan is a defined contribution 401(k) plan covering substantially all employees of the University of Virginia Physicians Group (UPG). Employees not eligible for the Plan include certain clinicians or employees whose employment is governed by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. UPG, as plan sponsor, has appointed certain employees of UPG as Plan Administrator. UPG's executive committee serves as the overseer of the Plan Administrator and makes all Plan decisions. TIAA and CREF Trust Company, FSB is the trustee of the Plan.

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is TIAA-CREF (the Trustee). The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Restatement

The Plan was amended and restated effective January 1, 2021 and added additional provisions to the Plan document impacting plan year 2021 and beyond, including:

- Allowing for qualified birth or adoption distribution of up to \$5,000. The Plan also will accept a Participant's repayment, in one or more contributions in an aggregate amount not to exceed the amount of such withdrawal.
- Allowing for hardship distributions related to: expenses and losses (including loss of income) incurred as a result of a disaster declared by the Federal Emergency Management Agency (FEMA); provided that, the Participant's principal residence or principal place of employment is located in the designated disaster area.
- Specifying that Participants whose employment terminated as a result of the "Support Services Agreement" between Novant Health UVA Health System and UPG were 100% vested as of August 31, 2017.
- Loan repayments that were due from March 27, 2020 through December 31, 2020 were delayed. All loans for which repayment was delayed were re-amortized, and repayment on those re-amortized loans began, as of January 1, 2021.

UVA Physicians Group Retirement Plan

Notes to Financial Statements

Eligibility

Employees of the Company are considered eligible for participation, except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (3) leased employees; (4) independent contractors; (5) any Clinician who was employed as a Clinician at any time prior to January 1, 2017 and is eligible to participate in and receive benefits under the Clinicians Supplemental Retirement Plan or the Clinicians Retirement Plan; and (6) An Employee who is classified by the Employer as a Moonlighter Clinician.

There is no age requirement to enter the Plan.

Contributions

Each year, participants may contribute up to 60%, but not less than 1% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document.

The Plan also allows for Roth and/or after-tax contributions.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan also allows in-Plan Roth rollover conversions.

UPG contributes on behalf of each participant an amount equal to 50% of the participant's pretax contribution, not to exceed 6% of the participant's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for rollover contributions which are contributions to the Plan on account of an "eligible rollover distribution" from another tax-qualified retirement plan. All taxes on the pretax contributions and Plan earnings are deferred until the participant withdraws them from the Plan.

UPG may, in its discretion, make an employer discretionary contribution for each participant who is eligible each year. The discretionary contribution shall be determined as follows:

Years of Service	Contribution Percentage of Compensation - Staff	Contribution Percentage of Compensation - Clinicians
Less than 5	4%	1%
5 - 9 years	6%	2%
10 - 14 years	8%	3%
15 or more	10%	4%

UVA Physicians Group Retirement Plan

Notes to Financial Statements

There were no discretionary contributions made during the year ended December 31, 2022.

During 2022, UPG matched 50% of participant (excluding Clinician) contributions up to 6% of eligible compensation.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately vested in their voluntary contributions, catch-up contributions, and rollover contributions and actual earnings or losses thereon. They become fully vested in UPG's matching and discretionary contributions to their accounts ratably over five years of credited service or upon death, disability, or retirement, as defined in the Plan.

Vesting Service (in Years)	Vesting Percentage (%)
Less than 1	-
1 but less than 2	20
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 years or more	100

Payment of Benefits

Upon attainment of age 55, participants are entitled to withdraw all or a portion of the vested portion of their accounts. Participants who discontinue service with UPG before age 55 other than by reason of death or disability shall be entitled to receive a lump-sum benefit payment equal to the vested portion of their accounts.

The Plan also permits withdrawals in the event of financial hardship, subject to approval by the Plan Administrator. Upon receiving a hardship distribution, the participant may not make contributions for the calendar year that immediately follows the year of the withdrawal in excess of the IRC limit for the year, minus the amount of the participant's contributions for the year in which the withdrawal is made.

UVA Physicians Group Retirement Plan

Notes to Financial Statements

If the sum of a terminated participant's vested account balance does not currently exceed \$1,000, then payment of the participant's vested account will be made to the participant in a single lump sum as soon as practicable.

Forfeitures

Forfeited amounts are first made available to reinstate previously forfeited account balances, if any, of former participants if they are rehired before considered to have a break in service, and then to reduce future employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$12,066 and \$0, respectively. Approximately \$232,046 of the forfeited funds were used to fund employer contributions in 2022.

Notes Receivable from Participants

Subject to the Plan Administrator's consent, participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balances except for amounts borrowed under the CARES Act. Loan terms range from 1-5 years. Longer loan terms can be approved by the Plan Administrator for the purchase of a primary residence. The loans are secured by the vested balance remaining in the participant's account and bear an interest rate at prime rate plus 1% or at local prevailing rates as determined by the Plan Administrator, which would be made under similar circumstances and is fixed for the term of the loan. Loans are repaid through payroll deductions.

Also, each participant may not have more than one loan outstanding at any time.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Other income includes net amounts realized on interfund transfers and are treated as dividends.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. As of December 31, 2022, there were \$10,670 of deemed distributions. As of December 31, 2022, notes receivable from three participants make up 15% of the total notes receivable from participants balance

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by either the Plan or the Plan Sponsor, as provided by the Plan's Document. Any legal and accounting fees are paid by the Plan Sponsor. Expenses paid by the Plan Sponsor are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits As of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the Year Ended December 31, 2022.
- Investment information included in the supplemental Schedule H-Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

One of the Plan's investment options includes a self-directed brokerage account, which allows participants to establish a brokerage account and select various investments consisting of mutual funds and Exchange Traded Funds (ETF). ETF are valued at quoted market prices.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by TIAA and CREF. Participant loan and distribution processing fees are paid to trustee and recordkeeper by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The Plan paid administrative fees of \$130,830 to TIAA and CREF for administration, trustee services and recordkeeping during the year ended December 31, 2022. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

Although it has not expressed any intention to do so, UPG has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Tax Status

The IRS has determined and informed the Plan by a letter dated July 3, 2018 that the Plan and related trust were designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan sponsor is responsible for reviewing the annual Required Amendments List issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been

Notes to Financial Statements

amended since the date of the determination letter, Plan management believes that the Plan and the related trust is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
