Wayne Bank 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Wayne Bank 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021; the related statement of changes in net assets available for benefits for the year then ended; and the related notes to the financial statements (collectively, the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Opinion (Continued)**

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WAYNE BANK 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Wayne Bank 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a more comprehensive description of the Plan’s provisions.

General

The Plan is a contributory defined contribution plan covering the employees of Wayne Bank (the “Bank”) who have attained the age of 21 and have completed one year of service. The Plan includes a 401(k) before-tax savings feature, which permits participants to defer compensation under Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Directors is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Directors.

Participation

An employee becomes a participant in the Plan on the first day of the calendar quarter coinciding with or next following the date eligibility requirements are met.

Service Rules

Employees are credited with one year of service for each Plan year during which they have at least 1,000 hours of service.

Contributions

There are several types of contributions that can be added to a participant’s account: an employee salary deferral contribution, an employer discretionary matching contribution, an employer discretionary profit sharing contribution, and an employer safe harbor contribution. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans.

The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant.

Participants may contribute up to 100 percent of their annual pretax compensation by way of a salary deferral contribution each period, to the maximum amount permitted by the IRC. Participants may change their deferral election at any time throughout the year, as defined in the Plan Document.

For 2022, the employer contributed an amount equal to 100 percent of the participant’s salary deferral contributions, up to a maximum of 3 percent of the participant’s compensation in the form of a matching contribution. Each year, the employer, at the sole discretion of its Board of Directors, determines the amount of the employer profit sharing and safe harbor contributions to be made, which totaled 6 percent of total compensation for 2022.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

The participants may direct their accounts into various investment options. Employees must meet certain requirements to receive an allocation of the employer matching and profit sharing contributions. Contributions are subject to certain limitations.

Participants' Accounts

Each participant's account is credited with an allocation of various contributions and Plan earnings (including realized and unrealized appreciation or depreciation of Plan assets) and charged with an allocation of administrative expenses. Allocations of the employer-qualified nonelective and profit sharing contributions are based on participants' compensation, while allocations of Plan earnings are based on participants' account balances. Loan and disbursement processing fees are charged to the respective participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

A participant is 100 percent vested at all times in the participant's salary deferral account and rollover account plus actual earnings thereon, regardless of the number of years of service. If participants cease participation, other than by retirement, disability, or death, the vested interest in the remainder of their accounts is dependent upon the years of credited service, as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
1	60
2	70
3	80
4	90
5 or more	100

Payment of Benefits

Upon retirement, disability, or death, distributions will be paid as soon as administratively possible in a lump sum or as an annuity. Upon termination of service, other than retirement, disability, or death, participants will receive a lump sum payment if the total of their vested account balance does not exceed \$1,000. If the vested account balance exceeds \$1,000, the assets will generally be held in a trust until the participant's normal or early retirement date. However, terminated participants may elect to receive their vested accounts following termination.

Notes Receivable from Participants

Loans are available to participants of the Plan and are subject to approval by the Plan Administrator. The minimum loan amount is \$1,000. Loans may not exceed the lesser of \$50,000 or one-half of a participant's vested account balance. Loans bear interest on the unpaid principal and must be repaid within five years, unless the loan is used to acquire a principal residence. Interest is payable at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Administrative expenses of the Plan relating to accounting fees are paid by the Bank and amounted to \$10,725 for the year ended December 31, 2022. Administrative expenses of the Plan relating to administrative and record-keeping fees are paid by the Plan and are recorded as incurred.

Forfeited Accounts

As of December 31, 2022, unallocated forfeitures totaled \$1,028. As of December 31, 2021, unallocated forfeitures totaled \$6,376. Forfeitures of employer matching nonvested accounts are used to reduce the employer's matching contribution or to offset Plan administrative expenses. There were \$11,628 in forfeitures utilized during the year ended December 31, 2022 to reduce employer contributions.

Subsequent Events

Management has reviewed events occurring through October 13, 2023, the date the financial statements were issued, and no subsequent events occurred requiring accrual or disclosure.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value except for its benefit-responsive investment contracts, which are valued at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net depreciation in fair value of investments includes the gains and losses on investments purchased, sold, and held during the year. The Plan Administrator determines the Plan's valuation policies utilizing information by the investment advisers, custodians, and insurance company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. No allowance for credit losses have been recorded as of December 31, 2022 and 2021.

Investment Fees

Net investment returns reflect certain fees paid by the investments' funds to their affiliated investment advisers, transfer agents, and others, as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and, thus, are not separately identifiable as an expense. Investment-related expenses are included in net depreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements is in conformity with U.S. GAAP and requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 3 - INVESTMENTS

The following is a summary of the investment information as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by VOYA Retirement Insurance and Annuity Company (Trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator elected to have an ERISA Section 103(a)(3)(c) audit and instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule, related to the following investments:

	<u>2022</u>	<u>2021</u>
Investments, at fair value:		
Pooled separate accounts	\$ 13,848,666	\$ 16,016,056
Common and collective trust	<u>3,986,005</u>	<u>4,927,373</u>
Total	17,834,671	20,943,429
Investments, at contract value:		
Guaranteed investment contract	\$ <u>4,538,150</u>	\$ <u>3,697,956</u>
Notes receivable from participants	\$ <u>207,728</u>	\$ <u>243,155</u>

VOYA Retirement Insurance and Annuity Company also certified to the completeness and accuracy of \$3,772,701 of net depreciation in fair value of investments and \$99,728 of interest and dividends related to the aforementioned investments and participant loans for the year ended December 31, 2022.

NOTE 4 - GUARANTEED INVESTMENT CONTRACTS WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

The Plan entered into benefit-responsive guaranteed investment contracts with VOYA Retirement Insurance and Annuity Company. VOYA Retirement Insurance and Annuity Company maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 4 - GUARANTEED INVESTMENT CONTRACTS WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY (Continued)

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the face of the Statement of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by VOYA Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in their accounts.

NOTE 6 - TAX STATUS

The Plan is operating under a prototype nonstandardized 401(k) profit sharing plan prepared by VOYA Retirement Insurance and Annuity Company. The prototype plan obtained its latest determination letter on June 30, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator and the Plan's advisers believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments, such as pooled separate accounts, common and collective trust funds, and guaranteed investment contracts are managed by the Trustee of the Plan. In addition, the Plan issues loans to participants that are secured by the balances in participants' accounts. Therefore, related transactions qualify as party-in-interest transactions. The Plan's sponsor absorbs fees related to accounting and miscellaneous administrative expenses, which are considered party-in-interest transactions. Such costs amounted to \$10,725 for the year ended December 31, 2022.

NOTE 8 - FAIR VALUE MEASUREMENTS

The following disclosures show the three broad levels of hierarchal disclosure framework associated with the level of pricing observations utilized in measuring assets and liabilities at fair value.

- Level I: Quoted prices are available in active markets for identical assets or liabilities as of the reported date.
- Level II: Pricing inputs are other than quoted prices in active markets that are either directly or indirectly observable as of the reported date. The nature of these assets and liabilities includes items for which quoted prices are available but traded less frequently, and items that are fair-valued using other financial instruments, the parameters of which can be directly observed.
- Level III: Valuations are derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

This hierarchy requires the use of observable market data, when available.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts

Pooled separate accounts are valued at the NAV of shares held by the Plan at year-end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value.

Common and collective trust

Common trusts are valued at the NAV of shares held by the Plan at year-end adjusted for any cash held for liquidity purposes and any fees imposed by the fund. The NAV per unit is determined by dividing the net assets by the number of units outstanding on the day of valuation. In accordance with the terms of the Plan of Trust, the NAV of the fund is determined daily. Units are issued and redeemed daily, at the daily NAV. Also, the net investment income and realized and unrealized gains on investment are not distributed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 - FAIR VALUE MEASUREMENTS (Continued)

The following table presents the assets reported on the Statement of Net Assets Available for Benefits at their fair value as of December 31, 2022 and 2021, by level within the fair value hierarchy. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

December 31, 2022				
	Level I	Level II	Level III	Total
Investments measured at net asset value (a)	\$ -	\$ -	\$ -	\$ 17,834,671
Investments at fair value	\$ -	\$ -	\$ -	\$ 17,834,671
December 31, 2021				
	Level I	Level II	Level III	Total
Investments measured at net asset value (a)	\$ -	\$ -	\$ -	\$ 20,943,429
Investments at fair value	\$ -	\$ -	\$ -	\$ 20,943,429

- (a) Investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. These amounts are being presented in the tables above to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 13,848,666	n/a	Daily	Daily
Common and collective trusts	\$ 3,986,005	n/a	Daily	Daily
December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 16,016,056	n/a	Daily	Daily
Common and collective trusts	\$ 4,927,373	n/a	Daily	Daily

NOTE 9 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments are defined as cash, evidence of ownership interest in an entity, or a contract that creates an obligation or right to receive cash from or deliver cash or another financial instrument to a second entity on potentially favorable or unfavorable terms. Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced liquidation or sale. If a quoted market price is available for a financial instrument, the fair value would be calculated based upon the market price per trading unit of the instrument.

Investments and notes receivable from participants would be considered financial instruments. At December 31, 2022 and 2021, the carrying amounts of these financial instruments approximate fair value.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
