INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
ISS-Marine Services, Inc.
Retirement Savings Plan
Mobile, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ISS-Marine Services, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of ABC Company Employee Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ISS-Marine Services, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ISS-Marine Services, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ISS-Marine Services, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ISS-Marine Services, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules on pages 14 through 16 as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of ISS-Marine Services, Inc. (the Company) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The ISS-Marine Services, Inc. Retirement Savings Plan was formed December 20, 2001, when the Inchcape Retirement Savings Plan was divided into three plans because of the split of Inchcape Shipping Services, Inc. The investment balances of the new Plan were transferred on March 15, 2002.

On January 21, 2006, the Board of Directors of ISS-Marine Services, Inc., a controlling party of the ISS-Rio mar, LLC, approved the merger of the ISS-Riomar, LLC 401(k) Plan into the ISS-Marine Services, Inc. Retirement Savings Plan, effective February 18, 2006.

General. The Plan is a defined contribution plan which covers certain employees of the Company who are age nineteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year participants may contribute up to the maximum percentages allowable, but not to exceed the annual dollar limit allowed under the Internal Revenue Code, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Effective May 1, 2019, the Company contributes 100% of the first 3% of compensation that a participant contributes the Plan. The matching Company contribution is invested in a portfolio of investments in the same proportion as other participant investments. The Company may make an additional discretionary matching contribution equal to a uniform percentage of salary deferrals.

Participant accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Effective May 1, 2019, a participant is immediately 100% vested in the Company's contribution portion of their accounts. For new hires hired on January 1, 2022 or after, participants are 100% vested after 3 years of service.

Trustee and Third Party Administrator (TPA). The Plan uses Reliance Trust Company as Trustee, and Transamerica Retirement Services as TPA.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Notes receivable from participants. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50% of the vested account balance, not to exceed \$50,000. A participant may only have one loan outstanding at any time. The loans are secured by the participant's account and bear a reasonable rate of interest, as determined quarterly by Plan administration. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of benefits. On termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions are permitted from the participant's elective deferral and rollover balances.

Forfeited accounts. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$31,023 and \$28,276, respectively. These accounts are used to reduce future employer contributions and to cover fees related to the annual audit of the Plan. For December 31, 2022 and 2021, employer contributions were reduced by \$-0-. Audit fees were covered in the amount of \$10,000 and \$10,000 from forfeited non-vested accounts for the years ended December 31, 2022 and 2021.

Amendments. The Plan document was amended and restated on May 1, 2019 to incorporate all new provisions of the plan previously disclosed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, these investments are reported at contract value.

Use of estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles (GAAP) requires Plan administration to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition

Investments in shares of registered investment companies are stated at fair value as determined by the trustee, based on quoted market prices. Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments.

Payment of benefits

Benefits are recorded when paid.

Contributions receivable

All contributions for the years ended December 31, 2022 and 2021 were received prior to year-end, therefore, there are no contributions receivable at December 31, 2022 and 2021.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Loans are secured by the balance of the indebted participant's account. All outstanding notes receivable from participants at December 31, 2022 and 2021 are considered collectible.

Administrative expenses

Administrative expenses not paid for by the forfeited non-vested accounts of the Plan are absorbed by the Plan sponsor.

NOTE 4 – PLAN ADMINISTRATION

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested.

NOTE 6 – AMOUNTS ALLOCATED TO WITHDRAWING PARTICIPANTS

At December 31, 2022 and 2021, there were no amounts allocated to accounts of persons who had elected to withdraw from the Plan but had not yet been paid.

NOTE 7 – INCOME TAX STATUS

The Plan uses a prototype non-standardized profit-sharing plan written by Transamerica Retirement Solutions, Inc. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is no longer subject to IRS examination of its Form 5500 filings for years before 2019.

NOTE 8 – RELATED PARTY TRANSACTIONS

Transamerica Retirement Services, Inc. is the record keeper as defined by the Plan and, therefore, transactions with this party qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and other administrative services to Transamerica Retirement Services, Inc. were \$42,069 and \$46,700, respectively, for the years ended December 31, 2022 and 2021, respectively.

NOTE 9 – FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Plan includes as an investment option, units of participation in a common collective trust fund. The common collective trust investment option was the Transamerica Stable Value Core Option for December 31, 2022 and 2021. As discussed in Note 2, because the common collective trust is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment in the common collective trust.

Contract value, as reported to the Plan by Reliance Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the investment at contract value.

However, the investment generally provides that withdrawals associated with certain events which are not in the ordinary course of the Plan operations, and are determined by the issuer to have a material adverse effect on the issuer's financial interest, will be paid with a market value adjustment to the contract value amount of such a withdrawal as defined in the underlying contracts.

The contract value of the fully-benefit responsive investment contract at December 31, 2022 and 2021 was \$2,274,765 and \$2,375,568, respectively.

NOTE 10 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. Fair values of assets measured on a recurring basis are as follows:

Description	Fair Value Measurements at Reporting Date Using:			
	Fair Value at December 31, 2022	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 10 – FAIR VALUE MEASUREMENTS (CONTINUED)

Description	Fair Value Measurements at Reporting Date Using:			
	Fair Value at December 31, 2021	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Shares of Registered Investment Companies	\$ 13,709,731	\$ 13,709,731	\$ -	\$ -
	<u>\$ 13,709,731</u>	<u>\$ 13,709,731</u>	<u>\$ -</u>	<u>\$ -</u>

FASB 820, Fair Value Measurements and Disclosures establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices for similar or identical assets in a market that is not active, or other significant observable inputs, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 fair value measurements

The fair value of the shares of registered investment companies are based on quoted market prices.

Net depreciation in the fair value of Level 1 investments of \$(3,235,251) for 2022 and net appreciation in the fair value of Level 1 investments of \$1,016,450 for 2021 have been included in net appreciation (depreciation) in fair value of investments.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF THE FORM 5500

Any discrepancies that between totals on the financial statements and Schedule H of the Form 5500 relate to minimal rounding differences and differences in classification of investment returns.

NOTE 12 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 13 – SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2022, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is October 3, 2023, which is the date on which the financial statements were available to be issued.
