Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Onpoint Industrial Services, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Onpoint Industrial Services, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Onpoint Industrial Services, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Onpoint Industrial Services, LLC 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Onpoint Industrial Services, LLC 401(k) Plan internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Onpoint Industrial Services, LLC 401(k) Plan 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Onpoint Industrial Services, LLC 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan

General – The following is a description of the Onpoint Industrial Services, LLC 401(k) Plan (the Plan) and provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document. The Plan was established on April 1, 2015, as the Creative Resources Group, LLC 401(k) Plan. Effective January 1, 2017, in conjunction with a plan merger, the Plan was restated, and the Plan name was changed to Onpoint Industrial Services, LLC 401(k) Plan.

Effective March 15, 2021, the Plan Sponsor's Parent (Onpoint Industrial Holdings, LLC) and CertifiedSafety, Holdings, Inc. contributed all assets and liabilities of Onpoint Industrial Services, LLC, CertifiedSafety, LLC, and Calculated Controls, LLC into a new partnership through the formation of Onpoint Parent Holdings, LLC. The CertifiedSafety 401(k) Plan assets were transferred into the Plan on August 18, 2021. The Calculated Controls, LLC 401(k) Plan assets were transferred into the Plan on March 7, 2022 totaling \$1,097,292 and are included in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

The Plan is a defined contribution plan covering substantially all full-time employees of Onpoint Industrial Services, LLC (the Company or Employer) and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Custodian and administration – Voya Retirement Insurance and Annuity Company (Voya or Custodian) serves as Custodian of the Plan. Duties of the Custodian include, among others, receiving contributions, collecting income, reinvesting the trust fund and making payments from the trust fund as directed. The term "trust fund" refers to all assets of whatever nature held from time to time by the Custodian under the trust without distinction between contributions and income. Creative Retirement Solutions serves as recordkeeper of the Plan. The duties of the recordkeeper include providing certain administrative services to the Plan, preparation of quarterly participant reports, and compliance testing.

Eligibility – The Plan was amended effective July 1, 2021 to count years of service for former CertifiedSafety, LLC and Calculated Controls employees for Plan eligibility provisions and allow participants to become eligible to participate and enter the Plan after performing one hour of service.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer profit sharing – The Company may elect to make discretionary profit sharing contributions to the Plan for participants. There were no discretionary profit sharing contributions for the year ended December 31, 2022.

Onpoint Industrial Services, LLC 401(k) Plan

Notes to Financial Statements

Employer matching contributions – The Company may elect a discretionary amount or percentage matching contribution. Beginning August 31, 2020, the Company approved a discretionary match of \$0.25 on the dollar to the first 6% of employee contributions. The matching discretionary contribution is on regular wages earned and overtime wages are excluded. For the year ended December 31, 2022, there were approximately \$141,000 in Employer matching discretionary contributions contributed to the Plan.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions (including rollovers), plus actual earnings or losses thereon. Participants vest at 25% per year after one full year of service and each year thereafter, and are fully vested after four full years of service in the Company's discretionary profit sharing contributions, if any, and employer match and related earnings or losses thereon.

Benefit payments – A participant is eligible to receive benefit payments in the amount equal to the value of the participant's vested account upon termination of service due to retirement, death, disability, resignation, or discharge. A participant may elect to receive either a lump-sum distribution or a single sum distribution of their vested account balance payable in cash or rolled over into a qualified retirement plan.

In-service withdrawals of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' contributions only in amounts necessary to satisfy financial hardship as defined by the Plan document.

Forfeitures – If a participant terminates employment before having a fully vested interest in the Company's matching and/or profit-sharing accounts, the non-vested balance of the account will be forfeited. Forfeitures may be used to reduce future Employer matching contributions. At December 31, 2022 and 2021, the Plan had \$3,562 and zero in forfeited non-vested accounts, respectively. For the years ended December 31, 2022 and 2021, Company matching contributions were reduced by forfeitures of \$21,202 and \$34,515, respectively.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the balance of any outstanding loans. Such loans are secured by the participant's vested account balance. The notes receivable bears interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. As of December 31, 2022, interest rates on outstanding notes receivables from participants ranged from 4.25% to 8.50% with various maturities through March 2051. Principal and interest are paid ratably through payroll deductions for current employees and remitted directly to the Custodian. A participant may have a maximum of two loans outstanding at any time.

Onpoint Industrial Services, LLC 401(k) Plan

Notes to Financial Statements

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes are treated as distributions based on the terms of the Plan document. Note balances for terminated employees are payable upon termination of employment. For the year ended December 31, 2022, the Plan had approximately \$15,000 in deemed distributions for delinquent notes. No allowance for credit losses has been recorded as of December 31, 2022.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Investment valuation – The investments are reported at fair value. The Plan's Custodian, Voya, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Administrative fees – Expenses incurred in the administration of the Plan, to the extent not paid by the Employer, are charged to and paid from the Plan's assets. Expenses that are paid directly by the Employer are excluded from these financial statements. Expenses related to the administration of notes receivable from participants, and other participant-directed expenses, are charged directly to participant's accounts and are included in administrative expenses of the Plan on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation or depreciation of the fair value of investments.

Payment of benefits – Benefits are recorded when paid.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year-end to comply with regulatory contribution limitations.

Onpoint Industrial Services, LLC 401(k) Plan

Notes to Financial Statements

Note 3 – Information Certified by Voya Retirement Insurance and Annuity

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the schedule of assets (held at end of year).

Note 4 – Investments

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

Stable value fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued using the NAV practical expedient, an estimate of fair value. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value December 31, 2022	Fair Value December 31, 2021	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 9,220,242	\$ 10,472,309	N/A	N/A
Stable value fund	380,411	449,478	N/A	N/A
Total	<u>\$ 9,600,653</u>	<u>\$ 10,921,787</u>		

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 6 – Income Tax Status

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-In-Interest Transactions

During the year ended December 31, 2022, the Plan invested in various registered investment companies managed by the Custodian and notes receivable from participants. These transactions qualify as party-in-interest transactions as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8 – Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and has remitted these amounts to participants' accounts.

Note 9 – Missed Opportunity Contributions

During 2022, the Company failed to defer on certain amounts of participants' eligible wages. The Company made the affected participants whole by contributing approximately \$1,900 for their benefit. These funds are reflected as contribution receivables in the accompanying statement of net assets available for benefits as of December 31, 2022 and were remitted to the Plan in 2023.

Notes to Financial Statements

Note 10 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.

Note 11 – Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, the date which these financial statements were available to be issued.
