Independent Auditor's Report

To the Plan Administrator
BOA Retirement Savings Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BOA Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of BOA Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BOA Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BOA Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BOA Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BOA Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Form 5500 Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOA Retirement Savings Plan

Notes to Financial Statements

Note 1: Plan Description

The following description of BOA Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of BOA Technology, Inc. (the Company or Employer) who have completed three months of service and are age 21 or older. Employees who have met eligibility requirements are enrolled on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is sponsored and administered by the Company, acting by and through the Retirement Committee. Certain officers of the Company serve as trustees of the Plan. The Plan's assets are held by American United Life Insurance Company (AUL), a OneAmerica company. The Plan's Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may elect to have compensation deferred up to the maximum amount allowed by law, as defined in the Plan, on a pretax basis. The plan also allows Roth contributions. Deferral contributions shall not exceed certain limits set forth by the Internal Revenue Service (IRS) (\$22,500 in 2022 and \$20,500 in 2021). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (up to \$6,500 in 2022 and 2021). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company makes Safe Harbor matching contributions equal to the sum of 100% of the amount of the participant's deferrals that do not exceed 3% of participant compensation, plus 50% of the amount of the participant's deferrals that exceed 3% of compensation, but not to exceed 5% of compensation for the plan year. The Company may also make discretionary matching and discretionary profit sharing contributions. The Company did not make any discretionary matching or profit sharing contributions for the years ended December 31, 2022 and 2021. Rollover contributions are not matched.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan with 5% pretax deferral of compensation unless they affirmatively elect not to participate in the Plan or they make an election for a different deferral type or amount.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company Safe Harbor and discretionary matching contributions, allocations of the Company's profit sharing contributions, plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings and losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BOA Retirement Savings Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Vesting

Participants are immediately vested in their deferral and rollover contributions and the Company's Safe Harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions, plus actual earnings thereon, is based on years of continuous service. Vesting is based on a four-year graded schedule, where the vesting percentage is 25% after one year of credited service and increases an additional 25% each year thereafter, with 100% vesting after four years of credited service. Participants may also become fully vested in the Company's discretionary contributions upon the participant's death, disability, or reaching normal retirement age (65).

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in pooled separate accounts, and a stable value fund as investment options for participants. Participants may change their investment options at any time.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Loan terms range from one to 20 years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as provided for in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

BOA Retirement Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit (losses) has been recorded as of December 31, 2022 and 2021. Delinquent loans may be reclassified as benefits paid to participants based upon the terms of the plan documents.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

BOA Retirement Savings Plan

Notes to Financial Statements

Note 3: Information Prepared and Certified by the Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, the custodian of the Plan, has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Pooled separate accounts, stable value fund, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Interest and dividend income, interest on notes receivable from participants, and net change in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.
- The schedule of assets held at end of year included as supplemental information.

This information has not been audited by the Plan's independent auditors.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There were no plan assets requiring the use of Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds Held in Pooled Separate Accounts: Fair value is based on quoted net asset values of the underlying investments held by the pooled separate accounts. The underlying mutual funds held in the pooled separate accounts are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The funds must publish their daily Net Asset Value (NAV) and transact at that price.

Stable Value Fund: Valued at the NAV of the fund as reported to the plan administrator by the trustees of the fund. The NAV is used as a practical expedient to estimate fair value. If the Plan were to experience certain events such as plan termination, the fund may impose a market value adjustment on withdrawals.

BOA Retirement Savings Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 13,886,538	\$ -	\$ 13,886,538
Stable Value Fund, Measured at NAV (a)	-	-	-	780,902
Total Investments at Fair Value	\$ -	\$ 13,886,538	\$ -	\$ 14,667,440

	Assets at Fair Value as of December 31, 2021 (Restated)			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 15,481,542	\$ -	\$ 15,481,542
Stable Value Fund, Measured at NAV (a)	-	-	-	643,939
Total Investments at Fair Value	\$ -	\$ 15,481,542	\$ -	\$ 16,125,481

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities That Use NAV

The following tables summarize investments measured at fair value based on NAV per share:

December 30, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Current Eligible)	Redemption Notice Period
Stable Value Fund	\$780,902	N/A	Daily	1 Day

December 30, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Current Eligible)	Redemption Notice Period
Stable Value Fund	\$643,939	N/A	Daily	1 Day

BOA Retirement Savings Plan

Notes to Financial Statements

Note 5: Party-in-Interest Transactions

Certain plan investments are managed by AUL, who is the custodian, recordkeeper, and third-party administrator. Wipfli LLP performs the ERISA Section 103(a)(3)(C) audit for the Plan. Transactions with these parties qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net change in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. For the year ended December 31, 2022, the Plan made direct payments of \$4,809 to the custodian which were not covered by revenue sharing.

Notes receivable from participants also qualify as party-interest transactions, which are exempt from the prohibited transaction rules at ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan's volume submitter plan sponsor obtained a favorable opinion letter from the IRS dated August 19, 2020, stating that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

BOA Retirement Savings Plan

Notes to Financial Statements

Note 9: Prior Period Adjustment

The accompanying statement of net assets as of December 31, 2021 was restated to reflect an adjustment of approximately \$23,000 to increase net assets for the correction of a true-up of employer contributions related to a prior period.
