INDEPENDENT AUDITORS' REPORT

To the Trustees and the Plan Administrator of
BluFox Mobile 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of BluFox Mobile 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**BLUFOX MOBILE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the BluFox Mobile 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on October 1, 2019 for all employees of BluFox Mobile, LLC and its commonly-owned affiliates, as defined in the Plan document.

Effective January 1, 2021, the Plan was restated to comply with the requirements for Pre-Approved Plan, pursuant to Internal Revenue Service ("IRS") Revenue Procedure ("Rev. Proc.") 2017-41.

Effective January 1, 2022, the Plan was amended and restated to rename the Plan as "BluFox Mobile 401(k) Plan", and to add BluFox Mobile LLC and a group of related employers as Participating Employers (collectively, "Plan Sponsor" or "Employer"). The related employers include the entities related under common ownership and common control. In addition, Roth contributions are permitted under the Plan.

Eligibility for Participation

An eligible employee is any employee who is not excluded from the Plan. Excluded employees are those who are collectively bargained employees (employees covered by any collective bargaining agreement between the Plan Sponsor and employee representatives), non-resident aliens with no U.S. income, and leased employees. Eligible employees can participate in the 401(k) portion of the Plan upon completing 90 days of service, as defined, and attained the minimum age of 18. The date of enrollment is the earliest date on which the participant is an eligible employee and has met all of the entry requirements. 401(k) elective deferral contributions will begin as soon as administratively feasible following entry date.

Eligibility for Contribution

- I. *Salary Deferral Contributions.* The maximum contribution for the calendar years 2022 and 2021 was limited to \$20,500 and \$19,500, respectively, plus up to \$6,500 in a catch-up contribution for participants of age 50 or over. Participants direct the investment of their contributions into various investment options offered by the Plan. At December 31, 2022 and 2021, the Plan's investments were maintained in pooled separate accounts and fixed annuity. The Plan maintains an individual account for each participant-directed investment showing the participant's interest in each fund. Each participant's share of investment income is allocated on a pro-rata basis.

Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. Effective January 1, 2022, participants are permitted to make after-tax contributions ("Roth contributions").

- II. *Employer Matching Contributions.* On behalf of each participant who is eligible to share in matching contributions for the Plan year, discretionary matching contributions are made in an amount equal to a uniform percentage of each participant's elective contributions. The exact percentage is to be determined each year by the Employer. For the Plan year ended December 31, 2022, the match is 50% of the first 3% of the employee's applicable compensation. A participant must be employed with the Employer on the last day of the Plan year and credited with at least 1,000 hours of services during the Plan year.

Participants file an online election designating the proportion in which contributions on their behalf are to be allocated among investment funds.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the employee-elected salary deferral contribution, Employer discretionary contributions, qualified distributions from other retirement plans, and an allocation of Plan earnings, (and charged with an allocation of administrative expenses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants will have a nonforfeitable right to a percentage of the Employer's matching contributions and non-elective contributions based upon the following schedule:

<u>Years of Vesting Service</u>	<u>Nonforfeitable Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures can be used to reduce Employer contributions, if any, and to reduce administrative expenses in accordance with the Plan document. An employee's vesting percentage increases to 100%, if, while employed, the employee dies or become disabled.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0 for both years. During the year ended December 31, 2022, \$4,344 was used to reduce Employer matching contributions.

Notes Receivable from Participants

Participants may borrow from the value of the vested portion of their account, subject to the Sponsor's authorization and other provisions of the Plan. Loans may not exceed 50% of the vested account balance or \$50,000 and must be a minimum of \$1,000. The loans have terms that range from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to thirty years), are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit to which a participant would otherwise be entitled from the Plan.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon retirement (age 65 is normal retirement age), death, disability or termination of employment, participants or designated beneficiaries may elect to receive the vested value of their account in a lump sum or periodic installments as described in the Plan document. In addition, the Plan provides for participant withdrawals in the event of hardships, as defined in the Plan document. The terminating participant may elect to defer distribution to a later date, up to age 72.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions in any of a multitude of investment options featuring various pooled separate accounts and fixed annuity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by the Plan or the Sponsor, in accordance with the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and custodian fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

NOTE 3 – INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Equitable Life Insurance Company, the Custodian of the Plan (the "Custodian") as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 462,761	\$ 354,978
Notes receivable from participants	\$ -	\$ 1,903
Net depreciation in fair value of investments	\$ (74,762)	

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts:

Pooled Separate Accounts are valued at the net asset value ("NAV") of shares of underlying investments held at year end as determined by the issuer of the fund. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Based on these facts, using NAV as a practical expedient to estimate fair value is allowed by ASC 820.

The variable investment options in which the Plan contract is invested are in a subaccount of an Equitable Separate Account or directly in an Equitable Separate Account. A Separate Account may invest in open-ended mutual funds, available to contract holders of group or individual variable annuity or insurance policies. Contract holders may, without restriction, transact at the daily Net Unit Values which represents the NAV of the underlying mutual fund less daily charges. The NAV as of December 31, 2022 represents the daily per share value of the portfolio of investments of the mutual funds, at which sufficient volumes of transactions occur.

**BLUFOX MOBILE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

These investments that are measured at fair value using NAV practical expedient have not been classified in the fair value hierarchy. The NAV amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Guaranteed Interest Option:

The Group Variable Annuity Contract funding the Plan provides a number of investment options, including a Guaranteed Interest Option (“GIO”). GIO is part of the Equitable general account, pays interest at guaranteed rates, and provides an investment option in which the value of the principal will not fluctuate. Although the GIO provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested in the GIO is declared periodically and therefore is subject to change. The fair value of the GIO is computed using a combination of the current interest rates based on remaining investment terms at the reporting date as well as the interest rate on the account. At December 31, 2022, the GIO crediting rate was 2.0%. The contract minimum interest rate is 1.00%. The Plan’s investment in the GIO contains the significant unobservable inputs, which is categorized as Level 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts using NAV as a practical expedient	\$ -	\$ -	\$ -	\$ 462,580
Guaranteed interest option	-	-	181	181
Total Investments at Fair Value	\$ -	\$ -	\$ 181	\$ 462,761

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts using NAV as a practical expedient				\$ 354,978
Total Investments at Fair Value				\$ 354,978

The following table sets forth a summary of changes in the fair value of the Plan’s Level 3 assets for the year ended December 31, 2022:

Balance, beginning of year	\$ -
Purchases	193
Account fees	(12)
Balance, end of year \$	<u>\$ 181</u>

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. These investments are direct filing entities (DFEs). There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2022				
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 462,580	None	Daily	None

As of December 31, 2021				
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 354,978	None	Daily	None

NOTE 5 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are invested in the EQ/Money Market, the EQ/Equity 500 Index, EQ/Mid-Cap Index, and EQ/AB Small Cap Growth Portfolio, which are Equitable pooled separate accounts. Equitable Life Insurance Company is the Custodian of the Plan assets, and therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their employee contributions, interest and appreciation thereon.

NOTE 7 –TAX STATUS

The Plan uses a prototype plan document sponsored by the Equitable Life Insurance Company. Equitable Life Insurance Company received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, which states that the prototype document satisfied the applicable provisions of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the Equitable Life Insurance Company received its opinion letter from the IRS for the prototype plan adopted by the Plan, the Plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS**

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. There has been significant volatility in the market in 2022 which has negatively impacted fair values. Management is unable to determine the impact on the Plan as of the date of this report.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

Net assets available for benefits per financial statements at December 31, 2022	\$ 449,701
Add: Excess contributions payable	13,060
Net assets available for benefits per Form 5500 at December 31, 2022	<u>\$ 462,761</u>
 Net assets available for benefits per financial statements at December 31, 2021	 \$ 356,881
Less: Prior year defaulted participant loans	(1,903)
Net assets available for benefits per Form 5500 at December 31, 2021	<u>\$ 354,978</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2022 to Form 5500:

Changes in net assets available for benefits per financial statements	\$ 92,820
Add: Prior year defaulted participant loans	1,903
Add: Corrective distribution	13,060
Changes in net assets available for benefits per Form 5500	<u>\$ 107,783</u>

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated, for potential recognition and disclosure, events subsequent to the date of the statement of net assets available for benefits through October 13, 2023, the date the financial statements were available to be issued.
