INDEPENDENT AUDITOR'S REPORT

To the Trustee, Plan Administrator, and Participants of White Line Systems, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of White Line Systems, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of White Line Systems, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of White Line Systems, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about White Line Systems, LLC 401(k) Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of White Line Systems, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about White Line Systems, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other

additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WHITE LINE SYSTEMS, LLC 401(K) PLAN
Notes to the Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

White Line Systems, LLC 401(k) Plan (the "Plan") is a defined contribution plan adopted effective January 1, 2020, covering eligible employees of White Line Systems, LLC (the adopting employer or the "Company" or the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Company is the administrator ("Plan Administrator"), and an officer of the Company serves as a limited trustee. The Plan Administrator has broad powers and responsibilities with respect to the management and operation of the Plan. The limited trustee's responsibilities are limited to the timely collection and deposit of contributions. Ascensus Trust Company ("the Trust") as the directed trustee holds the Plan's investments and executes investment transactions at the discretion of plan participants, receives contributions, interest and dividend income, pays administrative expenses, and makes distributions to participants. Ascensus, LLC ("Ascensus") is the recordkeeper and maintains participant account information. The Plan also uses the services of Ascensus to perform annual compliance testing, prepare the Plan's Form 5500, and assist the Plan Administrator in day-to-day activities of the Plan. Lorio Wealth Management provides investment advisory services to the Plan and participants.

Eligibility

Employees of the Company become eligible to participate in all contribution types of the Plan upon attaining age 18 and upon completing three consecutive months of eligibility service during which time the employee completes at least 250 hours of service. Employees of the Company become participants of the Plan immediately upon meeting eligibility conditions.

Contributions

Each year, participants may contribute up to the maximum annual limits established by the Internal Revenue Code (the "Code"). The Plan permits Roth elective deferrals and in-plan Roth transfers. Participants who have attained age 50 before the end of the plan year and make the maximum allowable deferral to the Plan are eligible to make an additional contribution, referred to as a "catch-up" contribution. For the year ended December 31, 2022, the combined pre-tax deferral and Roth contribution limit is \$20,500 and the catch-up limit is \$6,500. Participants may also make rollover contributions to the Plan from eligible rollover distributions and IRA's as defined.

The Plan provides for employer discretionary matching contributions calculated as 100 percent of the first 3 percent of compensation participants defer and 50 percent of the next 2 percent of compensation deferred.

WHITE LINE SYSTEMS, LLC 401(K) PLAN
Notes to the Financial Statements
December 31, 2022 and 2021

A discretionary profit-sharing amount may be contributed as determined by the Company from year to year. The Company did not make a profit-sharing contribution for the year ended December 31, 2022.

Total contributions are subject to certain Internal Revenue Code limitations.

Investment Options

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The investment options are mutual funds, including a money market fund and value, blend, and growth funds with various investment objectives. If participants do not elect specific investments, their contributions are invested in the Plan's qualified investment alternative fund.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions and rollovers, if any, (b) the Company's discretionary matching contribution, and allocations of (c) the Company's discretionary profit-sharing contribution, if any, and (d) Plan earnings (losses). Each account is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollover contributions, if any, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary profit-sharing contribution portion of a participant's account is based on years of continuous service as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedule, a participant becomes fully vested if employed upon death or total and permanent disability, early retirement, or normal retirement.

Forfeited Accounts

The Plan provides that non-vested portions of the Company's matching and profit-sharing contributions be forfeited by terminated participants and used to pay administrative expenses of the Plan or to reduce future Company contributions. Forfeited amounts available to be offset against plan administrative expenses or future Company contributions are \$208,212 and \$21,936 as of December 31, 2021 and 2022, respectively. For the year ended December 31, 2022, \$31,812 was used to pay Plan expenses.

WHITE LINE SYSTEMS, LLC 401(K) PLAN
Notes to the Financial Statements
December 31, 2022 and 2021

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account unless otherwise specified in the note policy statement or other note documentation. The term of the note cannot exceed five years, except in the case of a note used to acquire a participant's principal residence.

Benefit Payments

The normal retirement age is 65, as defined by the Plan. Early retirement is not allowed by the Plan. On termination of service due to death, disability, retirement, or any other reason, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may elect certain in-service withdrawals from vested accounts, including hardship withdrawals, qualified reservists' distributions, and other withdrawals after attaining age 59 ½.

The Plan provides for involuntary cash-outs if a terminated participant makes no affirmative election regarding his or her vested account balance of \$5,000 or less. Amounts less than or equal to \$1,000 will be distributed in a lump sum to the participant. Amounts between \$1,000 and \$5,000 will be rolled over to an IRA for the benefit of the participant.

Recent Legislative Changes to Plan Provisions

Under Section 112 of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act which became effective January 1, 2021, certain part-time employees may become eligible to defer earnings under a 401(k) plan beginning in 2024.

Plan management is currently evaluating the provisions of SECURE Act 2.0. The Plan will be amended by December 31, 2025, as required for relevant provisions. Relevant SECURE Act 2.0 provisions include the following and effective dates begin in 2023 through 2026 (except as otherwise noted): Withdrawals for certain emergency expenses (optional); creation of pension linked emergency savings accounts (optional); required minimum distribution age increases; changes to catch-up contributions provisions; employer matching contributions on student loan repayments (optional); and flexibility in recovery of retirement plan overpayments (optional and effective December 29, 2022).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Ascensus Trust Company holds the Plan's investments. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee and the investment adviser. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in fair value of its investments, which consists of realized gains or losses on investments bought and sold during the year and unrealized appreciation (depreciation) on those investments held at year end.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related loan fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments, the Company "deems" the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded, based upon the terms of the Plan document. Otherwise, outstanding loan balances are offset against distributions to terminated employees. Distributions in 2022 include \$14,503 in deemed and offset loan balances. Distributions in 2021 included \$3,419 in deemed and offset loan balances. Notes receivable from participants as of December 31, 2022 bear interest rates of 4.25% to 8%. Maturities at December 31, 2022, are from April 2023 to July 2027.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023, and there were no excess contributions in 2021.

Payment of Benefits

Benefit payments to participants are recorded when paid. At December 31, 2022, there were no benefits approved for payment but not paid.

Notes to the Financial Statements
December 31, 2022 and 2021

Administrative Expenses of the Plan

The Company pays certain plan administrative expenses, and mutual fund revenue sharing payments offset certain other expenses, all of which are excluded from these financial statements and, if not paid by the Firm or offset by revenue sharing, would be paid by the Plan. Asset-based administrative fees are allocated against participant accounts, and participants pay withdrawal fees. See Note 6.

Recently Issued Accounting Pronouncements

Recently issued accounting standards that have been issued or proposed by the Financial Accounting Standards Board ("FASB") or other standards-setting bodies are not expected to have a material impact on the Plan's financial position or results of activity.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted, quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">a. quoted prices for similar assets or liabilities in active markets;b. quoted prices for identical or similar assets or liabilities in inactive markets;c. inputs other than quoted prices that are observable for the asset or liability;d. inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

WHITE LINE SYSTEMS, LLC 401(K) PLAN
Notes to the Financial Statements
December 31, 2022 and 2021

Following is the description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Fund: Valued at \$1.00 per unit net asset value ("NAV") based on the observable inputs of the underlying assets as reported in the active market. Money market fund investment strategies seek to invest in high quality, short-term securities. Money market fund redemption is immediate without prior notice.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>Assets at Fair Value as of</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
<u>LEVEL 1</u>		
Money Market Fund	\$ 339,639	\$ 154,627
Mutual Funds	2,067,980	1,920,413
Total Investments at Fair Value	<u>\$ 2,407,619</u>	<u>\$ 2,075,040</u>

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. CERTIFIED INVESTMENTS

Certified information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, and interest on participant loans for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company (the trustee of the Plan).

Notes to the Financial Statements
December 31, 2022 and 2021

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's asset trustee is Ascensus Trust Company ("Ascensus Trust"). The Plan pays fees to Ascensus, LLC for recordkeeping services. Ascensus, LLC is defined as a related party to Ascensus Trust, and as such, any transactions are considered party-in-interest transactions that are exempt under ERISA. During 2022, the Plan made direct payments to Ascensus, LLC for contract administrator fees. These amounts are included in the statement of changes in net assets available for benefits as administrative expenses.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their discretionary profit-sharing contribution accounts.

8. TAX STATUS

Effective January 1, 2020, the Company adopted the Ascensus, Inc. Qualified Retirement Plan and Trust Defined Contribution Basic Plan Document 03 prototype plan. Ascensus received a favorable opinion letter dated January 1, 2018 from the IRS stating that the form of the plan is acceptable under Internal Revenue Code Section 401. The Plan Administrator believes the Plan, as adopted and amended, is designed and is being operated in compliance with the applicable provisions of the Code, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to net assets per Schedule H of Form 5500:

	2022	2021
Net assets available for benefits per the audited financial statements	\$ 2,456,627	\$ 2,116,286
Add: Excess contributions payable at December 31, 2022	27,016	-

WHITE LINE SYSTEMS, LLC 401(K) PLAN
Notes to the Financial Statements
December 31, 2022 and 2021

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2022 to net income per Schedule H of Form 5500:

	<u>2022</u>
Net increase in net assets available for benefits per the audited financial statements	\$ 340,341
Add: Excess contributions payable at December 31, 2022	<u>27,016</u>
Net income per Schedule H of Form 5500	<u>\$ 367,357</u>

10. SUBSEQUENT EVENTS

The Plan Administrator has evaluated events and transactions occurring after December 31, 2022 through October 13, 2023, the date the financial statements were available to be issued.

Subsequent to December 31, 2022, the Company ceased operations in certain regions, resulting in a reduction in the number of plan participants and having no effect on the 2022 financial statements.
