INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
BestCare Treatment Services, Inc. 403(b) Plan
Redmond, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BestCare Treatment Services, Inc. 403(b) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bestcare Treatment Services, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BESTCARE TREATMENT SERVICES, INC. 403(b) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of the Plan

The following description of the BestCare Treatment Services, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of BestCare Treatment Services, Inc. (the Organization) immediately upon employment. The Plan engages Empower Annuity Insurance Company of America (Custodian) to hold and invest Plan assets and execute Plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

The Plan provides for employee pre-tax salary deferral contributions, after-tax Roth deferral contributions, or a combination of both. Contributions made to the Plan are subject to the maximum amount allowed under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year was eligible to make catch-up contributions. The amount deferred pre-tax will not be subject to income tax until it is actually distributed to the participant. The amount deferred is, however, subject to Social Security tax at the time of the pre-tax deferral. Participants may also contribute amounts representing distributions from other qualified plans. The participants may change their deferral election each pay period.

The Organization may contribute a discretionary contribution, based on a percentage of each participant's contribution, as a matching contribution. During 2022, the Organization matched 100% of the first 5% of compensation deferred. Participants are eligible for an employer contribution after completing one year of service, which must include 1,000 hours of service. The Organization may also contribute an additional discretionary profit sharing contribution determined annually. There was no profit sharing contribution made in 2022.

Investment Elections

Each participant may choose from several combinations of investments offered by the Custodian as selected by the Plan Administrator. Upon enrollment in the Plan, participants may direct contributions to various investment funds or may individually direct their investments. Participants have the opportunity to change their investments daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are made in a manner which recognizes each participant's account balance, investment selection and timing of contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon. As such, there are no forfeitures under the Plan.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive equal monthly, quarterly, or annual installments over a period not to exceed the reasonable life expectancy of the participant or death beneficiary. Participants may elect to receive a lump sum distribution as an alternative form of payment. The Plan may also make hardship distributions to participants in certain situations subject to defined limitations.

Notes to Financial Statements

December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Except for the guaranteed investment contract, which is reported at contract value, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and capital gains are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or specifically to a participant account for transactions specifically related to that participant. Investment related expenses are included in net depreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, the date the financial statements were available to be issued.

In September 2022, the Organization's Board of Directors adopted a new policy for the employer match which will be effective January 1, 2023. Under the new policy the employer match will be based on years of service, starting with 100% of the first 5% of compensation deferred for participants with 1 to 5 years of service up to 100% of the first 10% of compensation deferred for participants with 21 years of service.

Notes to Financial Statements

December 31, 2022 and 2021

Note 3 - Information Certified by Custodian

Massachusetts Mutual Life Insurance Company (Mass Mutual) was acquired by Empower Annuity Insurance Company of America (Empower) in a prior year and therefore Empower has subsequently become the Custodian. Mass Mutual held Plan assets and executed investment transactions for the period January 1, 2022, through February 18, 2022, and Empower held Plan assets and executed investment transactions as of December 31, 2022, and for the period February 19, 2022, through December 31, 2022. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Investments, at fair value
- Investment, at contract value
- Net depreciation in fair value of investments
- Interest and dividends

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

BESTCARE TREATMENT SERVICES, INC. 403(b) PLAN**Notes to Financial Statements**

December 31, 2022 and 2021

Note 4 - Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Interest-bearing Cash: Valued at the closing balance, plus accrued interest.

Pooled Separate Accounts (PSA): PSAs invest in a variety of domestic stock, international stocks, mutual funds, bonds and other securities. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the net asset value (NAV) of each PSA is not valued using publicly quoted prices. The NAV provided by the Custodian is used as the practical expedient to estimate fair value. PSA's can be redeemed on a daily basis and each PSA has its own investment strategy. Participants should refer to each PSA's prospectus for a description of the PSA and its investment strategy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Interest - bearing cash	\$ -	\$ -	\$ -	\$ 9,255
Total investments in the fair value hierarchy	\$ -	\$ -	\$ -	9,255
Investment measured at NAV				3,625,266
Total investments at fair value				\$ 3,634,521

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Interest - bearing cash	\$ -	\$ -	\$ -	\$ 9,372
Total investments in the fair value hierarchy	\$ -	\$ -	\$ -	9,372
Investment measured at NAV				3,870,296
Total investments at fair value				\$ 3,879,668

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

BESTCARE TREATMENT SERVICES, INC. 403(b) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 5 - Guaranteed Investment Contract with Insurance Company

The Plan holds a benefit-responsive investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract value of the Plan's benefit responsive investment contract was \$2,424 and \$677 at December 31, 2022 and 2021, respectively.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Key variables influencing future crediting rates for the guaranteed investment contract include current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

The transfer of assets from the general account to a competing investment option is prohibited for three months. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the discontinuation of the investment contract by the Organization, or failure of the trust to qualify for exemption from deferral income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the BestCare Treatment Services, Inc. has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would continue to be 100% vested in their accounts.

Note 7 - Tax Status

The IRS has determined and informed the Plan's Volume Submitter sponsor by an opinion letter dated March 31, 2017, that the Volume Submitter 403(b) Plan sponsored by FIS Business Systems LLC, which has been adopted by the Plan, is acceptable pursuant to Section 403 of the Internal Revenue Code (the Code) and in compliance with the applicable requirements of the Code. The Plan has not requested its own determination letter from the IRS. The Plan has subsequently been amended; however, the Plan Administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the Code. Therefore, they believe the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

December 31, 2022 and 2021

Note 8 - Party-in-Interest Transactions

Pension Plan Specialists, PC provides third party administration services to the Plan, Hartford Life Insurance Company provides the Fidelity Bond, and Empower provides custodial and recordkeeping services to the Plan. Transactions with these entities qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA.

Note 9 - Delinquent Employee Deferral Transmittals

During the year ended December 31, 2022, the Company erroneously failed to remit certain employee deferrals totaling \$28,827 to the Plan. The Company subsequently remitted the deferrals and is in the process of calculating the lost earnings on these remittances and will make a contribution for lost earnings to the Plan. The Company will also file the required Form 5330, Return of Excise Taxes Related to Employee Benefit Plans with the IRS, and pay the appropriate excise taxes.
