Independent Auditor's Report

To the Plan Administrator
MAHLE Behr Defined Benefit Plans

Opinion

We have audited the financial statements of Behr America Cash Balance Pension Plan and Behr Dayton Thermal Products IUE Pension Agreement (collectively, the "Plans"), employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plans as of December 31, 2022 and 2021 and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining current plan instruments, including all plan amendments; administering the Plans; and determining that the Plans' transactions that are presented and disclosed in the financial statements are in conformity with the Plans' provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator
MAHLE Behr Defined Benefit Plans

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on each of the financial statements as a whole. The supplemental schedules of reportable transactions for Behr America Cash Balance Pension Plan and Behr Dayton Thermal Products IUE Pension Agreement and the supplemental schedules of nonexempt transactions for Behr America Cash Balance Pension Plan and Behr Dayton Thermal Products IUE Pension Agreement for the year ended December 31, 2022 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plans' management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

December 31, 2022 and 2021**Note 1 - Plan Description**

The following description of Behr America Cash Balance Pension Plan (the "Cash Balance Plan") and Behr Dayton Thermal Products IUE Pension Agreement (the "IUE Plan") (collectively, the "Plans") provides only general information. Participants should refer to the plan agreements for a more complete description of each plan's provisions.

General

The Plans are defined benefit pension plans that were established on May 1, 2002. MAHLE Behr USA Inc. and MAHLE Behr Dayton, LLC (collectively, the "Companies") are the plan sponsors of the Cash Balance Plan and the IUE Plan, respectively. The Cash Balance Plan covers substantially all employees of MAHLE Behr USA Inc. hired prior to January 1, 2014 and provides for retirement and death benefits. The IUE Plan covers certain union employees of MAHLE Behr Dayton, LLC and provides for retirement, death, and disability benefits. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2013, all benefit accruals under the Cash Balance Plan were frozen, with the exception of interest credits. No new participants are permitted to join the Cash Balance Plan after December 31, 2013.

In October 2007, MAHLE Behr Dayton, LLC and the Industrial Division of the Communications Workers of America (IUE) approved a collective bargaining agreement, which provided that benefit accrual service under the IUE Plan ceased to accrue or increase for all Local 84775 Tier 3 employees, as defined by the IUE Plan, as of December 31, 2007. Benefit accruals for the other plan participants remain unchanged, as defined by the IUE Plan. All new employees of MAHLE Behr Dayton, LLC hired on or after October 22, 2007 are not eligible to participate in the IUE Plan.

Eligibility and Vesting

Employees become participants in the Plans following completion of the eligibility requirements, as described in the plan documents. Participants of the Cash Balance Plan are fully vested for normal retirement benefits after 3 years of service. Tier 1 employees, as defined by the IUE Plan, are fully vested for normal retirement benefits in the IUE Plan after 1 year of service. Tier 2 and 3 employees, as defined by the IUE Plan, are fully vested for normal retirement benefits in the IUE Plan after 10 years of service (5 years of service for a deferred vested pension).

Pension Benefits - Cash Balance Plan

A participant's accrued benefit in the Cash Balance Plan is defined as a notional cash balance account. Participant cash balance accounts were frozen as of January 1, 2014. Additionally, interest is credited to participant cash balance accounts each quarter. The interest crediting rate is based on the 10-year U.S. Treasury Constant Maturity Yield in effect two months prior to the beginning of that quarter, divided by four. The Cash Balance Plan has a minimum quarterly interest crediting rate of 0.925 percent (3.7 percent annual).

Pension Benefits - IUE Plan

Participant benefits in the IUE Plan are accrued on an annual basis based on the benefit rate multiplied by years of service, as defined by the IUE Plan. The benefit rate is based on union classification and date of hire and ranges from \$17.00 to \$51.65.

Death Benefits

If an active or terminated employee who has a vested interest in the Plans dies prior to his or her normal retirement age, a death benefit, as defined by the Plans, will be paid to the surviving spouse.

December 31, 2022 and 2021**Note 1 - Plan Description (Continued)*****Funding***

Contributions to the Cash Balance Plan and the IUE Plan are made by the Companies at actuarially determined amounts. The Companies' policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment. Participants of the Cash Balance Plan may elect to receive the value of their accumulated plan benefits as an annuity payable monthly or a lump-sum payment. Participants of the IUE Plan receive the value of their accumulated plan benefits as an annuity payable monthly.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Comerica Bank and Trust, N.A. (Comerica) or its affiliates. Comerica is the custodian of the Plans; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies***Investment Valuation and Income Recognition***

The Plans invest in the MAHLE Behr USA, Inc. Master Trust (the "Master Trust"), which was established to hold the investment of assets of the Plans and other defined benefit retirement plans sponsored by the Companies. The Master Trust's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income consists of interest and dividend income, as well as the realized gains or losses on investments sold during the year and the unrealized appreciation (depreciation) on investments held at the end of the year. Dividend income is recorded on the ex-dividend date.

See Note 3 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expense

Various administrative costs are paid by the Companies.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plans' provisions, to the service employees have rendered. These include benefits expected to be paid to:

- (a) Retired or terminated employees or their beneficiaries
- (b) Beneficiaries of employees who have died
- (c) Present employees or their beneficiaries

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

December 31, 2022 and 2021**Note 2 - Summary of Significant Accounting Policies (Continued)**

The significant actuarial assumptions used in the valuation of the Plans at December 31, 2021 are summarized as follows:

Actuarial cost method	Standard unit credit cost method
Interest rate	4.25 percent per annum
Mortality basis	Pri-2012 Private Retirement Plans Mortality Table projected using Scale MP-2019
Assumed retirement age - Cash Balance Plan	Various rates ranging from 5.0 percent at age 55 to 100 percent at age 70+
Assumed retirement age - IUE Plan	Various rates ranging from 15.0 percent at age 48 for Tier 1 and 20.0 percent at age 55 for Tier 2/3 participants to 100 percent at age 70+ for all participants

The foregoing actuarial assumptions are based on the presumption that the Plans will continue. Were the Plans to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plans and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

December 31, 2022 and 2021
Note 3 - Fair Value Measurements (Continued)

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Common/Collective Trust

The common/collective trusts are valued at net asset value per share (NAV) (or its equivalent), which is based on the fair value of the funds' underlying net assets. There are no redemption restrictions or unfunded commitments on these investments.

As of December 31, 2022 and 2021, all assets held in the Master Trust are common/collective trust funds valued at NAV.

Note 4 - Interest in Master Trust

The Plans' investments are in the Master Trust, which was established for the investment of assets of the Plans and one other MAHLE Behr-sponsored benefit plan. Each participating benefit plan has an undivided interest in the Master Trust. The fair value of the Plans' interest in the Master Trust represents each plan's allocated portion. The Plans' allocated portion is equal to the beginning of the year value of the Plans' interest in the Master Trust, plus actual plan contributions and allocated investment income, less actual plan distributions and allocated administrative expenses. The assets of the Master Trust are held by Comerica.

Investment (loss) income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each plan.

At December 31, 2022 and 2021, the Plans' respective interests in the Master Trust were as follows:

	2022	2021
Cash Balance Plan	37.43 %	37.66 %
IUE Plan	62.08	61.80
Total master trust investments	99.51 %	99.46 %

The net assets of the Master Trust and each plan's interest in Master Trust balances at December 31, 2022 and 2021 are as follows:

	2022		
	Plan's Interest in Master Trust Balances		
	Master Trust Balances	Cash Balance Plan	IUE Plan
Investments - Common/collective trust funds	\$ 31,168,465	\$ 11,667,892	\$ 19,347,795

Note 5 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by consulting actuaries. The calculations of the actuarial present value of accumulated plan benefits attributable to participants in the Plans, which were made as of and for the year ended December 31, 2021, the most recent actuarial valuations, are as follows:

	Cash Balance Plan	IUE Plan
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving benefit payments	\$ 864,846	\$ 12,376,539
Other vested participants	12,170,956	7,537,009

Actuarial present value of accumulated plan benefits - End of year	\$ 13,035,802	\$ 20,244,159

Note 6 - Prohibited Transactions

During 2022, duplicate administrative fees of \$1,469 and \$10,583 paid by Behr America Cash Balance Pension Plan and Behr Dayton Thermal Products IUE Pension Agreement, respectively, were paid by the Plans as a result of actions by the Plans' custodian. These transactions did not meet the exemption conditions required by ERISA §406(b). Therefore, the duplicate administrative fees are considered to be prohibited transactions. The transactions were not corrected by the custodian during the year ended December 31, 2022.

During 2021, proceeds of \$400,000 were received in error by the Master Trust for redemption of an investment held in another master trust under common control as a result of actions by an investment adviser. The investment redemption proceeds were subsequently reversed and deposited into the appropriate master trust. This trade did not meet the exemption conditions required by ERISA §406(b). Therefore, the total transaction of \$400,000 is considered to be a prohibited transaction, of which \$150,640 and \$247,200 has been allocated to Behr America Cash Balance Pension Plan and Behr Dayton Thermal Products IUE Pension Agreement, respectively, based on their interest in the Master Trust at the time of the transaction. The trade was fully corrected by the investment manager during the year ended December 31, 2021.

There was no financial loss or penalties to the Master Trust as a result of these transactions.

Note 7 - Tax Status

Behr America Cash Balance Pension Plan and Behr Dayton Thermal Products IUE Pension Agreement have received determination letters from the Internal Revenue Service indicating that the plans, as designed, are qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Although Behr Dayton Thermal Products IUE Pension Agreement has been amended since receiving its determination letter, management believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 8 - Plan Termination

Should the Plans terminate at some future time, their net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

December 31, 2022 and 2021

Note 9 - Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 10, 2023, which is the date the financial statements were available to be issued.

Subsequent to December 31, 2022, Behr Dayton Thermal Products IUE Pension Agreement will be amended to provide a window period during which eligible participants can elect to either receive their frozen benefit as a single lump-sum distribution or to begin receiving annuity payments. The window will remain open until October 31, 2023, with benefits payable to participants who elect to receive them on December 1, 2023.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$245,000.
Valuation of Plan Assets	<p>Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.</p> <p>A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).</p>
Expected Return on Assets
