Independent Auditor's Report

Board of Directors
NeoGraf Solutions, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NeoGraf Solutions, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NeoGraf Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the NeoGraf Solutions, LLC 401(k) Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is sponsored and administered by NeoGraf Solutions, LLC (the Plan Sponsor or Company). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is a defined contribution plan covering all eligible employees of the Company. To be eligible to participate in the Plan, employees must be at least 21 years of age and must not be a leased employee or covered by a collective bargaining agreement. All employees of the Plan Sponsor on July 3, 2017, the formation date of the Plan, were immediately eligible.

Contributions: The Plan implements an "Automatic Election" program for participants by which employees who do not complete a salary reduction agreement form are automatically enrolled in the Plan with a 5% pre-tax deferral as soon as administratively practicable. Participants may contribute an amount of eligible pre-tax or after-tax Roth annual compensation not to exceed limits established by the Internal Revenue Code, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other certain qualified plans. The Company makes a non-discretionary Safe Harbor matching contribution equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan.

The Company also makes a profit sharing contribution to the Plan, on a quarterly basis, of 1% of participants' eligible compensation as defined by the Plan. The quarterly contribution made by the Company is reduced by any forfeited account balances of terminated participants.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the employer contributions and Plan's earnings and is charged with an allocation for administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their employee contributions, employer Safe Harbor matching contributions, rollover contributions, catch-up contributions, and actual earnings or losses thereon. Participants vest in the portion of their accounts attributable to profit sharing contributions by the employer based on their years of vesting service under the Plan, as defined in the Plan document, as follows.

Years of Service	Vesting
Less than 3	0%
3 or more	100%

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the vested portion of their accounts, or \$50,000. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

NeoGraf Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Benefit payments: A participant may withdraw all or part of his/her interest in the Plan attributable to rollover contributions while still employed by the Company. In addition, a participant or elected beneficiary, upon termination, death, or retirement, may receive the vested interest in his/her account in the form of a lump-sum payment or a rollover to an individual retirement account or other qualified plan. Hardship withdrawals, as defined by the Plan, are also available to participants.

Forfeited accounts: The unvested portion of a participant's interest in their account is forfeited upon distribution from the Plan. Amounts forfeited are to be held in a separate account and applied to reduce future employer contributions. There were forfeitures of \$283 and \$6,954 at December 31, 2022 and 2021, respectively. Unused forfeitures will be applied to reduce future employer contributions as soon as administratively feasible and in accordance with the terms of the Plan document.

Administrative expenses: All expenses of maintaining the Plan are paid by the Plan or the Company, at the discretion of the Company.

Plan termination: Although they have not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. In the event of termination of the Plan, participants will become 100% vested in their accounts. The assets then remaining in the Plan will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Benefit payments: Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Ascensus, as Agent to Ascensus Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2022	2021
Registered investment companies	\$ 9,208,198	\$ 11,091,025
Money market account	\$ 213,350	\$ 126,506
Notes receivable from participants	\$ 115,914	\$ 145,846

Ascensus, as agent to Ascensus Trust Company, also certified to the completeness and accuracy of the following for the year ended December 31, 2022:

Net depreciation in fair value of investments	\$ (2,152,956)
Interest and dividends	\$ 167,103
Interest income on notes receivable from participants	\$ 6,357

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

NeoGraf Solutions, LLC 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund.

Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Money market account: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

The following sets forth, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 9,208,198	\$ -	\$ -	\$ 9,208,198

Notes to Financial Statements

Note 5. Tax Status

Effective July 3, 2017, the Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-In-Interest Transactions

Plan investments include certain investments managed by Ascensus Trust Company, the custodian of the Plan, or its affiliates. These transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Fees paid by the Plan for administrative services amounted to \$9,551 for the year ended December 31, 2022.

Note 7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
