Trustees
Orion Industries 401(k) Plan
Auburn, Washington 98002

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of Orion Industries 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- 1) The amounts and disclosures in the accompanying financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- 2) The information in the accompanying financial statements related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, and to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- 1) Exercise professional judgment and maintain professional skepticism throughout the audit.
- 2) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- 3) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- 4) Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- 5) Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In Our Opinion:

- 1) The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- 2) The information in the supplemental schedule related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ORION INDUSTRIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of Orion Industries 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Orion Industries (the "Company"), also known as a salary reduction or 401(k) plan. An eligible employee of the Company is an employee who has completed six months of service and who is a citizen of the United States. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, employees may contribute the maximum allowed under Internal Revenue Code Section 402(g), which is \$20,500 for the year ended December 31, 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$6,500 for the year ended December 31, 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company's safe harbor contribution is an amount equal to 4% of employee eligible compensation. The Company may also elect to make a discretionary non-elective contribution to the Plan. For the Plan year ended December 31, 2022, the Company did not make a non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contribution, and earnings on the investments in their account, and is charged with transaction fees related to hardship withdrawals received by the participant. Participants direct the investment of their account into various investment options offered by the Plan. Participants may change their investment options on a daily basis with certain trading restrictions. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance as of the most recent valuation date. Loan repayment terms, including interest rate and length of loan, are determined at the time the loan is made and range from one to five years. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 8% at December 31, 2022. Principal and interest are paid ratably through monthly payroll deductions.

ORION INDUSTRIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions and employer safe harbor contributions, plus actual earnings thereon. The Company's non-elective contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

A participant's account is payable to the participant or the participant's beneficiaries in full according to the terms of the Plan upon death, permanent disability or termination of employment after the normal retirement age of 65. Termination of employment for certain other reasons prior to normal retirement age, death or disability results in distribution of a participant's account. A participant will receive the value of the vested interest in his or her account as a lump-sum distribution if the vested balance is less than \$5,000. The participant's contributions may also be withdrawn for certain hardship situations.

Forfeitures

Forfeitures of unvested non-elective contributions may be used to reduce future employer contributions or offset payment of management fees, as determined by the plan administrator. For the year ended December 31, 2022, employer contributions were not reduced from forfeited non-vested accounts. As of December 31, 2022, there was \$3,927 remaining in the unallocated forfeiture account for future use.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Cash - Money Market

The Plan considers cash and cash equivalents to include money market accounts. Fair value approximates carrying value due to the short maturity of these instruments.

Employer's Contribution Receivable

Employer's contribution receivable represents the employer discretionary and safe harbor non-elective contributions due to the Plan.

Investment Valuation and Income Recognition

Investments in mutual funds are carried at fair value based on quoted market prices for the identical security in an active market. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes realized and unrealized gains and losses on those investments.

ORION INDUSTRIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The stable value fund invests in investment contracts, which are general obligations of the insurance companies that issue the contracts and are required to be reported at fair value. Accordingly, the statement of net assets available for benefits presents the fair value of the investments in the stable value fund for purposes of determining the Plan's net assets available for benefits. Investment income of the stable value fund is presented on a fair value basis, determined daily.

Fair Value Measurements

The Plan applies fair value measurements, which provide a framework to measure the fair value of assets and liabilities and require certain disclosures about those measurements. The definitions establish a hierarchy to prioritize the inputs that underlie a fair value measurement and require that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs essentially distinguish the relative reliability of inputs to fair value measurements. Level 1 inputs are more reliable and objective than Level 2 inputs, which are in turn more reliable and objective than Level 3 inputs. In arriving at a fair value measure, the Plan is required to determine the level in the fair value hierarchy within which a fair value measurement ultimately falls and provide disclosure of such determinations.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Amounts Allocated to Withdrawn Participants

Net assets available for benefits at December 31, 2022 and 2021 include \$2,057,055 and \$1,815,882, respectively, allocated to the accounts of participants who, as of or prior to that date, had withdrawn from participating in the contributions of the Plan and will be paid their benefits subsequent to December 31, 2022 and 2021.

Participant Transaction Fees

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Company. Expenses relating to specific participant transactions are charged directly against the appropriate participant's account. Investment-related expenses are included in net depreciation in fair value of investments.

ORION INDUSTRIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Participant Transaction Fees (Continued)

Fees incurred by the Plan for the investment management services or recordkeeping that are paid through revenue sharing, rather than a direct payment, are included in net depreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the retirement committee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The management of the Plan evaluated for subsequent events and transactions for potential recognition and disclosure through October 10, 2023, the date the financial statements were available to be issued.

NOTE 3 - CONCENTRATION OF CREDIT RISK

The Plan maintains a cash balance at one financial institution. Accounts at the institution are not insured by the Federal Deposit Insurance Corporation and they are subject to credit risk.

NOTE 4 - INFORMATION CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted with this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Plan's trustee, Fidelity Management Trust Company, except for comparing such information to information included in the Plan's financial statements and supplemental schedule. Fidelity Management Trust Company, the custodian of the Plan, has certified the completeness and accuracy of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, net depreciation in fair value of investments, net increase in contract value of common collective trust, dividend and interest income and interest on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022, and the investments reflected on Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year).

ORION INDUSTRIES 401(k) PLAN**NOTES TO FINANCIAL STATEMENTS**

December 31, 2022 and 2021

NOTE 5 - INVESTMENTS

Following is the hierarchy and relative fair value measurements of the major classes of investments at December 31, 2022 and 2021:

		Fair Value Measurements			
			Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
		Fair Value			
<u>December 31, 2022</u>					
Mutual funds	\$	8,445,036	\$ 8,445,036		
Money market fund		<u>65</u>	<u>65</u>		
Total Assets in Fair Value Hierarchy		<u>8,445,101</u>	<u>8,445,101</u>		
Investments measured at net asset value		<u>42,959</u>			
Investments at Fair Value	\$	<u>8,488,060</u>	\$ <u>8,445,101</u>	\$ <u> </u>	\$ <u> </u>
<u>December 31, 2021</u>					
Mutual funds	\$	11,640,474	\$ 11,640,474		
Money market fund		<u>60</u>	<u>60</u>		
Total Assets in Fair Value Hierarchy		<u>11,640,534</u>	<u>11,640,534</u>		
Investments measured at net asset value		<u>79,395</u>			
Investments at Fair Value	\$	<u>11,719,929</u>	\$ <u>11,640,534</u>	\$ <u> </u>	\$ <u> </u>

Investments valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. Investments valued using Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets. Level 3 inputs are based on the Plan's own assumptions on how knowledgeable parties would price assets or liabilities and are developed using the best information available in the circumstances.

ORION INDUSTRIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 5 - INVESTMENTS (Continued)

Investments Measured Using Net Asset Value per Share Practical Expedient

The common collective trust held in the Putnam Stable Value Fund (the "Fund") measures contract value using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The Fund is designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Fund seeks to earn a high level of income consistent with those objectives. The Fund holds guaranteed investment contracts which typically have a fixed maturity. Each contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan's ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such events, which would also limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code through Fidelity's Volume Submitter Defined Contribution Basic Plan Document No. 17. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ORION INDUSTRIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and money market funds managed by Fidelity Management Trust Company. Plan recordkeeping transactions are processed by Fidelity Investments Institutional. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fidelity Investments Institutional fees totaled \$52,031 for the year ended December 31, 2022.

The Company, as the plan sponsor, pays for certain administrative costs on behalf of the Plan.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
