INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Micro Metals, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of *Micro Metals, Inc. Profit Sharing Plan* (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of *Micro Metals, Inc. Profit Sharing Plan's* financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT – Continued

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of *Micro Metals, Inc. Profit Sharing Plan* and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about *Micro Metals, Inc. Profit Sharing Plan's* ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

INDEPENDENT AUDITORS' REPORT – Continued

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of *Micro Metals, Inc. Profit Sharing Plan's* internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about *Micro Metals, Inc. Profit Sharing Plan's* ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT – Continued

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MICRO METALS, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of *Micro Metals, Inc. Profit Sharing Plan* (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan with a 401(k) feature that covers all non-excluded employees of *Superior Precision Sheet Metal Corp., dba Micro Metals, Inc.* and its 100% owned subsidiary, *Forno Bravo, LLC* (collectively referred to as the Company) who have completed a minimum of one year of service at the Company and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan administrator and the Plan trustees are responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions – Participants may contribute pre-tax or Roth elective deferrals up to 100% of eligible compensation each year not to exceed the maximum allowed by law. Participants who have reached age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Company contributes a safe harbor matching contribution equal to 100% of each participant's elective deferral contributions (including any catch-up contributions) up to 4% of each participant's eligible compensation.

The Company may also make discretionary profit sharing contributions. A participant who terminates during the Plan year must complete at least 500 hours of service during the Plan year to be eligible to receive a profit sharing contribution. For the years ended December 31, 2022 and 2021, the Company did not make any profit sharing contributions.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan also allows participants to invest in self-directed accounts.

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on the participant's earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MICRO METALS, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Vesting – Participants are immediately 100% vested in their elective deferral contributions, rollover contributions, and the Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company profit sharing contributions is based on years of service. A participant is fully vested after six years of credited service.

Payment of Benefits – Upon termination of service, retirement, or disability, a participant with a vested account balance greater than \$5,000 can receive a lump-sum distribution or have the vested account be annuitized upon the participant's consent. However, the Plan administrator may commence distribution of a participant's vested account without consent at the time that distribution payments must begin under applicable federal law.

Upon termination of service, retirement, or disability, a participant with a vested account balance of \$5,000 or less will receive an automatic lump-sum distribution. If the vested account balance is between \$1,000 and \$5,000 and an election is not made to either receive or roll over the distribution, the distribution will be directly rolled over to an individual retirement account.

Upon death, a participant's vested account balance will be paid to the participant's designated beneficiary or beneficiaries.

Benefits are recorded when paid.

Forfeited Accounts – Forfeitures of non-vested accounts are used to reduce employer contributions or to pay for Plan administrative expenses.

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors, insurance provider, and custodian. See Note 2 for discussion of fair value measurements.

Purchases of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MICRO METALS, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Expenses – Recordkeeping, investment advisor, and participant transaction fees are charged directly to the participants' accounts and are included in administrative expenses. Other investment related expenses are included in net appreciation or depreciation in fair value of investments.

Plan Restatement – In October 2021, the Plan adopted a new Plan document, which was restated under the IRS' third six-year remedial amendment cycle. There were no substantial changes in the way the Plan operates as a result of adopting the new Plan document.

NOTE 1 – INFORMATION PREPARED AND CERTIFIED BY THE QUALIFIED INSTITUTION OF THE PLAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the qualified institution of the Plan:

	<u>2022</u>	<u>2021</u>
Investments at Fair Value		
Shares of Common/Collective Trust	\$ 296,715	\$ 276,669
Mutual Funds	5,085,787	6,748,020
Net Investments (Loss) Gain in Fair Value of Investments	(581,377)	743,031
Dividends	165,417	59,667

NOTE 2 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**MICRO METALS, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 – FAIR VALUE MEASUREMENTS – Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of Common/Collective Trust: Valued at the net asset value (NAV) of the units held by the Plan at year end. The NAV, as provided by the trustees of the common/collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The Plan's shares of common/collective trust are shares of the Morley Stable Value Fund Class 25 (the fund). The fund's objective is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity. The fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks, and other financial institutions. Withdrawals from the fund for benefit payments and participant transfers to noncompeting options are made to the Plan's participants promptly upon request but in all cases within thirty days after written notification has been received. All Plan sponsor-directed full or partial withdrawals are subject to a twelve-month advance written notice requirement; however, the fund may waive this requirement at its discretion.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash Surrender Value of Life Insurance: The Plan assets include a self-directed investment in a flexible premium indexed adjustable life insurance policy with an insurance company which is valued at the cash surrender value as provided by the insurance company.

NOTE 2 – FAIR VALUE MEASUREMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
<i>December 31, 2022</i>			
Mutual Funds	\$ 5,085,787	\$ -	\$ 5,085,787
Cash Surrender Value of Life Insurance Policy	-	926,501	926,501
Total Assets in the Fair Value Hierarchy	<u>\$ 5,085,787</u>	<u>\$ 926,501</u>	6,012,288
Investments Using Net Asset Value Per Share as a Practical Expedient - Shares of Common/Collective Trust			296,715
Investments at Fair Value			<u>\$ 6,309,003</u>
<i>December 31, 2021</i>			
Mutual Funds	\$ 6,748,020	\$ -	\$ 6,748,020
Cash Surrender Value of Life Insurance Policy	-	239,324	239,324
Total Assets in the Fair Value Hierarchy	<u>\$ 6,748,020</u>	<u>\$ 239,324</u>	6,987,344
Investments Using Net Asset Value Per Share as a Practical Expedient - Shares of Common/Collective Trust			276,669
Investments at Fair Value			<u>\$ 7,264,013</u>

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the previous table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 3 – PARTY IN INTEREST TRANSACTIONS

In 2022 and 2021, the Plan paid fees of \$68,747 and \$70,432, respectively, to AssetMark Retirement Services, Inc. The fees paid are considered to be party in interest transactions. Additionally, certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

MICRO METALS, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts would become fully vested.

NOTE 5 – TAX STATUS

In October 2021, the Plan adopted EPIC Retirement Plan Services Defined Contribution Pre-Approved Plan Basic Plan Document 01. This pre-approved plan basic plan document obtained its latest advisory letter dated June 30, 2020, in which the Internal Revenue Service stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Before October 2021, the Plan had adopted the Ascensus, Inc. Qualified Retirement Plan and Trust Defined Contribution Basic Plan Document 03. This prototype plan document obtained its latest advisory letter dated March 31, 2014, in which the Internal Revenue Service stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the plan document had been amended since receiving the advisory letter, the Plan administrator believed that the Plan was designed and was operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believes that the Plan was qualified, and the related trust was tax-exempt.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through the date of the attached independent auditors' report, the date which the financial statements were available to be issued.
