Independent Auditor's Report

Plan Administrator and Participants
Biamp Systems LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Biamp Systems LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 31, 2023, December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the period ended January 31, 2023 and the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Merger

As discussed in Note 1 to the financial statements, the Plan Sponsor determined to merge the Plan into the SuccessWise Pooled Employer Plan. All Plan assets were transferred to the control of the SuccessWise Pooled Employer Plan in January 2023. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Biamp Systems LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The Biamp Systems LLC 401(k) Plan (the Plan) was established effective as of May 1, 2017. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering employees of Biamp Systems LLC (the Plan Sponsor), except for leased employees, nonresident aliens and temporary employees or interns, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible to participate in the Plan immediately upon hire for deferrals and discretionary employer matching contributions, and upon completion of six months of service and employment at the end of the Plan year for discretionary employer nonelective contributions, unless terminated due to retirement, death or disability. Employees may enter the Plan on the first day of the month coinciding with or immediately following the date eligibility requirements are met. In addition, eligible employees employed on May 1, 2017, became participants on that date.

On December 30, 2022, the Plan Sponsor elected to merge the Biamp Systems LLC 401(k) Plan into the SuccessWise Pooled Employer Plan (SuccessWise). As a result, all assets of the Plan were transferred to the control of the SuccessWise plan on various dates in January 2023. The merger does not impact participant benefits as the benefit provisions were incorporated in to the SuccessWise plan.

Contributions: Each year, participants may elect to defer up to 100% of eligible annual compensation as defined in the Plan document, not to exceed the maximum allowable by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are automatically enrolled at 5%, unless the participant makes a contrary election, once eligibility is met. The automatic enrollment percentage is increased by 1% annually, up to a maximum of 10%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies and self-directed brokerage accounts as investment options for participants. Contributions are subject to certain limitations.

Each year, the employer may elect to make a discretionary matching contribution equal to a percentage of each participant's deferral contributions, as defined in the Plan document. Discretionary matching contributions were 50% of the first 6% of participant deferrals (up to 3% of eligible compensation). Discretionary employer matching contributions totaled \$1,206,206 for the year ended December 31, 2022.

Each year, the employer may also elect to make a discretionary nonelective contribution, as defined in the Plan document, determined annually by the employer, and allocated based on each participant's proportionate share of total eligible compensation paid to participants during the Plan year. The employer did not make a discretionary nonelective contribution for the year ended December 31, 2022.

Participant accounts: Each participant's account is credited with the participant's contributions; the employer's discretionary matching and discretionary nonelective contributions, if any; and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's earnings, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Biamp Systems LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's discretionary matching and discretionary nonelective contributions, plus actual earnings thereon, is based on years of credited service. Participants vest at 25% annually, beginning with the completion of one year of vesting service, and are fully vested after four years of vesting service. Upon normal retirement age, death or total disability of a participant prior to retirement, the participant's account balance shall become fully vested.

Notes receivable from participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All notes receivable from participants are secured by the participant's account balance and bear a reasonable rate of interest as determined by the Plan Administrator based on prevailing interest rates charged by persons in the business of lending money under similar circumstances. The terms of the notes receivable from participants shall not exceed five years, except that the term may be up to 10 years if the purpose of the note receivable is for the purchase of the participant's principal residence. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits: Upon termination of service due to death, disability, retirement or other reasons, participants with account balances in excess of \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or may defer distributions until the normal retirement age is met. Participants with account balances of \$5,000 or less will receive a lump-sum distribution equal to the value of their vested account.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts approximated \$0 and \$37,000, respectively. Forfeited accounts can be used to pay Plan administrative expenses or offset employer contributions. During 2022, employer contributions were reduced by \$92,000 from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from participant to be in default, the note receivable from participant balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions are performed by officers or employees of the employer. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the employer and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions on the accompanying statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the assets below:

Description of Assets	2022 *	2021
Registered investment companies	\$ -	\$ 46,921,127
Cash, interest bearing	226,820	-
Self-directed brokerage accounts	-	353,184
Notes receivable from participants	424,675	501,551
Total assets certified	<u>\$ 651,495</u>	<u>\$ 47,775,862</u>

* Effective December 30, 2022, the Plan Sponsor elected to merge the Plan into the SuccessWise Pooled Employer Plan. To affect the transfer of the Plan assets, approximately \$36 million of the Plan's holdings were liquidated after final valuation on December 30, 2022, with the remaining \$651,495 liquidated in January 2023. The proceeds of this liquidation were received subsequent to December 31, 2022 by the new trustee. Because the policy of the trustee is to record purchases and sales of securities on a trade-date basis, and the trade date for the liquidation was December 30, 2022, the trustee has certified only the \$651,495 remaining investments and notes receivable from participants as of December 31, 2022.

Note 3. Information Certified by Fidelity Management Trust Company (Continued)

Fidelity also certified as to the completeness and accuracy of \$9,422,521 of net depreciation in fair value of investments, \$1,051,286 of interest and dividend income and \$21,319 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) issued guidance on fair value measurements and disclosures, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liabilities
- Inputs are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2022 or 2021.

Cash: Valued at the closing price reported by the brokerage account for where the cash is held.

Self-directed brokerage accounts: Accounts primarily consist of money market funds and common stocks that are valued on the basis of readily determinable market prices. Money market funds are valued at amortized cost, which approximates fair value.

Note 4. Fair Value Measurements (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

Description	2022			Total
	Level 1	Level 2	Level 3	
Cash	\$ 226,820	\$ -	\$ -	\$ 226,820
	<u>\$ 226,820</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 226,820</u>

Description	2021			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 46,921,127	\$ -	\$ -	\$ 46,921,127
Self-directed brokerage accounts	353,184	-	-	353,184
	<u>\$ 47,274,311</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 47,274,311</u>

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are registered investment companies and self-directed brokerage accounts managed by Fidelity. Fidelity is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity totaled \$34,716 for the year ended December 31, 2022. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. As discussed in Note 1, the Plan merged all assets in the SuccessWise Pooled Employer Plan as of year-end, and this does not represent a plan termination that would impact participant vesting.

Note 7. Tax Status

The Plan is qualified under the appropriate section of the IRC. The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor, by a letter dated June 30, 2020, that the Plan, as designed, is qualified under the appropriate section(s) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.
