INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Ashworth Bros., Inc. Employee Savings Plan
Fall River, Massachusetts

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ashworth Bros., Inc. Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental Schedule H - Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Information Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASHWORTH BROS., INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF PLAN

The following description of the Ashworth Bros., Inc. Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Ashworth Bros., Inc. (the "Employer") on July 1, 1991. The purpose of the Plan is to provide a vehicle to employees to accumulate retirement income. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") that has two components: an employee savings component and a matching and profit sharing component. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief and Economic Security Act, as amended (the "CARES Act"). The Plan has been amended for the adoption of these provision in 2022. The CARES Act provisions that were adopted pertained to distributions and repayment of notes receivable by participants, including the following:

- (a) Participants that met eligible CARES Act criteria could take penalty free withdrawals of up to \$100,000 from January 1, 2020 through December 30, 2020
- (b) Participants have the ability to repay the CARES Act distribution within three years, though repayment is not required
- (c) Repayments of the CARES Act distribution is not be subject to the annual retirement plan contribution limits
- (d) A CARES Act distribution is not considered a hardship distribution, therefore a participant does not have to first obtain a loan or other available distributions under the Plan before requesting a CARES Act distribution. In addition, participants that meet the eligibility criteria under the CARES Act must take the CARES Act distribution before a hardship distribution
- (e) Participants were allowed to defer loan repayments that would otherwise be due between March 27, 2020 and December 31, 2020. Loan repayments resumed January 1, 2021
- (f) If a participant loan was deferred, interest would continue to accrue during the deferment period and the term of the loan was extended by the length of the deferment period
- (g) The outstanding balance of any loan in deferment was re-amortized on January 1, 2021 to determine the new loan repayment amount

Effective January 1, 2021, the Plan was amended. The amendment requires that the deferral rate of automatically enrolled participants be increased by 1% annually until a deferral rate of 10% is reached. The annual increase does not apply to participants in their first six months of automatic enrollment.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Eligibility

Employees are eligible to participate in the employee savings component of the Plan after the attainment of age 21 and the completion of three months of service. Entrance into the Plan occurs on the closest entry date (January 1, April 1, July 1 or October 1) following the completion of these requirements. To participate in the matching and profit sharing component of the Plan, the employee must complete one year of service in which at least 1,000 hours of service were credited.

Contributions

Participants may elect to contribute amounts to the employee savings component of the Plan equal to any percentage between a minimum of 1% and a maximum of 60% of eligible compensation, as defined in the Plan. Participants may designate some or all of their elective deferrals as Roth 401(k) deferrals. Participants who are at least age 50 before the end of the Plan year may make catch-up contributions equal to any whole number percentage of their eligible compensation or whole dollar amount. Participants may not contribute more than the maximum allowed by the IRC.

The Plan contains automatic enrollment and automatic increase features. When employees become eligible to participate in the Plan, they are automatically enrolled with a deferral rate of 3% unless the employees affirmatively elect not to make contributions to the Plan or make an alternative election. This rate is increased by 1% each July until the deferral rate reaches 10%.

The Employer has elected the Qualified Automatic Contribution Arrangement ("QACA") safe harbor plan format. For the years ended December 31, 2022 and 2021, Employer contributions consist of a nonelective safe harbor matching contribution equal to 100% of the first 1% of the employees' elective deferrals, and 50% of the next 5% of the employees' elective deferrals.

Contributions to the profit sharing component of the Plan are determined annually by the Employer. No contributions were made to the profit sharing component in 2022 or 2021.

Rollovers and transfers of funds from other qualified plans in which employees cease to participate are permitted and are fully vested.

Vesting

Participants are fully vested in their contributions to the employee savings component of the Plan and earnings thereon.

For Employer QACA safe harbor match contributions to the the Plan, participants are fully vested after a period of two years of service.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting (continued)

For Employer profit sharing contributions to the Plan, participants are vested in accordance with the following schedule:

<u>Number of years of service</u>	<u>Vesting percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited accounts

Forfeitures of terminated participants' nonvested account balances are used to pay plan administrative expenses or reduce future Employer's contributions. For the years ended December 31, 2022 and 2021, forfeitures of \$3,391 and \$6,641, respectively, were used to reduce the Employer's matching contribution. The forfeiture balance was \$452 and \$0 at December 31, 2022 and 2021, respectively.

Participant accounts

Contributions are paid to the trust, which is administered by Fidelity Management Trust Company ("Trustee") who is responsible for receiving contributions, making distributions, maintaining accounts and records, and rendering an annual report. Participants designate their desired allocation of contributions to the Plan's investment funds and retain the right to change their investment allocation on a daily basis. Absent an election to the contrary, contributions on behalf of participants automatically enrolled in the Plan are allocated to default funds based on the age of the participant on the automatic enrollment date.

Participants' accounts are credited with their elective deferrals and Employer contributions made on their behalf and charged for administrative expenses directly attributable to the participant. The earnings (losses) generated by trust investments and administrative expenses are allocated to participants' accounts daily, as defined in the Plan. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Employer profit sharing contributions are allocated to eligible Plan participants in the ratio that their compensation bears to total compensation of all eligible participants.

Benefits

Upon termination of employment by reason of normal retirement, death or disability, participants will be entitled to 100% of the amounts credited to their accounts. Upon termination of employment for other than normal retirement, death or disability, participants will be entitled to the vested amounts credited to their accounts.

Benefits are payable in installments or single lump-sum payments.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Notes receivable from participants

The Plan provides that a participant may request a loan from their participant account in accordance with terms specified in the Plan. A participant may not have more than one loan outstanding at any given time. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of 50% of the participant's vested interest or \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period prior to the loan date. Loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 7.25% at December 31, 2022 and 2021, which are commensurate with local prevailing rates, as determined by the Plan administrator. In practice, the Plan administrator assigns the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions over a period of up to five years, unless the loan is for the purchase of a participant's primary residence.

In-service withdrawals

Participants who have attained age 59 ½ may elect to receive an in-service distribution of all or any portion of their deferral contributions account.

Hardship withdrawals

A hardship withdrawal may be authorized by the Employer in an amount up to 100% of the participant's contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines its valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded in the period the loan is determined to be uncollectible, based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Employer pays certain professional fees and other expenses related to the Plan; therefore, such expenses are not included in the accompanying financial statements. Fees related to the administration of loans and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses charged directly to participants are included in "Net appreciation (depreciation) in fair value of investments."

Subsequent events

The Plan has evaluated subsequent events through October 12, 2023, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3. INFORMATION CERTIFIED BY TRUSTEE

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements, and supplemental schedule, that was prepared by or derived from, without audit, information prepared by Fidelity Management Trust Company, the Trustee, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value and included in the fair value hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ASHWORTH BROS., INC. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Assets measured at fair value are based on one or more of the following valuation techniques:

- (a) *Market approach*: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- (b) *Cost approach*: Amount that would be required to replace the service capacity of an asset (replacement cost); and
- (c) *Income approach*: Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

The following tables summarize the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Fair Value Measurements at December 31, 2022					
Description	Level 1	Level 2	Level 3	Total at December 31, 2022	Valuation Technique
Mutual funds	\$ 19,414,531	\$ -	\$ -	\$ 19,414,531	(a)
Investments at fair value	\$ 19,414,531	\$ -	\$ -	\$ 19,414,531	

Fair Value Measurements at December 31, 2021					
Description	Level 1	Level 2	Level 3	Total at December 31, 2021	Valuation Technique
Mutual funds	\$ 24,096,169	\$ -	\$ -	\$ 24,096,169	(a)
Investments at fair value	\$ 24,096,169	\$ -	\$ -	\$ 24,096,169	

During the years ended December 31, 2022 and 2021, there were no transfers between levels of the fair value hierarchy.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Plan investment options consist of the Plan's mutual funds, which are managed by the Plan's Trustee; accordingly, the related transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue-sharing, rather than a direct payment. Notes receivable from participants are also considered party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 7. TAX STATUS

The Plan has adopted a nonstandardized form of a prototype plan (the "Prototype Plan") sponsored by Fidelity Management and Research Company. The Prototype Plan has received from the Internal Revenue Service ("IRS") an opinion letter, dated June 30, 2020, indicating that the Prototype Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
