INDEPENDENT AUDITORS' REPORT

TO THE 401(k) COMMITTEE AND PARTICIPANTS OF CLIMATEWORKS FOUNDATION RETIREMENT TRUST

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of CLIMATEWORKS FOUNDATION RETIREMENT TRUST ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H Line 4i: Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLIMATEWORKS FOUNDATION RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the ClimateWorks Foundation Retirement Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 2008 to provide retirement benefits for employees of ClimateWorks Foundation (the “Foundation”). The Plan is a defined contribution plan available to all eligible employees who have completed six months of eligible service and have attained 21 years of age and who are not covered by a collective bargaining agreement or a nonresident alien as defined under the Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, and certain provisions of the Internal Revenue Code (“IRC”). The 401(k) Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants may elect to contribute to the Plan, on a pre-tax or post-tax (“Roth”) basis, either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. Participants may contribute up to 100% of their annual eligible compensation, subject to annual limits specified by the IRC. For the year ended December 31, 2022, the annual limitation was \$20,500. Participants who reached at least 50 years of age by the end of the Plan year are permitted to make additional catch-up contributions limited to \$6,500 for the year ended December 31, 2022.

Participants are also allowed to roll over contributions from other qualified retirement plans, subject to approval by the plan administrator.

Employer Contributions – The Foundation has elected to make enhanced safe harbor matching contributions equal to 100% of a participant’s elective deferrals up to 6% of the participants eligible compensation. The Foundation may also make discretionary employer profit sharing contributions. For the year ended December 31, 2022, the Foundation elected to make profit sharing contributions to the Plan equal to 9% of each participant’s eligible compensation.

Participant Accounts – The Plan maintains an account for each participant that is credited with the participant’s contributions, rollover contributions, and safe harbor matching contributions, and allocations of discretionary employer profit sharing contributions, if any, and Plan investment earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that may be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their salary deferral, rollover contributions, safe harbor matching contributions and any employer profit sharing contributions plus actual earnings thereon.

CLIMATEWORKS FOUNDATION RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants – Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum number of loans outstanding at any one time is two. The loan is secured by the vested balance in the participant's account and bears a fixed interest rate based on the prime rate plus 1 percent at the date of the loan. Loan terms range from one to five years, except for loans used to finance the purchase of a primary residence, which could be for a longer period. Principal and interest are paid through payroll deductions. Any outstanding loans will become due and payable upon the earlier of maturity date, termination of employment, or death.

Payment of Benefits – Upon termination of service due to death, disability, termination of employment or retirement, a participant may receive a lump-sum distribution, partial withdrawals, or a direct rollover distribution equal to the value of the participant's interest in his or her account. Normal retirement age is 65 years. In-service distributions upon attainment of the normal retirement age and hardship distributions, as defined in the Plan, are also permitted. A terminated participant that has a vested account balance between \$1,000 and \$5,000, and has not provided distribution instructions to the Plan, will have his or her account rolled over to an individual retirement account ("IRA") as designated by the plan administrator. Vested account balances of less than \$1,000 are automatically cashed out as a single lump-sum distribution. The payment of required minimum distributions ("RMDs") to retired participants is required to begin no later than April 1st following the end of the year in which the retired participant reaches 72 years of age.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Foundation determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Contribution – Contributions are recorded in the Plan year which coincides with the payroll pay date.

Payment of Benefits – Benefits are recorded when paid.

Forfeited Accounts – Forfeited balances may be used to pay Plan administrative expenses or used to fund future Foundation contributions. At December 31, 2022 and 2021, forfeited accounts totaled \$2,165 and \$0, respectively. For the year ended December 31, 2022, no forfeitures were used to fund Foundation contributions to the Plan.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Foundation and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Fees related to investment advisory services are proportionately allocated to the accounts of all participants in the Plan and are included in administrative expenses. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

Concentrations – Two and three investment funds accounted for approximately 43% and 54% of the Plan's investment assets as of December 31, 2022 and 2021, respectively. Additionally, the target date funds utilized by the Plan, in the aggregate, accounted for approximately 60% and 56% of total investments as of December 31, 2022 and 2021, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CLIMATEWORKS FOUNDATION RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of the collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Investments valued using this practical expedient are reported outside of the fair value hierarchy. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance as permitted by 29 CFR 250.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC ("Empower LLC") (formerly Great-West Trust Company, LLC) and Empower Annuity Insurance Company of America (formerly Great-West Life & Annuity Insurance Company). have certified to the completeness and accuracy of all investments and notes receivable from participants presented on the Statements of Net Assets Available for Benefits and the investment information presented in Notes 3 and 5 as of December 31, 2022 and 2021, the supplemental Schedule H, Line 4i: Schedule of Assets (Held at Year End) as of December 31, 2022, and the related investment income (loss) and interest income earned on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.00% percent. The crediting interest rate is reviewed on a quarterly basis for resetting.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for this fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The Plan or Empower Annuity Insurance Company of America may terminate the contract with a 75 days written notice. Certain events might limit the ability of the Plan to transact at contract value with the issuer.

CLIMATEWORKS FOUNDATION RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 6 – TAX STATUS

Effective August 27, 2021, the Plan was amended and restated in the form of a pre-approved plan. This pre-approved plan has received an opinion letter dated June 30, 2020, in which the IRS stated that the plan is acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan administrator believes that the Plan is designed and is currently being operated in substantial compliance with the applicable requirements of the IRC. Prior to adopting the pre-approved plan, the Plan adopted a prototype plan that received an opinion letter dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in accordance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income states has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by income tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS

The Plan maintains an investment contract with Empower Annuity Insurance Company of America, an affiliate of Empower, LLC, the recordkeeper of the Plan, which qualifies as a party-in-interest transaction.

Empower, LLC and affiliates provide certain administrative services to the Plan pursuant to a service agreement between the Foundation and Empower Annuity Insurance Company of America. Empower, LLC and affiliates receive revenue from certain investment service providers for services Empower, LLC and affiliates provides to the funds. This revenue is used to offset certain amounts owed to Empower, LLC and affiliates for its administrative services to the Plan. Because these amounts are paid through this revenue sharing arrangement, rather than a direct payment, they are included in net appreciation (depreciation) in fair value of investments.

If the revenue received by Empower, LLC and affiliates from such investment service providers exceeds the amount owed under the service agreement, Empower, LLC and affiliates remit the excess to the Plan. Such amounts may be applied to pay Plan recordkeeping and administration fees. During 2022, there were no excess amounts. The Plan or Plan sponsor may make a payment to Empower, LLC and affiliates for administration expenses not covered by revenue sharing.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

CLIMATEWORKS FOUNDATION RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

Effective January 1, 2024, the Plan will be amended to include an automatic enrollment feature. Under this feature, once an employee satisfies the eligibility requirements, in the absence of a deferral election within a reasonable period of time after he or she is hired, rehired or reclassified, or affirmatively opts out, the employee's eligible compensation automatically will be reduced by 6% and will be contributed to the participant's account in the Plan and that amount shall be deemed to be the employee's deferral election.

Plan management has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.
