INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of the
SMC Corporation Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the SMC Corporation Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SMC CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the SMC Corporation Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution 401(k) profit-sharing plan covering all full-time employees of SMC CORPORATION OF AMERICA (the "Company") who have reached age 21 and have at least 30 days of service, as defined in the Plan Document. Fidelity Management Trust Company ("FMTC") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act were effective and could be operationalized immediately, prior to amending the Plan Document. The Company reinstated the Employer match effective January 1, 2021. The Plan Document was amended during 2022.

Participant Contributions—Participants may contribute up to 90% of their eligible annual compensation, as defined in the Plan Document, not to exceed the maximum amount allowed by law. Participants may elect to make pre-tax or after-tax (Roth) contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; these additional contributions are ineligible for the Company matching contribution. Rollover contributions from other qualified plans are also permitted by the Plan.

Company Contributions—Except as described above, the Company makes a matching contribution of 100% of the first 5% of the participant's eligible compensation. The Company will match any pre-tax contributions first, followed by any Roth contributions, up to the 5% limit.

At the discretion of the Company's Board of Directors, the Company may also contribute an additional discretionary nonelective employer contribution or discretionary matching employer contribution. There were no discretionary contributions in 2022.

All contributions are subject to certain Internal Revenue Code (IRC) limits.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and related Company matching and discretionary contributions, and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers a variety of mutual funds and a stable value fund as investment options for participants.

Vesting—Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
1	35 %
2	70
3	100

Notes Receivable from Participants—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. The Plan's loan provisions allow an employee to have no more than one outstanding loan from the Plan. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus 1%. Principal and interest are paid ratably through payroll deductions. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2022, participant loans have maturities through 2031 at interest rates ranging from 4.25% to 9.99%. As of December 31, 2021, participant loans have maturities through 2028 at interest rates ranging from 4.25% to 9.99%.

Payment of Benefits—On termination of service with the Company (including termination of service due to death, disability or retirement), a participant may take a lump-sum or partial payment, as defined in the Plan Document.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain hardships, as defined.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan Document permits the use of forfeitures to reduce future Company contributions, pay Plan administrative expenses, or be allocated to participants. However, if a participant is re-employed and fulfills certain requirements, as defined in the Plan Document, the account will be reinstated. During 2022, forfeitures in the amount of approximately \$192,449 were allocated to active employees participating in the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$154 and \$33,245, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across a variety of participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into a variety of financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participants who made such decisions. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Document.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor as provided in the Plan Document. During 2022, participants paid \$20,000 in administrative costs for loans, distributions and qualified domestic relation orders.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2022 or 2021.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified investment information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information prepared by FMTC, the trustee for the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of Net Assets Available for Benefits

	2022	2021

Interest income on notes receivable from participants	91,782

Supplemental schedule: All investment balances and investment information included in the supplemental schedule of assets (held at end of year).

Note 4: All investment balances and investment information, excluding the classification and level of investments.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies ("RICs")—The RICs held by the Plan are valued at quoted market prices that represent the net asset value of shares held at the Plan year-end. The RICs held by the Plan are actively traded.

Stable Value Fund—A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant restrictions for this investment; the redemption notice period is applicable only to the Plan. There are no unfunded commitments or other redemption restrictions.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2022 Total
Registered investment companies	<u>\$142,407,600</u>	<u>\$ -</u>	<u>\$ -</u>	\$142,407,600
Investment measured at NAV— Stable value fund				<u>12,139,199</u>
Total investments				<u>\$154,546,799</u>

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2021 Total
Registered investment companies	<u>\$173,304,207</u>	<u>\$ -</u>	<u>\$ -</u>	\$173,304,207
Investment measured at NAV— Stable value fund				<u>8,772,378</u>
Total investments				<u>\$182,076,585</u>

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments, \$43,004,928 and \$24,018,027 at December 31, 2022 and 2021, respectively, are shares of registered investment companies and a stable value fund managed by FMTC, the trustee and affiliate of the recordkeeper, as defined by the Plan. Therefore, related transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

Administrative revenues arise when investment managements return a portion of their investment fees to FMTC to offset the administrative expenses. Any excess resulting from this revenue sharing remains in an unallocated account from which future Plan expenses can be paid, or the amount can be allocated to participants. During 2022, approximately \$113,553 was allocated to all participants who had an account balance at the time of the allocation.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA and with approval of the Board of Directors. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

During 2022, the Company failed to remit certain employee deferrals and loan repayments to the Plan aggregating \$805,541 later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company computed the lost earnings on these 2022 deposits and subsequently remitted the deposits and will make a contribution for lost earnings to the Plan. The Company will file Form 5330 with the IRS and will pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

8. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity Management and Research Company, ("FMR"), an affiliate of FMTC. FMR received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per Form 5500 as of December 31, 2022 and 2021, is as follows:

	2022	2021
Net assets available for benefits per the financial statements	\$ 156,999,351	\$ 184,551,257

INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of the
SMC Corporation Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the SMC Corporation Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SMC CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the SMC Corporation Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution 401(k) profit-sharing plan covering all full-time employees of SMC CORPORATION OF AMERICA (the "Company") who have reached age 21 and have at least 30 days of service, as defined in the Plan Document. Fidelity Management Trust Company ("FMTC") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act were effective and could be operationalized immediately, prior to amending the Plan Document. The Company reinstated the Employer match effective January 1, 2021. The Plan Document was amended during 2022.

Participant Contributions—Participants may contribute up to 90% of their eligible annual compensation, as defined in the Plan Document, not to exceed the maximum amount allowed by law. Participants may elect to make pre-tax or after-tax (Roth) contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; these additional contributions are ineligible for the Company matching contribution. Rollover contributions from other qualified plans are also permitted by the Plan.

Company Contributions—Except as described above, the Company makes a matching contribution of 100% of the first 5% of the participant's eligible compensation. The Company will match any pre-tax contributions first, followed by any Roth contributions, up to the 5% limit.

At the discretion of the Company's Board of Directors, the Company may also contribute an additional discretionary nonelective employer contribution or discretionary matching employer contribution. There were no discretionary contributions in 2022.

All contributions are subject to certain Internal Revenue Code (IRC) limits.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and related Company matching and discretionary contributions, and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers a variety of mutual funds and a stable value fund as investment options for participants.

Vesting—Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
1	35 %
2	70
3	100

Notes Receivable from Participants—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. The Plan's loan provisions allow an employee to have no more than one outstanding loan from the Plan. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus 1%. Principal and interest are paid ratably through payroll deductions. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2022, participant loans have maturities through 2031 at interest rates ranging from 4.25% to 9.99%. As of December 31, 2021, participant loans have maturities through 2028 at interest rates ranging from 4.25% to 9.99%.

Payment of Benefits—On termination of service with the Company (including termination of service due to death, disability or retirement), a participant may take a lump-sum or partial payment, as defined in the Plan Document.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain hardships, as defined.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan Document permits the use of forfeitures to reduce future Company contributions, pay Plan administrative expenses, or be allocated to participants. However, if a participant is re-employed and fulfills certain requirements, as defined in the Plan Document, the account will be reinstated. During 2022, forfeitures in the amount of approximately \$192,449 were allocated to active employees participating in the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$154 and \$33,245, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across a variety of participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into a variety of financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participants who made such decisions. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Document.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor as provided in the Plan Document. During 2022, participants paid \$20,000 in administrative costs for loans, distributions and qualified domestic relation orders.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2022 or 2021.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified investment information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information prepared by FMTC, the trustee for the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Note 4: All investment balances and investment information, excluding the classification and level of investments.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies ("RICs")—The RICs held by the Plan are valued at quoted market prices that represent the net asset value of shares held at the Plan year-end. The RICs held by the Plan are actively traded.

Stable Value Fund—A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant restrictions for this investment; the redemption notice period is applicable only to the Plan. There are no unfunded commitments or other redemption restrictions.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments, \$43,004,928 and \$24,018,027 at December 31, 2022 and 2021, respectively, are shares of registered investment companies and a stable value fund managed by FMTC, the trustee and affiliate of the recordkeeper, as defined by the Plan. Therefore, related transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

Administrative revenues arise when investment managements return a portion of their investment fees to FMTC to offset the administrative expenses. Any excess resulting from this revenue sharing remains in an unallocated account from which future Plan expenses can be paid, or the amount can be allocated to participants. During 2022, approximately \$113,553 was allocated to all participants who had an account balance at the time of the allocation.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA and with approval of the Board of Directors. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

During 2022, the Company failed to remit certain employee deferrals and loan repayments to the Plan aggregating \$805,541 later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company computed the lost earnings on these 2022 deposits and subsequently remitted the deposits and will make a contribution for lost earnings to the Plan. The Company will file Form 5330 with the IRS and will pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

8. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity Management and Research Company, ("FMR"), an affiliate of FMTC. FMR received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per Form 5500 as of December 31, 2022 and 2021, is as follows:

	2022	2021
Net assets available for benefits per the financial statements	\$ 156,999,351	\$ 184,551,257
Deemed distributions	<u>(106,770)</u>	<u>(93,113)</u>
Total net assets per Form 5500	<u>\$ 156,892,581</u>	<u>\$ 184,458,144</u>

A reconciliation of decrease in net assets per the financial statements to net income per the Form 5500 for the year ended December 31, 2022, is as follows:

Decrease in net assets per the financial statements	\$ (27,551,906)
Less: Current year deemed distributions	(106,770)
Add: Prior year deemed distributions	<u>93,113</u>
Decrease in net assets per the Form 5500	<u>\$ (27,565,563)</u>

A reconciliation of the benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2022, is as follows:

Benefits paid to participants per the financial statements	\$ 12,709,460
Less: Prior year deemed distributions	<u>(93,113)</u>
Benefits paid to participants per Form 5500	<u>\$ 12,616,347</u>

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 13, 2023, the date the financial statements are available to be issued. There were no subsequent events requiring adjustments to or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of the
SMC Corporation Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the SMC Corporation Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SMC CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2022 AND 2021, AND FOR THE YEAR ENDED DECEMBER 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the SMC Corporation Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution 401(k) profit-sharing plan covering all full-time employees of SMC CORPORATION OF AMERICA (the "Company") who have reached age 21 and have at least 30 days of service, as defined in the Plan Document. Fidelity Management Trust Company ("FMTC") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act were effective and could be operationalized immediately, prior to amending the Plan Document. The Company reinstated the Employer match effective January 1, 2021. The Plan Document was amended during 2022.

Participant Contributions—Participants may contribute up to 90% of their eligible annual compensation, as defined in the Plan Document, not to exceed the maximum amount allowed by law. Participants may elect to make pre-tax or after-tax (Roth) contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; these additional contributions are ineligible for the Company matching contribution. Rollover contributions from other qualified plans are also permitted by the Plan.

Company Contributions—Except as described above, the Company makes a matching contribution of 100% of the first 5% of the participant's eligible compensation. The Company will match any pre-tax contributions first, followed by any Roth contributions, up to the 5% limit.

At the discretion of the Company's Board of Directors, the Company may also contribute an additional discretionary nonelective employer contribution or discretionary matching employer contribution. There were no discretionary contributions in 2022.

All contributions are subject to certain Internal Revenue Code (IRC) limits.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant’s account is credited with the participant’s contributions and related Company matching and discretionary contributions, and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments—Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers a variety of mutual funds and a stable value fund as investment options for participants.

Vesting—Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company’s matching and discretionary contributions plus actual earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
1	35 %
2	70
3	100

Notes Receivable from Participants—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. The Plan’s loan provisions allow an employee to have no more than one outstanding loan from the Plan. The loans are secured by the balance in the participant’s account and bear interest at the prime rate, plus 1%. Principal and interest are paid ratably through payroll deductions. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2022, participant loans have maturities through 2031 at interest rates ranging from 4.25% to 9.99%. As of December 31, 2021, participant loans have maturities through 2028 at interest rates ranging from 4.25% to 9.99%.

Payment of Benefits—On termination of service with the Company (including termination of service due to death, disability or retirement), a participant may take a lump-sum or partial payment, as defined in the Plan Document.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain hardships, as defined.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant’s account, as defined by the Plan, represents a forfeiture. The Plan Document permits the use of forfeitures to reduce future Company contributions, pay Plan administrative expenses, or be allocated to participants. However, if a participant is re-employed and fulfills certain requirements, as defined in the Plan Document, the account will be reinstated. During 2022, forfeitures in the amount of approximately \$192,449 were allocated to active employees participating in the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$154 and \$33,245, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across a variety of participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into a variety of financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participants who made such decisions. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Document.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan or the Plan sponsor as provided in the Plan Document. During 2022, participants paid \$20,000 in administrative costs for loans, distributions and qualified domestic relation orders.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid at December 31, 2022 or 2021.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified investment information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information prepared by FMTC, the trustee for the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of Net Assets Available for Benefits

	2022	2021
Participant-directed investments, at fair value	\$ 154,546,799	\$ 182,076,585

Interest income on notes receivable from participants	91,782

Supplemental schedule: All investment balances and investment information included in the supplemental schedule of assets (held at end of year).

Note 4: All investment balances and investment information, excluding the classification and level of investments.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies ("RICs")—The RICs held by the Plan are valued at quoted market prices that represent the net asset value of shares held at the Plan year-end. The RICs held by the Plan are actively traded.

Stable Value Fund—A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no participant restrictions for this investment; the redemption notice period is applicable only to the Plan. There are no unfunded commitments or other redemption restrictions.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	2022 Total

Investment measured at NAV— Stable value fund				<u>8,772,378</u>
Total investments				<u>\$182,076,585</u>

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments, \$43,004,928 and \$24,018,027 at December 31, 2022 and 2021, respectively, are shares of registered investment companies and a stable value fund managed by FMTC, the trustee and affiliate of the recordkeeper, as defined by the Plan. Therefore, related transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

Administrative revenues arise when investment managements return a portion of their investment fees to FMTC to offset the administrative expenses. Any excess resulting from this revenue sharing remains in an unallocated account from which future Plan expenses can be paid, or the amount can be allocated to participants. During 2022, approximately \$113,553 was allocated to all participants who had an account balance at the time of the allocation.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA and with approval of the Board of Directors. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

During 2022, the Company failed to remit certain employee deferrals and loan repayments to the Plan aggregating \$805,541 later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company computed the lost earnings on these 2022 deposits and subsequently remitted the deposits and will make a contribution for lost earnings to the Plan. The Company will file Form 5330 with the IRS and will pay the required excise tax on the transaction. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

8. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity Management and Research Company, ("FMR"), an affiliate of FMTC. FMR received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per Form 5500 as of December 31, 2022 and 2021, is as follows:

	2022	2021
Net assets available for benefits per the financial statements	\$ 156,999,351	\$ 184,551,257
Deemed distributions	<u>(106,770)</u>	<u>(93,113)</u>
Total net assets per Form 5500	<u>\$ 156,892,581</u>	<u>\$ 184,458,144</u>

A reconciliation of decrease in net assets per the financial statements to net income per the Form 5500 for the year ended December 31, 2022, is as follows:

Decrease in net assets per the financial statements	\$ (27,551,906)
Less: Current year deemed distributions	(106,770)
Add: Prior year deemed distributions	<u>93,113</u>
Decrease in net assets per the Form 5500	<u>\$ (27,565,563)</u>

A reconciliation of the benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2022, is as follows:

Benefits paid to participants per the financial statements	\$ 12,709,460
Less: Prior year deemed distributions	<u>(93,113)</u>
Benefits paid to participants per Form 5500	<u>\$ 12,616,347</u>

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 13, 2023, the date the financial statements are available to be issued. There were no subsequent events requiring adjustments to or disclosure in the financial statements.
