INDEPENDENT AUDITOR'S REPORT

To the 401(k) Committee
Retail Services & Systems, Inc. Deferred Profit Sharing Plan
Bethesda, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Retail Services & Systems, Inc. Deferred Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Retail Services & Systems, Inc. Deferred Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Retail

[1]

The CPA. Never Underestimate The Value.®

Services & Systems, Inc. Deferred Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Retail Services & Systems, Inc. Deferred Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retail Services & Systems, Inc. Deferred Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retail Services & Systems, Inc. Deferred Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1—DESCRIPTION OF PLAN

The following description of Retail Services & Systems, Inc. Deferred Profit Sharing Plan (the “Plan”) provides only general information. Interested parties should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a participant-directed defined-contribution plan covering all regular full-time and part-time employees of Retail Services & Systems, Inc. and its subsidiaries and affiliated companies (collectively, the “Company”) who are age 20 ½ or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees become eligible to provide voluntary compensation deferrals on the first day of employment, with service requirements in order to become eligible for Company matching contributions.

Fidelity Management Trust Company is the custodian and non-discretionary trustee for the Plan. The Plan’s 401(k) committee is responsible for oversight of the Plan and determining the appropriateness of the Plan’s investment offerings and for monitoring the Plan’s investment performance.

Contributions –Participants may contribute up to a maximum percentage of their pretax annual compensation allowable, not to exceed the limits of IRS Code Section 401(k), 402(g), 404, and 415. The contribution limit was \$20,500 for 2022 and \$19,500 for the 2021 plan years. In addition, a catch-up contribution of \$6,500 was allowed for participants 50 years of age and older for both the 2022 and 2021 plan years. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment options at any time.

The Company makes a matching contribution, equal to 50% of each participant’s contribution, on up to 6% of the participant’s compensation. Additional profit-sharing amounts may be contributed at the option of the Company’s board of directors. Contributions are subject to certain limitations as defined in the Plan agreement and as limited by statute. No such additional contributions were made during 2022 and 2021.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s matching contributions and (b) Investment earnings (losses) and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service, with at least 1,000 hours of service required to be credited for a year of service.

The vesting schedule is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 Years	0%
2 Years	25%
3 Years	100%

Notes Receivable from Participants – Participants may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Such borrowings

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

are secured by the balance in the participant's account and bear interest at a fixed rate of interest that is one percent (1%) above the prime interest rate. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Participants are eligible to receive distributions upon disability, death, or termination of employment with the Company. A participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or to leave the balance in the Plan. The Plan allows for automatic distributions of such participant account balances that do not exceed \$5,000.

Pre-Retirement Distributions – Hardship distributions are allowed by the Plan.

Forfeited Accounts – Any portion of a participant's account which is not vested is forfeited upon the participant's termination of service. Forfeitures of employer contributions may be used to pay administrative expenses or to reduce employer contributions.

During 2022 and 2021, forfeitures of \$643,719 and \$329,351, respectively, were reallocated to the remaining active participants by reducing employer matching contributions. At December 31, 2022 and 2021, the forfeiture account balances for future reallocation were \$7,078 and \$138,168, respectfully.

Plan Expenses and Costs – Certain administrative expenses are paid for by the Company and are excluded from these financial statements, while others are paid for by the Plan. Fees related to the administration of participant accounts and benefit payments are charged directly to the participants' accounts and are included in administrative expenses in the Statements of Changes in Net Assets Available for Benefits. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that could affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value, including the common/collective trust, which holds indirect investments in fully benefit-responsive investment contracts. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year, as well as the current-year change in unrealized appreciation and depreciation of investments.

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded as earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Income Taxes

The Plan has adopted a pre-approved profit sharing plan document sponsored by Fidelity Management & Research Company. The IRS has determined by a letter dated June 30, 2020, that the plan document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in these financial statements.

The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits in progress for any tax periods. Management believes that it is no longer subject to informational return examinations for years prior to 2019.

NOTE 3—FAIR VALUE MEASUREMENTS (UNAUDITED, SEE NOTE 4)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|----------------|---|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted Prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Shares of registered investment companies (Mutual Funds) are reported at fair value based on the quoted market price of the fund, which represents the net asset value of the investments held by the fund at year-end. The Mutual Funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The Mutual Funds held by the Plan are considered to be actively traded.

Stable Value Common/Collective Trust Fund: This fund is valued at the net asset value of units of the collective trust, as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust's primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. There are no unfunded commitments and the redemption frequency is daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, measured at fair value as of December 31, 2022 and 2021:

NOTE 4—INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The trustee of the Plan has certified that certain information disclosed in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2022 and 2021, in accordance with Section 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information includes the composition, cost, and current value of all cash, investments, and notes receivable from participants, as reported in the Statements of Net Assets Available for Benefits and Supplemental Schedule and the interest and dividends and net appreciation (depreciation) in fair value of investments and interest on notes receivable from participants, as reported in the Statements of Changes in Net Assets Available for Benefits.

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5—AMENDMENT AND TERMINATION

It is the intention of the Company to continue the Plan indefinitely and to make contributions as herein provided. The Company reserves the right, in its sole discretion, by written action of the Plan Committee, to amend the Plan, terminate the Plan, or to reduce or cease contributions at any time. Notwithstanding any other provision of this Plan, no action to amend or terminate the Plan may have the effect of decreasing, denying, or otherwise adversely affecting any benefit to a participant that is a “protected benefit” within the meaning of Code Section 411(d)(6) and the Treasury Regulations thereunder. In the event of Plan termination, participants will become 100% vested in amounts attributed to the Company’s contributions.

The Plan was last amended effective May 23, 2023.

NOTE 6—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 7—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others.

Notes receivable from Plan participants qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

During the years ended December 31, 2022 and 2021, administrative fees of \$187,091 and \$156,664, respectively, were paid by the Plan to the trustee, which qualify as party-in-interest transactions. The Plan sponsor also pays certain fees and expenses of the Plan.

NOTE 8—SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2022 financial statements.

NOTE 9—SUBSEQUENT EVENTS

Management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements as of the date of the independent auditor’s report, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustments to the financial statements or disclosures, as stated herein.

INDEPENDENT AUDITOR'S REPORT

To the 401(k) Committee
Retail Services & Systems, Inc. Deferred Profit Sharing Plan
Bethesda, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Retail Services & Systems, Inc. Deferred Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Retail Services & Systems, Inc. Deferred Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Notes 3 and 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Retail

[1]

The CPA. Never Underestimate The Value.®

Services & Systems, Inc. Deferred Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Retail Services & Systems, Inc. Deferred Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retail Services & Systems, Inc. Deferred Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retail Services & Systems, Inc. Deferred Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1—DESCRIPTION OF PLAN

The following description of Retail Services & Systems, Inc. Deferred Profit Sharing Plan (the “Plan”) provides only general information. Interested parties should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a participant-directed defined-contribution plan covering all regular full-time and part-time employees of Retail Services & Systems, Inc. and its subsidiaries and affiliated companies (collectively, the “Company”) who are age 20 ½ or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees become eligible to provide voluntary compensation deferrals on the first day of employment, with service requirements in order to become eligible for Company matching contributions.

Fidelity Management Trust Company is the custodian and non-discretionary trustee for the Plan. The Plan’s 401(k) committee is responsible for oversight of the Plan and determining the appropriateness of the Plan’s investment offerings and for monitoring the Plan’s investment performance.

Contributions –Participants may contribute up to a maximum percentage of their pretax annual compensation allowable, not to exceed the limits of IRS Code Section 401(k), 402(g), 404, and 415. The contribution limit was \$20,500 for 2022 and \$19,500 for the 2021 plan years. In addition, a catch-up contribution of \$6,500 was allowed for participants 50 years of age and older for both the 2022 and 2021 plan years. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment options at any time.

The Company makes a matching contribution, equal to 50% of each participant’s contribution, on up to 6% of the participant’s compensation. Additional profit-sharing amounts may be contributed at the option of the Company’s board of directors. Contributions are subject to certain limitations as defined in the Plan agreement and as limited by statute. No such additional contributions were made during 2022 and 2021.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s matching contributions and (b) Investment earnings (losses) and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service, with at least 1,000 hours of service required to be credited for a year of service.

The vesting schedule is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 Years	0%
2 Years	25%
3 Years	100%

Notes Receivable from Participants – Participants may borrow from their account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Such borrowings

NOTES TO THE FINANCIAL STATEMENTS

are secured by the balance in the participant's account and bear interest at a fixed rate of interest that is one percent (1%) above the prime interest rate. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Participants are eligible to receive distributions upon disability, death, or termination of employment with the Company. A participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or to leave the balance in the Plan. The Plan allows for automatic distributions of such participant account balances that do not exceed \$5,000.

Pre-Retirement Distributions – Hardship distributions are allowed by the Plan.

Forfeited Accounts – Any portion of a participant's account which is not vested is forfeited upon the participant's termination of service. Forfeitures of employer contributions may be used to pay administrative expenses or to reduce employer contributions.

During 2022 and 2021, forfeitures of \$643,719 and \$329,351, respectively, were reallocated to the remaining active participants by reducing employer matching contributions. At December 31, 2022 and 2021, the forfeiture account balances for future reallocation were \$7,078 and \$138,168, respectfully.

Plan Expenses and Costs – Certain administrative expenses are paid for by the Company and are excluded from these financial statements, while others are paid for by the Plan. Fees related to the administration of participant accounts and benefit payments are charged directly to the participants' accounts and are included in administrative expenses in the Statements of Changes in Net Assets Available for Benefits. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that could affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value, including the common/collective trust, which holds indirect investments in fully benefit-responsive investment contracts. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year, as well as the current-year change in unrealized appreciation and depreciation of investments.

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded as earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Income Taxes

The Plan has adopted a pre-approved profit sharing plan document sponsored by Fidelity Management & Research Company. The IRS has determined by a letter dated June 30, 2020, that the plan document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in these financial statements.

The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits in progress for any tax periods. Management believes that it is no longer subject to informational return examinations for years prior to 2019.

NOTE 3—FAIR VALUE MEASUREMENTS (UNAUDITED, SEE NOTE 4)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|----------------|---|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted Prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Shares of registered investment companies (Mutual Funds) are reported at fair value based on the quoted market price of the fund, which represents the net asset value of the investments held by the fund at year-end. The Mutual Funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The Mutual Funds held by the Plan are considered to be actively traded.

Stable Value Common/Collective Trust Fund: This fund is valued at the net asset value of units of the collective trust, as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The collective trust's primary investment objectives are to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. There are no unfunded commitments and the redemption frequency is daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, measured at fair value as of December 31, 2022 and 2021:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 4—INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The trustee of the Plan has certified that certain information disclosed in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2022 and 2021, in accordance with Section 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information includes the composition, cost, and current value of all cash, investments, and notes receivable from participants, as reported in the Statements of Net Assets Available for Benefits and Supplemental Schedule and the interest and dividends and net appreciation (depreciation) in fair value of investments and interest on notes receivable from participants, as reported in the Statements of Changes in Net Assets Available for Benefits.

RETAIL SERVICES & SYSTEMS, INC. DEFERRED PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5—AMENDMENT AND TERMINATION

It is the intention of the Company to continue the Plan indefinitely and to make contributions as herein provided. The Company reserves the right, in its sole discretion, by written action of the Plan Committee, to amend the Plan, terminate the Plan, or to reduce or cease contributions at any time. Notwithstanding any other provision of this Plan, no action to amend or terminate the Plan may have the effect of decreasing, denying, or otherwise adversely affecting any benefit to a participant that is a “protected benefit” within the meaning of Code Section 411(d)(6) and the Treasury Regulations thereunder. In the event of Plan termination, participants will become 100% vested in amounts attributed to the Company’s contributions.

The Plan was last amended effective May 23, 2023.

NOTE 6—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 7—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others.

Notes receivable from Plan participants qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

During the years ended December 31, 2022 and 2021, administrative fees of \$187,091 and \$156,664, respectively, were paid by the Plan to the trustee, which qualify as party-in-interest transactions. The Plan sponsor also pays certain fees and expenses of the Plan.

NOTE 8—SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan’s 2022 financial statements.

NOTE 9—SUBSEQUENT EVENTS

Management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements as of the date of the independent auditor’s report, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustments to the financial statements or disclosures, as stated herein.
