Report of Independent Auditors

To the Plan Administrator and Participants of the
Roberts Truck Center Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Robert's Truck Center 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Robert's Truck Center 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Robert's Truck Center 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert's Truck Center 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Robert's Truck Center 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert's Truck Center 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

1. Description of Plan

The following description of the Roberts Truck Center Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan became effective April 1, 2019 and is a defined contribution 401(k) Plan available to qualifying employees BDR Preferred Holdings, LLC (the “Company” or “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2021, include eligibility for long-term part-time employees. In December 2022, SECURE 2.0 was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Effective April 1, 2021, the Plan was amended and restated to bring the Plan into compliance with certain legislative and regulatory changes set forth in IRS notice 2017-37.

Eligibility

Employees who have attained the age of 21 and have completed two months of service are eligible to participate in the Plan. Employees may begin participating in the Plan on the first day of the month coinciding with or following their completion of the service requirement. Employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Contributions

Employees may elect to defer up to 100% of their annual compensation to the Plan, on a pre-tax or after-tax (Roth) basis, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may also make a discretionary matching contribution of \$1,250 on behalf of participating employees who have obtained one year of service, contributed a minimum of \$2,500 during the Plan year, and were employed on the last day of the year. A discretionary contribution of \$57,500 was made for the year ended December 31, 2022.

Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions; the Company’s matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

1. Description of Plan (continued)**Vesting**

Participants are always fully vested in their deferral contributions and any earnings thereon. Participants vest in employer contributions over five years at a rate of 20% each year, beginning in year one. Participants also become fully vested upon termination of employment because of death, disability, or attainment of age 65, the Plan's normal retirement age. Forfeited balances of terminated participants' non-vested accounts are used first to pay administrative expenses incurred by the Plan. Any remaining forfeitures are then used to reduce employer contributions or pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Participants may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1% at the time of inception. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution, installment payments or a direct rollover distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½, subject to Plan provisions.

Forfeited Accounts

For the year ended December 31, 2022, participants forfeited \$663 in employer contributions. During the year ended December 31, 2022, \$0 of the forfeiture balance was used to reduce Plan administrative expenses. As of December 31, 2022 and 2021, an unallocated forfeiture balance of \$2,954 and \$2,263, respectively, was available to reduce future employer contributions.

2. Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee or custodian. Refer to Note 4 for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Company pays certain administrative expenses incurred by the Plan. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions on the statement of net assets available for benefits. The Plan distributed the 2021 and 2022 excess contributions to the applicable participants prior to March 15, 2022 and March 15, 2023, respectively.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date the financial statements were available to be issued. Other than the matter discussed in note 10, there were no items that would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Information Certified by the Trustee (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company, the trustee of the Plan.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 438,175	\$ -	\$ -	\$ 438,175
Mutual funds	6,193,289	-	-	6,193,289
Total investments, at fair value	<u>\$ 6,631,464</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,631,464</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 376,364	\$ -	\$ -	\$ 376,364
Mutual funds	8,024,475	-	-	8,024,475
Total investments, at fair value	<u>\$ 8,400,839</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,400,839</u>

5. Related-Party and Party in Interest Transactions

The Plan's record-keeper, Vanguard, is also the issuer of certain Plan investments and, therefore, these transactions qualify as party in interest transactions. The Plan made direct payments to the investment advisor and third party administrator totaling \$30,513. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

7. Income Tax Status

The Plan uses a prototype non-standardized profit-sharing plan document sponsored by Ascensus Inc. ("Ascensus"). Ascensus received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document qualifies under Internal Revenue Code ("IRC") Section 401(a). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan remains subject to income tax considerations since the Plan's formation effective April 1, 2019.

8. Risk and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

9. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2022	2021
Net assets per financial statements	\$ 6,783,056	\$ 8,511,182
Add: excess contributions payable	28,722	35,380
Net assets per Form 5500	<u>\$ 6,811,778</u>	<u>\$ 8,546,562</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

For the Year Ended December 31,	2022
Net decrease per financial statements	\$ (1,728,126)
Add: current year excess contributions payable	28,722
Less: prior year excess contributions payable	(35,380)
Net decrease per Form 5500	<u>\$ (1,734,784)</u>

10. Subsequent Events

Effective January 1, 2023, as part of the SECURE 2.0 Act of 2022, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023.
