INDEPENDENT AUDITORS' REPORT

To The Trustees of the
Mission North, Inc. 401(k) Plan
Brooklyn, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Mission North, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2022 and the Schedule of Delinquent Participant Contributions for the year-ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MISSION NORTH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Mission North, Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are at least age 21. Employees enter the Plan on the first of the month following the completion of the eligibility requirements. The Plan contains an automatic 3% enrollment provision for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants in the Plan may elect to contribute up to 100% of pretax annual compensation, subject to the maximum allowed by the Internal Revenue Code (“IRC”), as defined in the Plan. Roth Contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. Upon enrollment in the Plan, a participant may direct employee contributions, in 1% increments, to any of the investment options. The Plan currently offers the Principal Life Insurance Company Pooled Separate Accounts, the Principal Fixed Income Guaranteed Option and other Mutual Funds as investment options for participants.

The Plan is a “safe harbor 401(k) plan”. The Company makes safe harbor matching contributions equal to 100% of participant salary deferrals that do not exceed 3% of compensation.

From time to time, the Plan Sponsor may decide to make additional profit sharing or matching deposits for eligible employees. This will be declared by the Company on an annual basis. The Company made profit-sharing contributions of \$54,900 for the 2022 Plan year.

MISSION NORTH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Options

Upon enrollment, a participant may direct their contributions to any of the Plan's fund options. Participants may also redirect their contributions or exchange their existing account balance among the funds on any business day.

Participant Accounts

Each participant's account is credited with its share of investment income (losses), which is interest, dividends, and appreciation or depreciation in the fair value of the underlying assets, net of administrative expenses, for the funds in which that account is invested. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions, rollovers, actual earnings thereon and safe harbor contributions made by the employer. Discretionary profit sharing contributions vest 20% annually, commencing after two years of service. Participants become 100% vested in all Company contributions upon death or disability; six years of service or when the participant reaches 65 while being employed; or if the Plan is terminated. Participants vest in qualified nonelective contributions immediately.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Participants may borrow up to 50 percent of vested account balances. The loan can range from a minimum of \$1,000 up to a maximum of \$50,000 (see Note 8). The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest on the outstanding loan balance is paid ratably through payroll deductions over a term of no more than five years, unless the loan is for the purchase of a primary residence, in which case a reasonable repayment period is determined at the time of the loan, not to exceed 30 years. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022.

MISSION NORTH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or an authorized representative may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution only.

Forfeitures

Forfeitures are the balance that could be used by the employer to reduce future employer contributions or pay for administrative expenses. At December 31, 2022 forfeitures on non-vested accounts amounted to \$0.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

MISSION NORTH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the guaranteed investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3 – Information Certified by the Plan's Custodian

Management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, management has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Trust Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian of the Plan to the information included in the Plan's financial statements and supplemental schedules.

MISSION NORTH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 – Fair Value Measurements

The Framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- a) Quoted prices for similar assets and liabilities in active markets;
- b) Inputs other than quoted prices that are observable for the asset or liability;
- c) Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement of the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements as of the reporting date.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual funds: Shares held in mutual funds are valued at quoted market prices in an active market that represent the net asset value “NAV” of shares held by the Plan at year-end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding.

Common/collective trust fund: Valued at the NAV of units held by the Plan at year-end. The NAV, as provided by the issuer of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

MISSION NORTH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Principal Pooled Separate Accounts (“PSAs”): Investments in pooled separate accounts are valued using the unadjusted NAV as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by Principal Life Insurance Company (“Principal Life”). While the majority of the underlying assets values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by Principal Life as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

Due to the nature of these securities, there are no unfunded commitments or redemption restrictions.

The following sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2022:

	Investment assets at fair value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 562,822	\$ -	\$ -	\$ 562,822
Total	\$ 562,822	\$ -	\$ -	\$ 562,822
Insurance Company Pooled Separate Accounts, at net asset value (1)				706,950
Common/Collective trusts, at net asset value (1)				5,942,877
Total assets included in the fair value hierarchy				\$ 7,212,649

- (1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Note 5 – Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2015-6 and 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified, and the related trust is tax-exempt.

MISSION NORTH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if it has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions and the Company is required to direct the timely distribution of the participant account balances.

Note 7 – Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. We cannot reasonably estimate the length or severity of this pandemic. The impact on our 2023 financial statements is uncertain at this time.

Note 8 – Party-In-Interest Transactions

Certain Plan investments are managed by Principal Trust Company, the Plan Custodian. Therefore, as defined by the Plan, these transactions qualify as party-in-interest transactions.

Participant loans granted in accordance with the Plan are secured by the balances in the participants' accounts. These transactions are considered as party-in-interest transactions.

Note 9 – Delinquent Participant Contributions

During 2020 and 2022, the Company failed to remit certain participant contributions totaling \$1,317 and \$1,196, respectively, to the Plan within the period prescribed by ERISA. Late transmissions of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Company transmitted delinquent participant contributions of \$1,317 relating to 2020 to the Plan in 2021 and \$1,196 relating to 2022 to the Plan in 2022. The total of lost earnings in the amount of \$28 was paid to the Plan on October 12, 2023. Related excise taxes of \$4 are expected to be paid by the Company by the end of October 2023.

MISSION NORTH, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 10 – Qualified Nonelective Contribution

During the year ended December 31, 2022, the Plan determined it had not withheld the full amount of elective deferrals (pre-tax contributions) from one Plan participant in payroll periods from March 2021 to April 2023. Missed elective deferrals as of December 31, 2022 amounted to \$4,300. In order to meet with the applicable rules, it is required that the employer make a qualified nonelective contribution (“QNEC”) equal to 50% of the employee’s missed deferral, adjusted for lost earnings. On October 2, 2023, the Company made the applicable QNEC amounting to \$1,950 to the Plan, which is included as other employer contributions receivable in the statement of net assets available for plan benefits as of December 31, 2022. On October 12, 2023, the Company also contributed the lost earnings totaling \$197 through December 31, 2022 to the Plan.

Note 11 – Subsequent Events

The Company has evaluated subsequent events from January 1, 2023 through October 13, 2023, the date the financial statements were available to be issued, and has determined that there are no events to disclose, other than those disclosed in the notes above.
