Independent Auditor's Report

Plan Administrator
F. Schumacher & Co. 401(k) Plan for Salaried Employees

Scope and Nature of the ERISA Section 103(a)(3)(C)
We have performed audits of the financial statements of F. Schumacher & Co. 401(k) Plan for Salaried Employees (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA
The supplemental schedules, schedule H, part 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of F. Schumacher & Co. 401(k) Plan for Salaried Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all salaried employees (except union member employees and leased employees) of F. Schumacher & Co. (the Company) who have completed three months of service. The Plan is administered by the Executive Retirement Committee of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective June 1, 2019, the service requirement was amended to one hour of service.

Contributions: Each year, participants may contribute pretax annual compensation, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts and a collective trust fund as investment options for participants. Effective January 1, 2009, the Company amended the Plan to eliminate its matching contribution requirement.

A participant's maximum annual pretax contribution in 2022 was limited to the Internal Revenue Service (IRS) cap of $20,500 for participants under the age of 50 and $27,000 for participants age 50 and over.

Participant accounts: Each participant's account is credited with the participant's contribution, Plan earnings, and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their own contributions plus actual earnings thereon. A participant is 100% vested in any employer contributions after three years of credited service.

Notes receivable from participants: Participants may borrow from their participant account up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 9.00%. Principal and interest are paid through monthly payroll deductions. Loans must be repaid within five years, unless the loan is taken for the purchase of a primary residence.

Payment of benefits: On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants continuing employment subsequent to obtaining the age of 72 (70½ if they attained age 70½ before January 1, 2020) may elect to receive installment payments over their remaining life expectancy.

Forfeitures: For each of the years ended December 31, 2022 and 2021, the forfeited nonvested account totaled approximately $0.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair value of investments are recognized in the financial statements in the periods in which such changes occur and includes gains and losses on investments bought and sold during the year, as well as held during the year.

Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with these investments, it is reasonable that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable, if any, are recorded as a distribution based upon the terms of the Plan agreement.

Other income: Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the Trustee) may receive revenue sharing payments from the mutual funds in which the Plan's assets are invested. The administrative services agreement between the Plan and the Trustee provides that to the extent that revenues sharing payments received by the Trustee exceeded administrative fees charged to the Plan by the Trustee, the excess will be credited to the Plan's forfeiture account and included in other income in the statement of changes in net assets available for benefits.

Benefit payments: Benefits are recorded when paid.

Administrative costs: Administrative costs of the Plan are paid by the Plan or the Company.

Subsequent events: The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 13, 2023, for these financial statements.

Note 3. Investment Information Certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that the information provided to the Plan Administrator by the Trustee is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets as of December 31, 2022 and 2021:

	2022	2021
Investments, at fair value:		
Mutual funds	$ 13,274,809	$ 15,177,690
Collective trust fund	2,264,405	2,338,962
Pooled separate accounts	143,930	182,623
	$ 15,683,144	$ 17,699,275
Receivables:		
Notes receivable from participants	$ 48,354	$ 42,984
	$ 48,354	$ 42,984

The Trustee has also certified to the completeness and accuracy of $2,909,922 of net depreciation in fair value of investments, $288,000 of interest and dividends, and $637 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds: Mutual funds are valued at the net asset value (NAV) of shares held by the Plan based upon unadjusted quoted market prices.

Collective trust fund: The collective trust fund is valued at NAV based upon units held by the Plan. The NAV is used as a practical expedient to estimate fair value.

Pooled separate accounts: Pooled separate accounts are valued at the NAV of shares held by the Plan at year-end, as provided by the Trustee. The NAV is not a publicly-quoted price in an active market. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 13,274,809	$ 13,274,809	$ -	$ -
Total	13,274,809	$ 13,274,809	$ -	$ -
Collective trust fund measured at NAV (a)	2,264,405			
Pooled separate accounts measured at NAV (a)	143,930			
Total	$ 15,683,144			

Note 4. Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2021			
Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 15,177,690	$ 15,177,690	$ -	$ -
Total	15,177,690	$ 15,177,690	$ -	$ -
Collective trust fund measured at NAV (a)	2,338,962			
Pooled separate accounts measured at NAV (a)	182,623			
Total	$ 17,699,275			

(a) Investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the fair value of Plan assets presented above.

The following table sets forth disclosure of the Plan's investments whose fair value is estimated using NAV per share as of December 31, 2022 and 2021:

	Fair Value at December 31		Unfunded	Redemption Frequency	Redemption Notice
Investment	2022	2021	Commitment	(b)	Period
Pooled separate accounts:					
Blue chip separate account-Z	$ 111,352	$ 143,864	None	Daily	None
Real estate securities separate account-Z	32,578	38,759	None	Daily	None
Total pooled separate accounts (a)	$ 143,930	$ 182,623			
Collective trust fund:					
Principal stable value fund (a)	$ 2,264,405	$ 2,338,962	None	Daily	Up to 12 months (c)

(a) These investments are direct filing entities that file a Form 5500 with the DOL.

(b) Participant transactions (purchases and sales) may occur daily, unless special restrictions limit account liquidity. The pooled separate accounts allow for one transfer in each 30-day period. Transfers will normally be made within seven days after a request is received.

(c) Individual participants' redemptions of the stable value fund for benefit payments are generally permitted without restriction, subject to the provisions of the contract. Qualifying withdrawals typically include: death, disability, retirement, termination, and loans. A 12-month (one-year) advance written notice is required for any Plan Sponsor-directed withdrawal of assets invested in this fund. Such Plan Sponsor-directed actions include, but are not limited to: (i) trustee or Plan Sponsor-directed reallocation of investments; (ii) Company-sponsored layoffs/termination of groups of employees; (iii) disposing of or selling a component of the business which involves the transfer or termination of employees; (iv) terminating the fund as an investment option of the Plan; and (v) terminating the Plan or participating trust.

Note 5. Exempt Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts and collective trust funds are managed by an affiliate of the Plan's Trustee. If applicable, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services, audit and consulting services amounted to approximately $57,500 for the year ended December 31, 2022.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Tax Status

The IRS has determined and informed the Company by an opinion letter dated June 30, 2020, stating that the Plan and related trust are designed in accordance with applicable IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of those investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Prohibited Transactions

During 2021, the Plan Sponsor inadvertently failed to deposit $383 of participant contributions within the required timeframe as stated by the DOL Regulations. The Plan Sponsor deposited lost earnings to correct this failure in 2022. The correction was made from the Plan Sponsor's assets and not from assets of the Plan.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2022 and 2021, to the Form 5500:

	2022	2021
Net assets available for plan benefits per the financial statements	$ 15,731,498	$ 17,742,259
Deemed distributions of participant loans	(27,063)	(26,956)
Difference in reporting of investments	6	7
Net assets available for benefits per the Form 5500	$ 15,704,441	$ 17,715,310

The following is a reconciliation of the net decrease in net assets available for plan benefits for the year ended December 31, 2022, for the financial statements to the Form 5500:

Net decrease in net assets available for benefits per the financial statements	$ (2,010,761)
Difference in interest income on notes receivable from participants	(108)
Net decrease in net assets available for benefits per the Form 5500	$ (2,010,869)
