INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Jobot 401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Jobot 401(k) Profit Sharing Plan & Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institutions as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Contributions and Schedule H, Line 4(i) - Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Jobot 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements December 31, 2022

1. Description of the Plan

The following description of the Jobot 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established effective January 1, 2019 for the benefit of eligible employees of Jobot, LLC (the “Company”, “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Mid Atlantic Trust Company (“MATC”) is the asset custodian and trustee, ERISA Fiduciary Services, Inc. (“ERISA Fiduciary Services”) is the fiduciary and Paychex, Inc. (“Paychex”) is the record-keeper of the Plan. Participants may direct their contributions into various investment options offered by the Plan. The Plan is administered by the director of payroll management.

Effective April 2022, the Company transferred its net assets available for benefits from Benefit Trust Company (“BTC”) to MATC. Prior to the transfer, BTC was the Plan’s asset custodian and trustee.

Concurrently with the transition of the custodial services for the Plan, the Company changed its fiduciary and record-keeping services from Guideline Investments, LLC (“Guideline”) to ERISA Fiduciary Services and Paychex, respectively.

In April 2022, Jobot Consulting, LLC 401(k) merged into the Plan and transferred in its net assets available for benefits of \$110,626, which is presented as transfer of plan assets to this plan in the statement of changes in net assets available for plan benefits for the year ended December 31, 2022.

Eligibility

Employees who are at least 21 years of age are eligible to participate in the Plan. Qualifying employees may make elective deferrals to the Plan effective as of the first day of the pay period after or coincident with the date eligibility requirements are met.

See independent auditors’ report.

1. Description of the Plan (continued)

Contributions

Each year, participants may elect to contribute up to 100% of their compensation to the Plan, not to exceed limits established by the Internal Revenue Code (the “Code”) (\$20,500 in 2022). Participants may also contribute amounts representing distributions from other qualified plans (e.g., rollover contributions). Participants who have attained age 50 prior to the end of a plan year are eligible to make pre-tax catch-up contributions to the Plan. During 2022, a participant’s catch-up contributions for the plan year may not exceed \$6,500. Such contributions are excluded from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan.

The Company may elect to make discretionary matching contributions as well as profit-sharing contributions to the Plan. The discretionary matching contributions will be allocated to all employees eligible to participate in the Plan at each payroll period based on eligible earnings within the computation period. All Company contributions are invested in the same manner that the participant directs their investments. The discretionary profit-sharing contributions are allocated equally to participants employed as of the end of the year. For the year ended December 31, 2022, the Company did not make any discretionary matching or profit-sharing contributions to the Plan.

Participant accounts

Individual accounts are maintained for each participant. Each participant’s account is credited with the participant’s pretax contributions and allocations of (a) Company matching contributions, when applicable, (b) investment earnings or losses, and (c) charged with withdrawals and an allocation of Plan transaction fees. Allocations are based on participant investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are immediately 100% vested in their voluntary salary contributions and rollover contributions, and the actual earnings (losses) thereon. In addition, upon death, disability, or retirement (later of age 59½ or fifth anniversary of the participant’s employment commencement date), participants will immediately become 100% vested in their share of the Company’s discretionary contributions and the actual earnings (losses) thereon.

Participants become 25% vested each year in the Company’s matching and profit-sharing contribution portion of their account.

See independent auditors’ report.

1. Description of the Plan (continued)

Forfeitures

Forfeitures are the portion of the Company's contributions that are lost by participants who terminated employment prior to becoming fully vested under the Plan's vesting schedule. Forfeitures of terminated participants' unvested accounts are used to offset the Plan's administrative expenses or the Company's contributions. As of December 31, 2022 and 2021, forfeited unvested accounts totaled \$6,309 and \$0, respectively. For the year ended December 31, 2022, \$3,094 of forfeitures were utilized to pay administrative expenses.

Notes receivable from participants

Participants may elect to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding participant note balance in the preceding one-year period. Notes receivable from participants are secured by the balances in the respective participants' accounts. Terms of notes receivable from participants range from one to five years, unless used to acquire the participant's principal residence, in which case the term may be extended up to 10 years. The notes receivable from participants bear a fixed interest rate of the Prime Rate plus 1%. Interest rates on notes receivable from participants outstanding as of December 31, 2022 ranged from 4.25% to 8.50%.

Benefits

On termination of service due to death, disability, or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a specified period of time. For termination of service for other reasons, if a participant's vested account balance is \$1,000 or less, and the participant does not elect to receive a distribution, the Company may direct the Plan to automatically distribute the participant's vested account balance in a lump sum. Upon reaching age 59½, participants may make in-service withdrawals of part or all of their vested account balance, including the related earnings (losses).

Hardship withdrawals

Participants who are still employed by the Company are permitted to take withdrawals from their accounts under certain financial hardship conditions, as described in the Plan document.

See independent auditors' report.

Notes to Financial Statements (continued) December 31, 2022

1. Description of the Plan (continued)

Administrative expenses

At the Company's discretion, administrative expenses of the Plan may be paid directly by the Company; certain other administrative expenses may be paid by the Plan. Expenses that are paid by the Company are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the related participants' accounts and are included in administrative expenses in the accompanying statement of changes in net assets available for plan benefits. In addition, certain investment related expenses are offset against net appreciation (or included in net depreciation) in fair value of investments in the accompanying statement of changes in net assets available for plan benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's trustee and investment adviser. See Note 4 for discussion of fair value measurements.

Investment income recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

See independent auditors' report.

Jobot 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements (continued) December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded as a deemed distribution.

Payment of benefits

Benefits are recorded when paid.

3. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements, notes, and supplemental schedules was obtained from data that was prepared and certified as being complete and accurate by the Trustees, BTC and MATC, and has not been audited by the Plan's independent auditors:

- Investments
- Net depreciation in fair value of investments
- Interest and dividends
- Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year)

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

See independent auditors' report.

Notes to Financial Statements (continued) December 31, 2022

4. Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The hierarchy of fair value valuation techniques under GAAP provides for three levels: Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing assets and liabilities under GAAP's fair value measurement requirements are as follows:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third-party pricing services for identical or comparable assets or liabilities.
- Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value.

Mutual funds – The fair value of mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and measured as Level 1 assets in the fair value framework.

See independent auditors' report.

Jobot 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements (continued) December 31, 2022

4. Fair Value Measurements (continued)

Common/collective trust - Valued at the net unit value (“NUV”) of units held by the Plan at year-end based on information reported in the common/collective trust’s audited financial statements at year-end. The NUV is determined by the total contract value of fund assets divided by the total number of units of the fund owned. The Plan uses a practical expedient permitting a reporting entity to measure the fair value of certain investments using the NUV per share of the investment rather than one of the three fair value levels previously described. The Plan’s investment in the contracts held by the common/collective trust is indirect, and as a result, is not considered fully benefit-responsive. For the year ended December 31, 2022, the average yield was (13.23)%, and the average crediting interest rate was 2.92%.

5. Party-In-Interest

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, a Company whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or a relative of such persons mentioned.

Certain expenses of the Plan are paid by the Company, and certain administrative functions are performed by employees of the Company without compensation from the Plan. Notes receivable from participants and the related interest income are also considered party-in-interest transactions. These transactions qualify as permitted party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants would become 100% vested in their accounts.

7. Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan with CODA (the “non-standardized plan”) developed Paychex. The Internal Revenue Service (“IRS”) has determined and informed Paychex by a letter dated August 31, 2020 that the non-standardized plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan’s legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

See independent auditors’ report.

Jobot 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements (continued) December 31, 2022

7. Tax Status (continued)

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

Delinquent Contributions

The DOL requires contributions to be remitted to the Plan as soon as funds can be segregated by the Plan Sponsor. For the year ended December 31, 2022, the Plan Sponsor transferred employee contributions and loan repayments of \$3,982 to the Plan after what was considered to be a reasonable period of time. The estimated lost earnings were \$11. As a result of the above, the Plan and/or the Plan Sponsor may be subject to various fines, penalties and interest. Management is currently in the process of researching these matters, as well as the necessary actions to remediate these issues. The accompanying financial statements do not include any accruals or provisions related to the outcome of this uncertainty.

Investment Risk

The Plan invests in investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

See independent auditors' report.

9. Reconciliation to Form 5500

Certain information included in the accompanying financial statements does not agree to the information reported in the Form 5500 as of December 31, 2022 and 2021, and for the year ended December 31, 2022, primarily because of timing differences.

The following is a reconciliation of net assets available for plan benefits per the Form 5500 to the accompanying financial statements:

	<u>2022</u>	<u>2021</u>
Net assets available for Plan benefits per Form 5500	\$ 13,390,821	\$ 9,000,853
Employee contributions receivable	<u>180,388</u>	<u>129,453</u>
Net assets available for Plan benefits per financial statements	<u>\$ 13,571,209</u>	<u>\$ 9,130,306</u>

The following is a reconciliation of additions and deductions to net assets available for plan benefits for the year ended December 31, 2022 per the Form 5500 to the accompanying financial statements:

Employee contributions per Form 5500	\$ 5,156,468
Plus: current year employee contributions receivable	180,388
Less: prior year employee contributions receivable	<u>(129,453)</u>
Employee contributions per financial statements	<u>\$ 5,207,403</u>

10. Subsequent Events

The plan administrator has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 12, 2023, which is the date that the financial statements were available to be issued.

See independent auditors' report.
