Independent Auditor's Report

RSM US LLP

Retirement Plan Committee
Global Healthcare Exchange 401(k) and Defined Contribution Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Global Healthcare Exchange 401(k) and Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Global Healthcare Exchange 401(k) and Defined Contribution Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Global Healthcare Exchange 401(k) and Defined Contribution Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

General and eligibility: The Plan is a defined contribution plan covering domestic employees of Global Healthcare Exchange, Inc. and its approved subsidiaries (the Company or the Plan Sponsor). The Plan was adopted on August 1, 2000. The Plan covers any employee age 18 or older. Employees are immediately eligible upon hire, pending they meet other remaining eligibility requirements. The Plan excludes any individual who is represented by a bargaining unit which has bargained with the Company in good faith on the subject of retirement benefits, a leased employee or a U.S. nonresident alien.

Contributions, investment options and vesting: Each year participants may contribute up to 75% of their annual compensation but not more than the maximum allowable limits established by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants may direct their contributions into various registered investment companies and money market funds. Participants may also invest in a self-directed brokerage account option. Changes to investment options may be made daily.

The Company matches 100% of participant contributions up to 4% of the participant's eligible wages. Participants are immediately 100% vested in Company match contributions. The Company may additionally make nonelective contributions to the Plan at its discretion. No such contributions were made to the Plan during 2022. Such discretionary contributions would be allocated to participants based upon each participant's share of the total compensation paid during the Plan year to all eligible participants in the Plan. In order to be eligible for a discretionary contribution, a participant must be an active participant in the Plan. An active participant is a participant in the Plan on December 31 or was a participant in the Plan during that Plan year, or through death or disability.

Nonelective discretionary contributions and related investment income vest as follows:

Vesting Service	Percent of Non-forfeitable Interest
Less than 1	0%
1	50%
2	100%

Vesting service periods are based upon each one-year period ending on December 31 during which an employee worked. Discretionary contributions shall be 100% vested upon attaining the Plan's normal retirement age (65), or upon death or disability. Participants are always 100% vested in their voluntary contributions.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of, (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Global Healthcare Exchange 401(k) and Defined Contribution Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts, one loan at any time, a minimum of \$1,000 up to a maximum of 50% of the participant's vested account balance, not to exceed \$50,000. The loans are collateralized by the balance in the participant's account and bear interest at a fixed rate at the time of the loan that is equal to the rates charged by commercial lending institutions. Loan payments, including principal and interest, are made through payroll deductions and each payment is credited to the participant's account. Repayment periods may not exceed five years, unless the loan is used to purchase a principal residence for the participant. Outstanding loans as of December 31, 2022 mature through December 2032 and bear interest rates ranging from 4.25% to 9.00%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Upon termination of service due to retirement, death or disability, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution less applicable taxes, or the participant may elect to roll over his or her account balance into another qualified retirement savings account.

Terminated participants with vested account balances less than \$5,000 but greater than or equal to \$1,000 will automatically have their vested account balance rolled into an individual retirement account unless they otherwise instruct the third-party administrator and take a lump-sum distribution as soon as practicable following termination. Terminated participants with vested account balances less than \$1,000 must take a lump-sum distribution as soon as practicable following termination.

A participant may generally request a distribution based on the participant's pre-tax contributions in the event of a participant's financial hardship. A description of the qualifications to receive a hardship withdrawal is defined in the Plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various funds as investment instruments. The Plan investments are exposed to various risks, such as interest rate, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Global Healthcare Exchange 401(k) and Defined Contribution Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. All administrative fees, other than loan fees, are paid by the Plan or Plan Sponsor.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 13, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company (the Trustee). The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2022	2021
Cash	\$ 4,469	\$ -
Investments, at fair value:		
Registered investment companies	\$ 105,522,528	\$ 117,957,676
Money market funds	4,901,731	3,524,107
Self-directed brokerage accounts	4,065,917	4,627,422
Total	\$ 114,490,176	\$ 126,109,205
Notes receivable from participants	\$ 1,034,513	\$ 919,926

The Trustee also certified to the completeness and accuracy of the investment income (loss) information (including investments bought, sold and held during the year) and interest income on notes receivable from participants for the year ended December 31, 2022, included on the accompanying statement of changes in net assets available for benefits.

Global Healthcare Exchange 401(k) and Defined Contribution Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are described below:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in valuation methodologies at December 31, 2022 compared to December 31, 2021.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: These are public investment vehicles valued using net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted market price on an active market and classified within Level 1 of the valuation hierarchy.

Money market funds: Reported at fair value based on quoted market price of the fund and classified within Level 1 of the valuation hierarchy.

Self-directed brokerage accounts (SDBAs): SDBAs include money market funds, mutual funds and common stock that are all reported at fair value based on quoted market prices and classified within Level 1 of the valuation hierarchy. SDBAs also include corporate bonds that are reported at fair value based on other observable inputs and classified within Level 2 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Global Healthcare Exchange 401(k) and Defined Contribution Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 105,522,528	\$ -	\$ -	\$ 105,522,528
Money market funds	4,901,731	-	-	4,901,731
Self-directed brokerage accounts	4,036,380	29,537	-	4,065,917
Total	\$ 114,460,639	\$ 29,537	\$ -	\$ 114,490,176

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 117,957,676	\$ -	\$ -	\$ 117,957,676
Money market funds	3,524,107	-	-	3,524,107
Self-directed brokerage accounts	4,596,064	31,358	-	4,627,422
Total	\$ 126,077,847	\$ 31,358	\$ -	\$ 126,109,205

During the year ended December 31, 2022, the Plan did not make any transfers between levels.

Note 5. Tax Status

The Plan adopted a volume submitter plan sponsored by an affiliate of the Trustee. The volume submitter plan has received an opinion letter dated June 30, 2020, from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter opinion letter has been relied upon by this Plan. The Plan has been amended since the volume submitter received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan applies the standards on accounting for uncertainty in income taxes. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustments to the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time at its discretion. In the event of termination, the net assets of the Plan, after payment of any expenses properly charged, would be distributed to each participant according to the amount then credited to his or her account. Additionally, in the event of Plan termination, all participants would become 100% vested, as necessary, in their account balances.

Note 7. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies which are managed by the Trustee and therefore qualify as party-in-interest transactions. Service charges paid by the Plan for the investment management services amounted to \$84,494 for the year ended December 31, 2022, and are included in administrative expenses on the statement of changes in net assets available for benefits.
