Independent Auditor's Report

Opinion

We have audited the financial statements of the Hendrick Southwestern Health Development Corporation Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1: DESCRIPTION OF THE PLAN

The following brief description of the Hendrick Southwestern Health Development Corporation Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan was established on June 1, 1988, under the provisions of the Internal Revenue Service Code Section 401(b)(3), as a defined contribution plan to benefit participating employees of Hendrick Southwestern Health Development Corporation (the "Company"). The Plan provides eligible employees an opportunity to accumulate funds for retirement, death, and disability benefits. Subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), the Plan has received a favorable determination letter from the Internal Revenue Service.

The more significant aspects of the Plan are summarized below:

Plan Amendments

The Plan was amended effective October 12, 2022, to elect the default life expectancy rule for required minimum distributions and provide clarification for special provisions such as Coronavirus-related distributions. The Plan was also restated effective January 1, 2022, as required by the IRS Cycle 3 Mandate. This amendment and the restatement did not materially affect the operations of the Plan.

Plan Administration

The Plan is administered by the Plan Administrator who is appointed by the Board of Trustees of the Company. The Plan's trustee, Guidestone Financial Resources, (the "Trustee"), is responsible for the custody and management of the Plan's assets.

Eligibility to Participate

Employees become eligible to participate in the Plan for the purposes of matching contributions and profit-sharing contributions upon the date of hire. Notwithstanding the foregoing, the employees become eligible to make employee elective deferrals under this Plan regardless of attained age or completed service. Employees become eligible to make after-tax employee contributions under this Plan upon the date of hire.

Employee Contributions

Participants in the Plan are allowed to make voluntary contributions through payroll deductions including Roth deferrals. The maximum contribution amount for 2022 is \$20,500. An added contribution of up to \$6,500 in salary deferral catch-up is allowed for those 50 or older, for a total possible contribution of \$27,000.

Participants may modify a prior salary deferral election at any time by filing a new election with the Administrator within a reasonable time before the pay period for which such modification is to be effective. The employer automatically withholds 3% of compensation each payroll period unless the participant makes an affirmative election.

Participants may roll over amounts representing distributions from other qualified defined contributions plans.

**HENDRICK SOUTHWESTERN HEALTH DEVELOPMENT
CORPORATION RETIREMENT PLAN**
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Employer Contributions

The Company makes a matching contribution on behalf of each participant who is actively employed in a full-time status by the Company, which will in no event exceed 3% of the participant's compensation. The Company will match 100% of a participant's compensation contributed as either after-tax employee contributions or employee elective deferrals. If a participant contributes amounts both as after-tax employee contributions and employee elective deferrals, the Company will match amounts in both accounts, if necessary, to reach three percent (3%) of the participant's compensation.

The employer shall have the right to make an additional discretionary contribution of up to two percent (2%) of all participants' annual compensation if the participant was employed as of December 31, 1995, and was still employed at the end of the Plan year. Forfeitures will first reduce employer contributions for the current Plan year and then will reduce employer contributions for the next Plan year.

The Plan, as required by the Internal Revenue Code, includes special rules in years that the Plan is determined to be a "Top Heavy Plan". The Plan becomes a "Top Heavy Plan" when it allocates more than sixty percent (60%) of the contributions or benefits to "Key Employees." "Key Employees" are generally owners, officers, shareholders, or highly compensated individuals. If the Plan becomes top-heavy in any year, the Company is required to allocate three percent (3%) of applicable compensation for each employee to his or her participant account.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and the Company's discretionary contribution, as well as the participant's share of the Plan's income and any related administrative expense. Allocations of income and expenses are based upon the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2 percent above the prime rate, as defined. Interest rates on these loans range from 4.25% to 6.5% on notes outstanding at December 31, 2022 and mature through December 2025. Principal and interest are paid ratably through monthly payroll deductions.

Forfeitures

Forfeited non-vested accounts totaled \$1 and \$255 at December 31, 2022 and 2021, respectively. These accounts are used first to reduce employer-matching contributions. During the year ended December 31, 2022 and 2021, \$9,192 and \$5,933 were added to forfeitures from terminated non-vested accounts, and \$9,446 and \$5,976 of forfeitures were used to reduce employer contributions, respectively.

Payment of Benefits

Participants may withdraw all or part of their vested account balance upon attaining age 59 ½ or upon the termination of service. If service is terminated due to death, disability, retirement, or for any other reason a participant may request a distribution and will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants must begin receiving the required minimum

distributions upon attaining age 72 or in the year of retirement. Withdrawals prior to termination are allowed from a portion of a participant's account after the attainment of the age 59 $\frac{1}{2}$, or in the event of financial hardship, subject to certain limitations as defined by the Plan.

Participant Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time through the year.

Vesting

Employer matching contributions and employer discretionary regular contributions, if any, are vested according to the following five-year schedule:

1 to 2 years	20%
2 to 3 years	40%
3 to 4 years	60%
4 to 5 years	80%
5 or more years	100%

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America. Such significant policies and procedures are summarized as follows:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See **NOTE 3** for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income for participant loans is recorded as earned on an accrual basis.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. No amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were payable at December 31, 2022 or 2021.

**HENDRICK SOUTHWESTERN HEALTH DEVELOPMENT
CORPORATION RETIREMENT PLAN**
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded. Delinquent loans are treated as distributions based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Administrative functions are performed by officers or employees of the Company but receive no compensation from the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in the fair value of investments.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

Recent Accounting Pronouncements

The Plan has adopted all recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force) and the American Institute of Certified Public Accountants that are believed by management to have a material impact on the Plan's present or future financial statements.

NOTE 3: FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|----------------|---|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets• Quoted prices for identical or similar assets or liabilities in inactive markets |

**HENDRICK SOUTHWESTERN HEALTH DEVELOPMENT
CORPORATION RETIREMENT PLAN**
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2022 from those at December 31, 2021.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end at the closing price reported on an active market.

Interest Bearing Cash: Valued at the book or cost basis which equates to fair value.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

All investments in the Statements of Net Assets Available for Benefits are reported at fair value. The following tables are set forth by level within the fair value hierarchy of the Plan's assets at fair value as of December 31, 2022.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,016,072	\$ -	\$ -	\$ 3,016,072
Interest bearing cash ¹	113,689	-	-	113,689
Total assets at fair value	\$ 3,129,761	\$ -	\$ -	\$ 3,129,761

¹ Based on nature and risks, Plan has determined presenting as a single class is appropriate

NOTE 4: PLAN TERMINATION

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE 5: TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Guidestone Financial Resources. Guidestone Financial Resources was the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
