Independent Auditor's Report

To the Plan Administrator
BFKN Personal Retirement Plan A
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BFKN Personal Retirement Plan A, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of BFKN Personal Retirement Plan A's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BFKN Personal Retirement Plan A and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BFKN Personal Retirement Plan A's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BFKN Personal Retirement Plan A's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BFKN Personal Retirement Plan A's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the BFKN Personal Retirement Plan A (the "Plan") are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results may differ from those estimates.

Risk and Uncertainties

The Plan's assets are invested in various investment instruments. These investment instruments are exposed to various risks such as interest rate, credit risk and overall market volatility. Due to the level of risk associated with certain investment instruments, it is at least reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Determination as to when participant loans are considered in default and reclassified as distributions is based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 1: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Management fees charged to the Plan for certain investments are deducted from income earned on a daily basis and, therefore, reflected as a reduction of investment return for such investments. Through agreement with the third-party record keeper, 12b-1 and/or shareholder servicing fees received by the record keeper from select mutual funds will be rebated to the Plan to offset Plan and trust administration fees, less 6% retained by the record keeper as a servicing fee. Any additional fees incurred for Plan operations are paid by the Employer unless paid by the Plan. Expenses paid by the Employer are excluded from these financial statements. Participant transaction fees are charged to the individual participant's account.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.

Note 2: Description of Plan

The following description of the BFKN Personal Retirement Plan A (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Trustee, Custodian and Administrator

Matrix Trust Company is the Plan's trustee and custodian. The Plan's administrator is Barack Ferrazzano Kirschbaum & Nagelberg LLP (the "Employer").

General

The Plan is a defined contribution profit-sharing plan with a deferred compensation 401(k) feature and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

The Plan benefits all employees and partners of the Employer except union employees, leased employees, nonresident aliens, non-equity attorneys, legal secretaries, and senior staff. Eligible employees and partners are permitted to participate in the 401(k) provisions of the Plan upon the later of age eighteen or date of hire. Eligible employees and partners are eligible to participate in the employer discretionary profit-sharing contribution portion of the Plan after one year of service, as defined by the Plan, and the attainment of age 21. Participants must be actively employed at the end of the Plan year in order to be eligible to receive an employer discretionary profit-sharing contribution unless deceased, permanently disabled or have retired during the Plan year.

Note 2: Description of Plan (Continued)

General (Continued)

Effective July 1, 2022 the Company restated and amended its nonstandard pre-approved prototype plan document to be in accordance with IRS legislative requirements and maintain the Plan's qualified status.

Contributions

Under the 401(k) provisions of the Plan, participants are allowed to elect to defer, on a pre-tax basis or after-tax Roth basis, a portion of their compensation, as defined by the Plan, each payroll period up to the maximum amount allowed by the Internal Revenue Service (IRS). In addition, the Plan allows for participants who have attained age 50 before the end of the Plan year to make catch-up contributions and allows for rollover contributions from qualified sources as defined by the Plan. Contributions to the Plan by the Employer are discretionary and are not limited to profits. For each Plan year, the Employer may contribute to the Plan on behalf of each of the participants. The Plan provides for each participant to constitute a separate group classification for allocation of the Employer contribution. The Employer made \$707,254 of discretionary profit sharing contributions for the year ended December 31, 2022.

Plan Transfers

Current participants who change to a non-eligible employment classification during the year and are no longer eligible to participate in this Plan have their balances transferred to the BFKN Associate 401(k) Plan or the BFKN Personal Retirement Plan B. In addition, participants in the BFKN Associate 401(k) Plan or the BFKN Personal Retirement Plan B who change to an eligible employment classification during the year and become eligible to participate in this Plan have their balances in the BFKN Associate 401(k) Plan or the BFKN Personal Retirement Plan B transferred to this Plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Participant accounts are credited with their deferral, catch-up, and rollover contributions, if any, and allocations of their employer discretionary profit-sharing contribution, if any, and earnings or losses from investments, and charged with withdrawals and administrative expenses, if any. Each participant self directs the investment of their own account. Participants have a choice of investing in several mutual funds or a collective investment trust offered by the Plan or they can invest, by way of self-directed brokerage accounts, in other mutual funds, stocks, bonds and other types of investments.

Note 2: Description of Plan (Continued)

Vesting

Participants are immediately vested in their deferral, catch-up and rollover contributions plus earnings thereon. Participants are 100% vested in the Employer discretionary profit-sharing contributions plus earnings thereon after three years of service, as defined by the Plan.

Forfeitures

Participant forfeitures, as defined in the Plan document, if any, are used to reduce the current year's Employer discretionary profit-sharing contribution. At December 31, 2022 and 2021, there were \$585 and \$5,622, respectively, of non-vested forfeited amounts available to reduce future employer contributions. During the year ended December 31, 2022, \$5,042 of the non-vested forfeited amounts were used to reduce employer contributions.

Notes Receivable From Participants

Participants may borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are treated as part of the participant's account. The maximum loan term is five years, unless used to purchase a principal residence for which the term of the loan can be up to 30 years. The loans are secured by the balance in the participant's account and principal and interest are required to be paid at least quarterly. Only one outstanding loan is allowed at any time. Interest rates are fixed and the interest rates on outstanding loans at December 31, 2022, range from 4.25% - 8.00%. The interest rates are determined by the Plan administrator on the date the loan is made pursuant to the loan policy.

In-Service Withdrawals

The Plan allows for in-service withdrawals by certain participants in certain situations as defined by the Plan, from the vested balances in their participant account. In addition, the Plan allows for hardship withdrawals by any participant from their vested account balances, except their transfer account balance, for specific situations as defined by the Plan. The Plan allows only those participants who have attained the age of 62 to take hardship withdrawals from the vested balance of their transfer account.

Payment of Benefits

On termination of employment, death, disability or retirement at the normal retirement age, as defined in the Plan, a participant or beneficiary may receive the value of his or her account in the form of a single lump sum distribution, or in certain situations as defined by the Plan in another form permitted by the Plan, equal to the vested balance of the participant's account.

Note 2: Description of Plan (Continued)

CARES Act

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020, which were immediately available, for coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 3: Information Prepared and Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2022 and 2021, and net investment loss and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, the Trustee of the Plan.

Note 4: Plan Termination

Although it has not expressed an intention to do so, the Employer has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan would terminate, each participant would become 100% vested in their Employer contributions, and the participants' account balances would be distributed in accordance with provisions of the Plan.

Note 5: Tax Status

The Employer has adopted a non-standardized pre-approved prototype plan sponsored by One America Financial Partners, Inc. The IRS has determined, by determination letter dated November 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receipt of the determination letter. However, the Plan's management and the Plan's counsel believe that the Plan is currently designed and operating in accordance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6: Fair Value Measurements

In measuring the fair value of the Plan's investments, Plan management utilizes a framework that provides for a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2022 and 2021 .

Cash and Cash Equivalents held in self-directed brokerage accounts: Priced at par and included in Level 1 of the fair value hierarchy.

Common and preferred stocks held in self-directed brokerage accounts: Valued at the closing or bid price reported on the active market in which the individual securities are traded and included in Level 1 of the fair value hierarchy.

Corporate and municipal obligations held in self-directed brokerage accounts: Valued at the closing or bid price if traded on the active market and at the evaluated bid price or par for closely held corporations and included in Level 2 of the fair value hierarchy.

Mutual funds and money market funds including those held in self-directed brokerage accounts: Open end funds valued at net asset value of shares held by the Plan at year end. Close end funds valued at the closing or bid price on the active market in which the fund is traded. These funds are included in Level 1 of the fair value hierarchy.

Partnerships held in self-directed brokerage accounts: Valued at the closing or bid price if traded on the active market or based on value or statement provided by partnership and included in Level 3 of the fair value hierarchy.

BFKN Personal Retirement Plan A

Notes to Financial Statements

Note 6: Fair Value Measurements (Continued)

Collective Investment Trust: Valued using NAV as a practical expedient. NAV is determined by using the estimated fair values of the units held by the Plan at year-end which is determined by the trustee of the collective investment trust based on the fair value of the underlying investments of the trust. The use of NAV as fair value is deemed appropriate since the collective trust fund allows for daily redemption and does not have a finite life, unfunded commitments relating to this type of investment, or significant restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022

Note 7: Party In Interest Transactions

The Plan pays certain expenses related to Plan operations to various service providers. These transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for these general and administrative expenses were \$115,531 for the year ended December 31, 2022.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
