INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
Silver Reef Casino 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Silver Reef Casino 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net position available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net position available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Compliance Testing

As discussed in Note 8, the Plan was unable to complete the certain non-discrimination and other compliance tests required by the Internal Revenue Code. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, *Schedule H, Line 4a – Schedule of Delinquent Participant Contributions* and *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)*, as of December 31, 2022, and for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**SILVER REEF CASINO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 1: Description of the Plan

The following description of the Silver Reef Casino 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of the Silver Reef Casino Resort and Lummi Commercial Company (the "Companies") who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Silver Reef Casino Resort is the Plan's sponsor and serves as plan administrator. The Lummi Commercial Company executed a participation agreement in 2008 to become a participating employer in the Plan.

Contributions – Each year, participants may contribute a percentage of their annual compensation, as defined by the Plan, up to established Internal Revenue Service (IRS) limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Companies may elect to make a discretionary matching contribution to the Plan. All participants will share in the profit sharing contribution regardless of the service completed during the Plan year. The Companies matched 100% of employee contributions, up to 4% of eligible compensation deferred to the Plan, for the years ended December 31, 2022 and 2021.

Investments – Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options anytime throughout the year. The Plan currently offers multiple investment options for participants. If a participant does not elect an investment option at the time of enrollment, their contributions are invested in the applicable target retirement fund based on the participant's age until the participant changes their election. The Companies' contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (1) the Companies' contribution, and (2) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their voluntary contributions plus actual earnings thereon. Effective January 1, 2020, the Plan was amended to incorporate a safe harbor feature that allows participants to be fully vested in the Companies' matching contributions.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service distributions are available in certain circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. These withdrawals are included with benefits paid and may not exceed the participant's elective deferral contributions plus allocated earnings and vested benefits.

At December 31, 2022 and 2021, inactive participants had vested balances of \$2,251,746 and \$3,100,240, respectively.

**SILVER REEF CASINO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 1: Description of the Plan (Continued)

Participant Loans – Participant loans from the Plan are not permitted.

Forfeitures – Forfeitures are the nonvested portion of the participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and are used to reduce the employer matching contribution and allocated as a portion of the matching contribution. During the years ended December 31, 2022 and 2021, \$0 and \$196, respectively, of forfeited nonvested accounts were used to reduce the Companies' matching contribution amounts. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0.

Note 2: Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in accordance with generally accepted accounting principles.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB), as well as other guidance provided by the American Institute of Certified Public Accountants' Audit and Accounting Guide, *Employee Benefit Plans*.

During 2022, the Plan implemented GASB Statement No. 92, *Omnibus 2020*, the objective of which is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB statements. Implementation of this statement did not have a significant impact on the Plan's financial statements.

In April 2022, GASB issued Statement No. 99, *Omnibus 2022*. The objectives of this statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and (2) application of certain GASB Statements and accounting and financial reporting for financial guarantees. GASB Statement No. 99 becomes effective as follows: (a) the requirements in paragraphs 26-32 of this statement are effective upon issuance, (b) the requirements in paragraphs 11-25 of this statement becomes effective for the Plan for the 2023 reporting period, (c) the requirements in paragraphs 4-10 of this statement becomes effective for the Plan for the 2024 reporting period.

In June 2022, GASB issued Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*. The objective of this statement is to enhance the accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. GASB Statement No. 100 becomes effective for the Plan for the 2024 reporting period.

The effect of the future adoption of GASB Statements No. 99 and No. 100 on the Plan's financial statements has not been evaluated as of the date of this report.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therewith, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, as certified by the Plan's custodian, American United Life Insurance Company (AUL). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fully benefit-responsive investments are reported at contract value. Contract value is the most relevant measurement attribute because it is the amount that participants in a plan would receive in a permitted participant-initiated transaction.

Purchases and sales of securities are reported on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Payment of Benefits

The Plan recognizes benefit payments in the period that benefits are paid.

Administrative Expenses

Expenses of maintaining the Plan may be paid out of Plan assets or by the Companies.

Date of Management's Review

Subsequent events were evaluated through October 13, 2023, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The Plan's investments, other than the fully benefit-responsive investment contract, are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GASB Statement No. 72, *Fair Value Measurement and Application*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GASB Statement No. 72 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs only when Level 1 inputs are not available to the Plan. There were no Level 1 or Level 3 inputs available to the Plan.

Following is a description of the value methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 4: Investments

Investments representing 5% or more of net position available for benefits consisted of the following as of December 31:

	<u>2022</u>	<u>2021</u>
State St S&P 500 Index	\$ 779,102	\$ 958,009
Fidelity VIP Overseas	\$ 427,720	\$ 500,140
AmerCent Disc Core Value	N/A	\$ 597,388
Fidelity VIP Growth	\$ 567,837	\$ 795,665
AmerCent Equity Income	\$ 429,131	\$ 572,799
TIAA-CREF Intl Eqty Index	\$ 602,323	\$ 749,702

For the years ended December 31, 2022 and 2021, the Plan's investments, including gains and losses on investments bought and sold as well as held during the year, appreciated (depreciated) in value by \$(1,588,195) and \$1,222,761, respectively.

Note 5: Guaranteed Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive investment contract with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment of the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields:	<u>2022</u>	<u>2021</u>
Based on actual earnings	2.17%	2.95%
Based on interest rate credited to participants	2.17%	2.95%

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 6: Investment Information Prepared and Certified by the Custodian

Management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and ERISA-required supplement schedule, including investments and fully benefit-responsive investment contracts, held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, dividends, and administrative expenses for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by AUL (the custodian of the Plan).

The Plan's independent certified public accountants did not perform auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets.

Note 7: Reconciliation of the Financial Statements to the Form 5500

Amounts reported in the financial statements agree to the Form 5500 with the possible exception of rounding differences.

Note 8: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income tax. The Plan has obtained a favorable tax determination letter dated April 17, 2002 from the IRS, covering the prototype plan offered by the custodian. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed, and is being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

As of the audit report date, the Plan has not completed compliance testing as required by the Internal Revenue Code. Plan personnel believe the Plan is in compliance with the Sections of the Internal Revenue Code and this would not affect the Plan's tax status.

Note 9: Related Party / Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds held in pooled separate accounts and the AUL Fixed and Stable Value Funds which are managed by AUL. AUL is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan uses ProNvest for advisory services and these transactions also qualify as party-in-interest transactions. Fees paid by the Plan for the above services totaled \$17,554 and \$18,371 for the years ended December 31, 2022 and 2021, respectively.

Note 10: Plan Termination

Although it has not expressed any intention to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**SILVER REEF CASINO 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net position available for benefits.

Note 12: ERISA Fidelity Bond

ERISA requires that employee benefit plans obtain a fidelity bond to protect the Plan against theft of Plan assets by fiduciaries and other Plan officials. The amount of the bond is fixed at the beginning of the Plan year, in an amount that is not less than 10% of the Plan assets as of the beginning of the Plan year, up to a maximum bond requirement of \$500,000. Bonds were in place during the years ending December 31, 2022 and 2021.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
