INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator
Cat-i Manufacturing 401(k) Plan
South Elgin, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cat-i Manufacturing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income and Securities Act of 1974 (ERISA), as permitted by ERSIA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cat-i Manufacturing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cat-i Manufacturing 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cat-i Manufacturing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than the one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism through the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cat-i Manufacturing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cat-i Manufacturing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A--DESCRIPTION OF PLAN

The following brief description of the Cat-i Manufacturing 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Cat-i Manufacturing, Inc. (the "Company") for employees that meet specific age and service eligibility requirements as defined in the Plan document. The Plan, designated as a safe harbor defined contribution plan, was established on January 1, 2016. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees of the Company are eligible to enter the Plan on the first day of the quarter coinciding with or next following the date the employee has met the eligibility requirements, provided the participant is at least 18 years of age and has obtained 500 hours of credited service within a 6-month time period. The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Trustee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

During 2021, the Plan's assets were transferred to a new custodian and the Plan changed record-keeper service providers. As a result of this transition, the Plan was most recently restated effective November 1, 2021 under a new plan document and adoption agreement.

Contributions

Eligible participants may elect to contribute pre-tax deferred compensation and/or after-tax Roth compensation, as defined in the Plan, to the Plan by means of a salary deferral agreement up to the maximum amount as permitted by law. The Company makes safe harbor contributions to the Plan in accordance with Plan provisions. All contributions are subject to certain limitations as provided in the Code and as described in the Plan. Salary deferral contributions are funded proximate to the withholding date. Safe harbor matching contributions are funded along with salary deferral contributions. Participant's may also contribute amounts representing distributions from other qualified plans. Additional contributions, designated as "catch-up" contributions, may be deferred by those participants who have attained the age of fifty, before the end of the Plan year, which are subject to a maximum limit as provided in the code.

The safe harbor matching contribution of the Company is based upon a uniform percentage of each participant's elective salary deferral and total compensation. The uniform percentage for the safe harbor matching contributions is equal to 100% of participant salary deferrals that do not exceed 3% of the participant's compensation plus 50% of salary deferrals between 3% and 5% of the participant's compensation. The participants are immediately 100% vested in the safe harbor matching contributions. Additional amounts may be contributed by the Company under qualified non-elective contribution provisions of the Plan.

All contributions are participant-directed into various investment options offered by the Plan.

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited or charged, as applicable, with the participant's contribution and allocations of (a) the Company's safe harbor contributions, (b) the Plan's net earnings or losses, (c) the Plan's administrative expenses and (d) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan agreement or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, Company safe harbor contributions and qualified non-elective Company contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions such as non-elective contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service, in accordance with the following vesting schedule:

Vesting Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants who attain the normal retirement age of 65, or who terminate employment due to death or disability, are 100% vested in their account balances.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time. During any period in which there is not participant direction on file with the Custodian as to the investment of a participant's account, 100% of the participant's account will be invested in the investment option designated from time to time by the Trustee as the default investment. The Plan currently offers various registered investment companies, pooled separate accounts and a fully-benefit responsive guaranteed contract as investment options for participants.

NOTE A--DESCRIPTION OF PLAN-continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. The $50,000 maximum loan amount is reduced by the participants highest outstanding loan balance in the previous 12 months over the existing loan balance, if any, on the date a new loan is made. The loans are secured by the nonforfeitable balance in the participant's account and bear interest at the prime rate published in The Wall Street Journal on the first business day of each month, plus 2%. Loan terms may not exceed 5 years unless the loan is obtained for the purchase of a participant's residence, in which case the loan term may not exceed 15 years. Principal and interest are typically paid ratably through periodic payroll deductions. The interest rate applied to current outstanding loans range from 5.25% to 6.75%.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installments for certain distributions as defined in the Plan.

All distributions will be made as soon as administratively feasible after the participant's separation from service. However, those account balances in excess of $5,000 (not including rollover account balances), will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. Mandatory distributions greater than $1,000, may be paid in a direct rollover to an IRA designated by the Plan Administrator. These distributions will be made if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Participants may also elect to receive hardship withdrawals prior to termination of employment from the vested portion of their account, subject to Plan provisions. Participants who have not separated from service may receive an in-service distribution provided the participant has attained age 59 ½.

Forfeitures

At December 31, 2022 and 2021 forfeited non-vested accounts totaled $ - and $41, respectively. Forfeited accounts can be used to reduce the employer's non-elective contributions, as applicable, or be used to pay any administrative expenses. For the Plan years ended December 31, 2022 and 2021, $39 and $9,487, respectively, in forfeitures were used to reduce employer's safe harbor match contributions.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the Custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants, as defined in the Plan document. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Date of Management's Review

Subsequent events were evaluated through October 12, 2023, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE C--FAIR VALUE MEASUREMENTS-continued

Should an investment be re-characterized from one level to another level, Plan management would state the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs. There have been no changes in the methodologies used at December 31, 2022.

Following is a description of the valuation methodologies used for Plan assets measured at fair value.

The fair value of registered investment companies ("mutual funds") are valued at the daily closing price as reported by each mutual fund, which are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. Each fund is required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Shares of pooled separate accounts are valued at the NAV of units held by the pooled separate account. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV for the pooled separate accounts is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
December 31, 2022				
Registered investment companies	$ 4,283,563	$ -	$ -	$ 4,283,563
Total assets in the fair value hierarchy	4,283,563	-	-	4,283,563
Investments measured at net asset value *	-	-	-	26,834
Investments at fair value	$ 4,283,563	$ -	$ -	$ 4,310,397

NOTE C--FAIR VALUE MEASUREMENTS-continued

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
December 31, 2021				
Registered investment companies	$ 5,439,806	$ -	$ -	$ 5,439,806
Total assets in the fair value hierarchy	5,439,806	-	-	5,439,806
Investments measured at net asset value *	-	-	-	34,714
Total assets at fair value	$ 5,439,806	$ -	$ -	$ 5,474,520

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 26,834	N/A	Daily	N/A**

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 34,714	N/A	Daily	N/A**

**Terms indicate redemption period could be up to twelve months if withdrawal requests are deemed, by the Custodian, to be a Plan directed withdrawal.

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable held from participants at December 31, 2022 and 2021, and net depreciation in the fair value of investments and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Capital Bank and Trust Company, the Custodian until November 16, 2021. The net assets were transferred to new Custodians of assets, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") and Principal Life Insurance Company ("Principal Life"), on November 17, 2021 through the Plan year ended December 31, 2021 and as of and for the year ended December 31, 2022. Principal and Principal Life certified the information as complete and accurate for the period Principal and Principal Life held the assets. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodians as of December 31, 2022 and 2021 and for the year ended December 31, 2022.

Except for comparing such information as certified by the Custodians to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following represents a summary of information certified by the Custodians as of December 31, 2022 and 2021 and for the year ended December 31, 2022:

	2022	2021
Registered investment companies at fair value	$ 4,283,563	$ 5,439,806
Pooled separate accounts at fair value	26,834	34,714
Principal fixed income guaranteed option at contract value	21,874	38,162
Notes receivable from participants	4,012	6,118
Net depreciation in fair value of investments	(877,048)	
Interest and dividends	77,426	
Interest income on notes receivable from participants	387	

NOTE E--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional benefit-responsive investment contract with Principal Life Insurance Company ("Principal Life") through the Principal Fixed Income Guaranteed Option which is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Principal maintains the contributions in its general accounts. Principal Life guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated semiannually based upon contract provisions, and average annual rates for the Plan years ending December 31, 2022 and 2021 was 1.60% and 1.55%, respectively. Principal Life's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the Principal Fixed Income Guaranteed Option at December 31, 2022 and 2021 is $21,874 and $38,162, respectively.

NOTE E--FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY-continued

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code, (2) premature termination of the contracts, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestiture or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE F--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for these investment management services are included in the net depreciation of fair value of registered investment companies on the accompanying statement of changes in net assets.

A third-party administrator also performs administrative and recordkeeping services for the Plan and receives fees paid by the Company for these services.

Certain employees of the Company provide administrative services for the Plan and the Company is not reimbursed for their services.

The Custodian provides certain administrative services to the Plan pursuant to a service agreement between the Plan and the Custodian. The Custodian receives revenue from the Plan for performance of these services. This revenue is also used to offset certain amounts owed to the financial advisors, authorized representatives and other third-party administrators for the services they provide the Plan.

NOTE G--PLAN TERMINATION

Although the Company has not expressed any intent to terminate the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants' account balances would become fully vested in their employer contributions.

NOTE H--TAX STATUS

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the prototype adopted by the Plan effective November 1, 2021, as then designed, qualifies under the Code section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods that are in progress. The Plan Administrator believes that the Plan is still subject to income tax examinations for the Plan year ending December 31, 2019.

NOTE I--RISKS AND UNCERTANTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in value of these underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain of these investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The participants who have borrowed from the Plan are all employees of the Company in the Chicago area, and their ability to repay the loans could be affected by the economic conditions in the industry in general, the economic conditions in the Chicago metropolitan area or the economic situation of the Company itself.

NOTE J--PROHIBITED TRANSACTIONS

During 2022, the Plan Sponsor did not remit to the Plan's Custodian, certain contributions totaling $115 within the period prescribed by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. Corrective contributions were paid into the Plan subsequent to year end.

NOTE K--CORRECTIVE CONTRIBUTIONS

For the Plan year ending December 31, 2018, the Plan Sponsor discovered that the compensation used to determine participant's pre-tax deferred compensation and/or Roth deferred compensation was not within the definition of the Plan document. The Company's matching contributions were impacted by the incorrect use of compensation as well. A self-correction contribution for participant's tax deferred compensation and/or Roth deferred compensation for 2018 plan year, which included lost earnings, to compensate all impacted participants was paid into the Plan for self-correction subsequent to year end during the 2022 Plan year. The total amount paid to fix the error was $10,604.
