INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
ACORN ENGINEERING COMPANY, INC. 401(K) PLAN
City of Industry, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Acorn Engineering Company, Inc. 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ACORN ENGINEERING COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Acorn Engineering Company, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan that covers eligible employees of Acorn Engineering Company, Inc., Acorn-Gencon Plastics, LLC, Chronomite Laboratories, Inc., ELMCO Sales, Inc. and Potter Roemer, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees become eligible to participate in the Plan once they are eighteen years or older and have completed six months of service.

In July 2022, the Plan enacted several provisions from the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"), which among other things, included Plan participation eligibility to long-term part-time ("LTPT") employees. Beginning in the 2024 Plan year, LTPT employees who have been credited with at least 500 hours in each of the three Plan years starting in 2021 must be allowed to enter the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Plan allows participants to make pre-tax contributions, up to an annual limit of the lesser of \$20,500 or 100% of eligible compensation, (plus a \$6,500 catch-up for participants that have attained age 50 before the end of the Plan year) in accordance with the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans which are reported as rollovers.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed account as investment options for participants.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

The Plan allows for the Company to make discretionary matching contributions. For the year ended December 31, 2022, the plan sponsor will match the employee contributions to the Plan for up to a maximum of \$400, calculated as follows:

- 100% of the first \$200 of participant contributions
- 50% of the next \$200 of participant contributions
- 25% of the next \$400 of participant contributions

The Plan also allows for the Company to make a discretionary non-elective contribution. To be eligible to receive the discretionary non-elective contributions, the participant must complete at least 1,000 hours of service during the plan year and be employed as of the last day of the plan year. For the year ended December 31, 2022, the Company did not elect to make a non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 20% per year beginning after the second year of service and become fully vested after six years of credited service.

ACORN ENGINEERING COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of \$1,000, up to a maximum of 50% of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate. Loans must be repaid over a maximum five year period, unless it is for the purchase of a principal residence, in which case the loan repayment may extend beyond five years as approved by the Plan administrator. Principal and interest is paid ratably through bi-weekly or weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to (a) receive a lump sum payment in cash (b) receive installment payments, (c) request annuity contracts, or (d) request a direct rollover distribution to a new employer's qualified retirement plan or IRA. Vested account balances payable that are less than or equal to \$1,000 will be distributed as a lump sum distribution as directed by the Plan administrator.

Forfeited Accounts

Forfeited nonvested accounts totaled \$7,951 and \$12,056 at December 31, 2022 and 2021, respectively. Forfeitures are retained in the Plan and may be used to reduce future employer contributions or to pay Plan expenses. For the year ended December 31, 2022, \$13,046 was used to pay recordkeeping fees.

Unallocated Plan Asset Account

The Plan maintains a recapture account for fees in which the Plan's recordkeeper credits the Plan a portion of fees collected from a source other than the Plan ("revenue sharing"). Revenue sharing amounts are retained in an unallocated plan asset ("UPA") account and may be used to pay administrative expenses of the Plan. Any remaining unallocated amounts may be allocated as earnings. The UPA account maintained a balance of \$242 and \$79 as of December 31, 2022 and 2021, respectively. In 2022, \$79,382 of revenue sharing amounts were used to offset administrative expenses.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are generally stated at their fair values with the exception of the Key Guaranteed Portfolio Fund (a group annuity contract), which is stated at its contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The mutual funds are stated at fair value based upon quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

ACORN ENGINEERING COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any employer contributions.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Empower Trust Company, LLC (formerly Great-West Trust Company, LLC), which is the trustee and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Empower Annuity Insurance Company of America ("EAICA") (formerly Great-West Life & Annuity Insurance Company), under the brand name Empower Retirement ("Empower"), is the recordkeeper of the Plan. Fees paid to Empower for recordkeeping services totaled \$6,464 for the year ended December 31, 2022.

ACORN ENGINEERING COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

Empower Advisory Group, LLC (formerly Advised Assets Group, LLC), is the Plan's investment manager, and also a party-in-interest. Fees paid to Empower Advisory Group, LLC, totaled \$6,897 for the year ended December 31, 2022.

Fees paid to LPL Financial, the Plan's investment advisor, totaled \$79,382 for the year ended December 31, 2022.

Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

NOTE 6 - TAX STATUS OF THE PLAN

The Internal Revenue Service has informed the Company by a letter dated November 14, 2022, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC.

Net loss per Form 5500	<u>\$ (4,796,191)</u>

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

ACORN ENGINEERING COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ACORN ENGINEERING COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 8 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 17,822,808</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,822,808</u>
Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 22,296,754</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,296,754</u>

NOTE 9 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a group annuity contract with EAICA that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, participant transfers may be restricted for up to 30 days in the event of excessive trading.

ACORN ENGINEERING COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 9 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan's ability to transact at contract value with EAICA may be limited if the Plan is terminated. Upon termination of the group annuity contract, the Plan sponsor may elect to receive a payout of the fund at contract value or with a market value adjustment, as defined in the contract. If contract value is selected, EAICA may defer payment up to 12 months. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated all subsequent events through October 13, 2023, the date at which the financial statements were available to be issued. The Plan is not aware of any significant events that occurred subsequent to the date of the statement of net assets available for benefits, but prior to October 13, 2023, that would have a material impact on its financial statements.
