Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Steven-Robert Originals, LLC 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of change in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STEVEN-ROBERT ORIGINALS, LLC
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1: DESCRIPTION OF PLAN

The following description of the Steven-Robert Originals, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on August 1, 2014 to provide retirement benefits for employees of Steven-Robert Originals, LLC (the “Plan Sponsor”). The Plan covers all employees who have attained the age of twenty-one and have completed three months of service. The Plan is designed to comply with Section 401(k) of the Internal Revenue Code (the “Code”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Voya Institutional Trust Company serves as the Trustee.

On August 31, 2021 the Plan was restated to have Voya Institutional Trust Company to serve as third party administrator as well as Trustee.

On December 29, 2021, the Plan Sponsor was acquired by another company. There are currently no intentions to terminate the Plan.

On March 1, 2022 the Plan was most recently restated to increase automatic contribution percentages and exclude leased employees, residents of Puerto Rico, and part-time employees.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

Participant Salary Deferral 401(k) Contributions

The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the the Code. Employees are automatically enrolled into the Plan upon eligibility. The automatic enrollment contribution percentage is 4% of eligible compensation and the contributions will increase by 1% in the second through fourth year to a maximum 10%. Employees may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the Code, and they may choose to opt out of the automatic enrollment and automatic increase features. Participants may also make Roth after-tax elective deferral contributions.

Employer Discretionary Matching Contributions

The Plan Sponsor may make discretionary matching contributions, equal to an amount, to be determined by the Plan Sponsor. The Plan Sponsor made discretionary matching contributions of \$213,071 and \$227,977 for the years ended December 31, 2022 and 2021, respectively.

Employer Discretionary Profit Sharing Contributions

The Plan Sponsor may make discretionary profit sharing contributions to the Plan at the sole discretion of the Plan Sponsor. The Plan Sponsor elected not to make discretionary profit sharing contributions to the Plan in 2022 and 2021.

Rollover Contributions

Participants may make rollover contributions from another qualified plan.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, employer contributions and an allocation of Plan earnings, and an allocation of certain Plan expenses, as defined by the Plan document. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Allocations

The Plan allows participants the ability to self-direct their accounts between various investment options. Participants are allowed to invest their accounts in any one account or combination of accounts. Investment earnings and losses are allocated based on the actual earnings and losses in participants' self-directed accounts.

Vesting

Participants are always 100% vested in their elective salary deferrals and investment gains and losses credited thereon. Employer discretionary matching and profit sharing contributions, and gains/losses credited thereon, are also 100% vested.

Forfeitures

Forfeitures from employer contributions may be used to pay Plan expenses or reduce employer contributions. Forfeitures of \$45,448 in 2022 and \$103,669 in 2021 were used to reduce employer contributions. At December 31, 2022 and 2021, there were forfeitures of \$9,705 and \$27,233 respectively, available to pay Plan expenses or reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of their vested account balance, reduced by any outstanding loan balance. Principal and interest are paid ratably through monthly payroll deductions and loan periods range from one to five years, unless used for the purchase of a principal residence, then the loan period may not exceed ten years.

Excess Contributions Payable

Excess contributions payable represents amounts to be refunded to participants to comply with regulatory contributions limitations. Excess contributions are recorded as a liability in the accompanying statements of net assets available for benefits at December 31, 2022 and 2021, and as reductions to contributions in the statements of change in net assets available for benefits for the years then ended.

Retirement

Normal retirement under the Plan is the attainment of age 65.

Payment of Benefits

Payment of benefits may be made when one of the following conditions has been met: 1) normal retirement; 2) termination of employment of the participant; 3) upon demonstration of financial hardship; 4) death or disability of the participant; or 5) in-service upon reaching age of age 55 ½ .

The normal form of benefit payment is a single lump sum.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan and the Plan Sponsor at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Mutual funds and money market funds are stated at fair value, which is based on underlying quoted market prices when available. The guaranteed investment contract is a fully benefit-responsive investment contract and is stated at contract value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Changes in the unit values are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

Income Taxes

The Plan has obtained a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan is acceptable under Section 401(k) of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has determined that as of December 31, 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN

The following amounts were taken directly from statements provided and certified as complete and accurate by the Plan custodian as of and for the years ended December 31, 2022 and 2021:

	2022	2021
Mutual funds	\$ 4,410,425	\$ 5,458,582
Money market fund	\$ 9,705	\$ 27,233
Guaranteed investment contract	\$ 122,064	\$ 234,664
Notes receivable from participants	\$ 128,523	\$ 136,709
Net appreciation (depreciation) in fair value of investments	\$ (1,070,999)	\$ 621,878
Other income	\$ 3,974	\$ 4,273
Interest income, notes receivable from participants	\$ 6,496	\$ 7,547

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE 5: GUARANTEED INVESTMENT CONTRACT

Plan investments include an investment in a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company. Voya maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract's issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2022 and 2021, the contract value of fully benefit responsive investment contract was \$122,064 and \$234,664, respectively. Participants may ordinarily direct the withdrawals or transfer of all, or a portion of, their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited to the fixed account at an annual effective yield that is at least equal to the minimum guaranteed interest rate in the investment contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract permits the insurance company to terminate the agreement prior to the scheduled maturity date after five completed contract years.

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Underlying short term investments with quoted prices in active markets to preserve the value of the investment at \$1.00 per share.

The following tables set forth by level, within the fair value hierarchy, the Plan's financial assets that were accounted for at fair value on a recurring basis at December 31, 2022 and 2021:

<i>Assets at Fair Value as of December 31, 2022</i>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,410,425	\$ -	\$ -	\$ 4,410,425
Money market fund	9,705	-	-	9,705
Total assets at fair value	<u>\$ 4,420,130</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,420,130</u>
<i>Assets at Fair Value as of December 31, 2021</i>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,458,582	\$ -	\$ -	\$ 5,458,582
Money market fund	27,233	-	-	27,233
Total assets at fair value	<u>\$ 5,485,815</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,485,815</u>

NOTE 7: FORM 5500 RECONCILIATION

The Plan financial statements include differences in net assets and contributions from the Form 5500 as follows:

	2022	2021
Net assets per Form 5500	\$ 4,670,717	\$ 5,857,188
Excess contributions refundable	<u>(12,571)</u>	<u>(26,791)</u>
Net assets as reported	<u>\$ 4,658,146</u>	<u>\$ 5,830,397</u>
	2022	2021
Employee contributions per Form 5500	\$ 1,085,752	\$ 1,182,576
Excess contributions refundable	<u>(12,571)</u>	<u>(26,791)</u>
Employee contributions as reported	<u>\$ 1,073,181</u>	<u>\$ 1,155,785</u>

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments such as mutual funds, money market accounts, and the guaranteed investment contract are managed by the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are recorded in net appreciation (depreciation) in fair value of investments. Fees for certain expenses related to the administration of the Plan were paid by the Plan or the Plan Sponsor. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 10: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 12, 2023, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
