INDEPENDENT AUDITOR'S REPORT

Trustees and Participants
Intermountain Claims, Inc.
Employee Savings Trust
Pocatello, Idaho

Opinion

We have audited the accompanying financial statements of Intermountain Claims, Inc. Employee Saving Trust Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets, referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental schedules, we evaluated where the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - Description of Plan

The following description of the Intermountain Claims, Inc. Employees Saving Trust ("the Plan") is provided for general information purposes only. The Plan was renewed effective July 7, 2014. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan Administrator is responsible for oversight of the Plan. The Board determines the appropriateness of the Plan's investment offerings and monitors investment performance.

During the year, the Plan changed custodian from Nationwide to Principal Trust Company (Principal) an American Funds Services Company (AFS) "Custodian" to serve as custodian and to provide records keeping services for the Plan.

Eligibility and Contributions - The Plan provided for the Intermountain Claims, Inc. ("Sponsor") to contribute or not contribute a matching contribution to the Plan in an amount which is decided by the Board each Plan Year for all eligible employees who have completed at least six months of service and attained age 21. During the 2022 and 2021 year, the matching contribution was 4%.

Each year, participants may contribute up to 85% of pretax annual compensation, as defined in the Plan up to the IRS maximum deferral limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Trustee and Investment Manager - Ronda Robins, Mark Ingersoll, and Cindy Weigel serve as trustees.

Participant Loans - Participant loans are not permitted under the current Plan.

Investments - Participants direct the investment of their account balances to any one or more of the funds offered by the plan.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect either to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an installment distribution solely to the extent necessary to satisfy the required minimum distribution rules.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of Company discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Vesting - Participant account balances are fully vested and nonforfeitable for the portion attributable to employee and the employer discretionary non-matching and matching contributions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

**INTERMOUNTAIN CLAIMS, INC.
EMPLOYEE SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS**

YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative and Participant Loan Administration - Administrative expenses of the Plan are paid by the Sponsor.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were \$0, and \$0 excess contribution for the years ended December 31, 2022 and 2021, respectively.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2022 and 2021.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses paid by the Sponsor are excluded from these financial statements. Fees related to the administration of the plan are included in administrative expenses. Investment related expenses including transactions fees are included in net appreciation of fair value of investments.

EMPLOYEE SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS**

YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 3 - Federal Income Tax Status

The plan received a determination letter dated July 7, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not been amended since the latest determination letter. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statement.

NOTE 4 - Tax Status and Open Tax Years

Intermountain Claims - Employee Savings Trust is an defined contribution Plan (Plan) which is not subject to income taxes.

The Plan adopted ASC Topic 740-10, Accounting for Uncertainty in Income Taxes, which prescribe a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken in a tax return. For those benefits to be recognized, a tax position must-be-more-likely-than-not to be sustained upon examination by taxing authorities. For the years ended December 31, 2022 and 2021, the Plan had no material uncertain tax positions to be accounted for in the financial statements under the rules. The Plan recognizes interest and penalties, if any, related to unrecognized tax benefits in interest expense.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - Related-Party Transactions and Party in Interest Transactions

Plan investments are managed by Nationwide Insurance Co. through July of 2022 and Principal from July through December 2022 as the asset custodian and record-keeper for the Plan. These services qualify Nationwide Insurance Co and Principal as party in interest. Nationwide Insurance Co and Principal also provided a guaranteed investment contract that is considered a related party transaction. Other parties in interest would be Deaton & Company, as they audit the financial statements and Pension Plan Specialists, PC as they are consultants for the Plan.

NOTE 6 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**INTERMOUNTAIN CLAIMS, INC.
EMPLOYEE SAVINGS TRUST
NOTES TO FINANCIAL STATEMENTS**

YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 6 - Fair Value Measurements (Continued)

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchased and sales) may occur daily. Where the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. As the NAV is available to current investors and is the basis for current transactions, the collective trust funds are reported as a level 1 input.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at year end:

NOTE 7 - Guaranteed Investment Contract With Nationwide Insurance and Principal Company

In 2022, the Plan transferred its fully benefit-responsive guaranteed investment contract with Nationwide Insurance Company to Principal Life Insurance Company (Principal) totaling \$115,078, for 2022 and \$434,592 for 2021. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting rate is based on a formula established by the contract issuer. The credit rate is reviewed on a quarterly basis for setting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTES TO FINANCIAL STATEMENTS**

YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 7 - Guaranteed Investment Contract With Nationwide Insurance and Principal Company (Continued)

The average yields earned by the guaranteed investment contract as of December 31, 2022, were 1.41% (first quarter), 1.41% (second and third quarter), and 1.49% (fourth quarter) for Nationwide and 3.05% (first and second quarter) and 4.05% (third and fourth quarter) for Principal and for December 31, 2021, Nationwide's rates were 1.47% (first quarter), 1.42% (second quarter), and 1.41% (third and fourth quarter).

NOTE 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - Rollovers Contributions

An aggregate of \$145,067 and \$37,865 was rolled into the Plan during the years ended December 31, 2022 and December 31, 2021, respectively, and is included in rollovers on the statement of changes in net assets available for benefits.

NOTE 10 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants are fully vested in both employer and employee contributions.

NOTE 11 - Subsequent Events

The Plan has evaluated subsequent events up to October 13, 2023, the date the financial statements were available to be issued.

NOTE 12 - Reconciliation of Financial Statements to form 5500

The plan had no reconciliation differences between the plan and the form 5500 for the years ended 2022 and 2021.
