Independent Auditor's Report

To the 401(k) Plan Administrative Committee
Saltchuk Companies 401(k) Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Saltchuk Companies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of the Saltchuk Companies 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Saltchuk Resources, Inc. (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a defined contribution plan covering employees of the Company and all subsidiaries of the Company.

Eligibility - The Plan excludes leased employees, nonresident aliens, certain residents of Puerto Rico and interns. Union employee participation is determined by the collective bargaining agreements and certain union employees are excluded. The Plan also excludes temporary, casual or on-call employees (Temporary Employees) unless they are 18 and have completed one year of service and are employed on the last day of the plan year, at which point the Temporary Employees are eligible on the following day. All other employees who have attained age 18 become eligible to participate in the Plan upon commencing employment.

Employee Groups - The Plan has certain provisions for employees that were previously in the Foss Maritime Company 401(k) Plan (the Foss Plan). Employees of the Foss Plan who are members of a collective bargaining unit and are employed at Saltchuk Marine, LLC (Saltchuk Marine) and employees at Young Brothers, LLC who are union employees and provided for in the collective bargaining agreement are referred to as Tier III Employees (Tier III Employees). Employees of Saltchuk Marine that are covered by the collective bargaining agreement with Inlandboatmen's Union of the Pacific, Columbia River Region are considered Tier IV Employees (Tier IV Employees).

The Non-Trucking Group is defined as the "Saltchuk Companies Non-Trucking Separate Line of Business." The Trucking Group is defined as the "Saltchuk Companies Trucking Qualified Separate Line of Business." Effective January 1, 2023 the Plan was amended to remove separate groups for Trucking and Non-Trucking and all eligible participants will receive the safe harbor matching contributions effective on that date.

Contributions - Employees may elect to defer up to 80% of their compensation as pre-tax 401(k) or Roth 401(k) contributions and up to 10% of their compensation for after-tax contributions. The Plan has adopted an automatic enrollment feature under which new employees (with the exception of employees of Hawaii Petroleum Inc. and union employees covered by a collective bargaining agreement for which the agreement does not provide for auto enrollment) are enrolled with a 2% pre-tax deferral unless they formally waive participation or elect a different participation level. The rate for participant's automatically enrolled in the Plan increases by 1% per year to a maximum of 15%. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible defined benefit or defined contribution plans (rollover).

Foreign Vessel Officers (FVO's) are permitted only to make after-tax contributions.

Note 1 - Continued

The Company makes the following nondiscretionary employer contributions. Matching contributions are not on after-tax unless stated:

Employer Group	Employer Contribution
Non-Trucking Group	Safe Harbor Match of 100% up to 4% of eligible compensation.
Trucking Group	Match of 100% up to 3% of eligible compensation.
Tier III Employees	Entitled to no employer contributions.
Tier IV Employees	Nonelective 3% of gross wages plus 0.5% of gross wages until the Rehabilitation Plan for the IBU National Pension Trust expires.
FVO's	Safe Harbor Match of 100% up to 4% of eligible compensation, eligible to receive match on after-tax contributions.

True-up contributions are at the discretion of each participating employer. All employers elected to make a true-up contribution for the year ended December 31, 2022.

The Company may also make discretionary nonelective contributions. In the event a nonelective contribution is elected, each participating employer has two options for the discretionary nonelective contributions. Employers can either elect 3% of eligible compensation plus 3% of eligible compensation in excess of social security wages (the Integrated Formula) or they can contribute up to 3% of eligible compensation for all employees that have 10 years or more of service (the Service Based Formula).

The following nonelective contributions were approved for the year ended December 31, 2022:

Employer	Discretionary Nonelective Contribution
Saltchuk Resources, Inc.	Integrated Formula
Saltchuk Marine and all Subsidiaries of Saltchuk Marine	Integrated Formula
Delta Western, LLC	Integrated Formula
NorthStar Energy, LLC	Integrated Formula
Northern Oilfield Solutions, LLC	Integrated Formula
TOTE, LLC	Integrated Formula
TOTE Equipment, Inc.	Integrated Formula
TOTE Maritime Puerto Rico, LLC	Integrated Formula
TOTE Logistics, LLC	Integrated Formula
TOTE Maritime Alaska, LLC	Integrated Formula
TOTE Resources, LLC	Integrated Formula
TOTE Services, LLC	Integrated Formula
TOTE Shipholdings, LLC	Integrated Formula
Birdsall, Inc. and all Subsidiaries of Birdsall, Inc.	Service Based Formula

All other employers did not have a discretionary nonelective contribution for the year ended December 31, 2022.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1 - Continued

Participant Accounts - Each participant's account is credited with an allocation of (a) Company contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Participants are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's nonsafe harbor matching and nonelective contributions is based on years of continuous service. The Plan includes grandfathered vesting for certain contributions that were accumulated prior to merging into the Plan as defined in the plan document. Vesting for contributions other than salary deferral and safe harbor matching contributions is as follows:

Employer Contributions	Vesting
Non-Trucking Group Nonelective Contributions	6 Year Graded Vest
Trucking Group Matching and Nonelective Contributions	2 Year Cliff Vest

Forfeitures - Forfeitures may be used to reduce future Company contributions, pay administrative expenses of the Plan or to restore employee accounts that return to work. The Company used approximately $580,000 in forfeitures to offset employer matching contributions for the year ended December 31, 2022. As of December 31, 2022 and 2021, there were approximately $109,000 and $213,000, respectively, in unallocated forfeitures available for the Company to use as described above.

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive an installment, annuity or lump-sum distribution equal to the value of the participant's vested interest in their account. Participants who have attained the early retirement age of 55 may also elect to receive a distribution of all or any portion of their account balance prior to termination of employment (in-service withdrawals). The Plan allows for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan and after-tax contributions to the Plan. Additionally, the portion of the participant's account attributable to the nonelective contribution account transferred from the TOTE Services, Inc. Retirement Plan (the TOTE Plan) into the Totem Ocean Trailer Express, Inc. Retirement Plan are eligible for in-service withdrawal after 60 months from the participation date the participant first entered the TOTE Plan.

Notes Receivable From Participants - A participant may borrow the lesser of $50,000 or 50% of their vested balance, with a minimum loan of $1,000. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. The interest rate is set at 1.0% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 - Continued

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits - Benefits are recorded when paid.

Investment Management and Administrative Expenses - Administrative costs for investment consulting and recordkeeping services are paid by the Plan. Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Transaction based fees for loans and distributions are charged directly to participant accounts. The Company may elect to pay other expenses related to the Plan's administration.

Subsequent Events - The Plan's management has evaluated subsequent events through October 9, 2023, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 - Continued

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds - The funds are composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the collective trust funds. The NAV is used as a practical expedient to measure fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Self-Directed Brokerage Accounts - Accounts primarily consist of cash, mutual funds and common stocks that are valued based on readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Fair Value Measurements as of December 31, 2022

(a) In accordance with Financial Accounting Standards Board Accounting Standards Codification Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments in excess of 5% of net assets available for benefits for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021, respectively.

	2022 Fair Value	2021 Fair Value	Redemption Frequency	Redemption Notice Period
Vanguard Target 2020	$ 37,280,393	$ 55,102,713	Daily	None

Note 4 - Certified Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held as of December 31, 2022 and 2021 and investment income or loss for the year ended December 31, 2022, that are disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity). The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Certain plan investments are shares of mutual funds managed by the Fidelity and its affiliates. Transactions with such investments and fees charged by Fidelity and its affiliates for managing investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. The Plan also issues loans to participants which are party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status

The IRS has determined and informed the Company by a letter dated October 17, 2018 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan also received an opinion letter from the Puerto Rico Treasury Department dated July 7, 2021 indicating the Plan meets the requirements of the Puerto Rico Revenue Code. Although the Plan has been amended since receiving the determination letters, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in a combination of investment securities such as stocks, bonds, and others. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
